

September 29, 1965

Dr. Leo Cox
Marion College
Marion, Indiana

Dear Leo:

I have written to each of the men pursuant to our phone conversation of last Monday. This means that our program should be complete with the exception of the replacement for Colonel Tripp. I am much relieved. Dr. Willard Taylor may have to have a different spot on the program because of the necessity to meet other obligations, but I assume the Executive Committee would grant me this liberty in preparing the official program.

We are developing a good mailing list. Almost daily there are inquiries about W.T.S. We are not only writing these men now, but they will be included in the mailing in mid-October. We do plan to have the program in the mail October 15.

What is your suggestion with reference to the enclosed letter from Dr. Knox? I appreciate the project which they have in mind, but I must confess that I am uneasy about using the W.T.S. Conference to hang on other events. It would be my suggestion that we invite them to meet either before or after the W.T.S. sessions or perhaps after the Friday evening Rally.

Sincerely yours,

Merne A. Harris
Secretary Wesleyan Theological Society
