August 17, 1966

Dr. William Arnett  
Asbury Theological Seminary  
Wilmore, Kentucky

Dear Bill:

Thank you for your letter of August 9. It was good to hear of the reports of your camp meeting ministry. We were at Hastings, Michigan Camp last week, and there were several of the people there who had also been at Eaton Rapids and reported the blessing of that camp. Our experience at Hastings was unusual - such an open and free movement under the impact of the ministry of the Holy Spirit. Dr. H. K. Sheets was my co-worker there. I think that Mrs. Harris and I feel that this has been the best camp meeting season we have ever known, and it certainly did get off to an excellent beginning as we worked together with you at Chambers.

Thank you for the information concerning the Wesleyan Historical Society. I found the article concerning the formation of W.T.S. very interesting, and we shall certainly enter our subscription for future copies of the Proceedings. Thank you for your helpfulness in this respect.

I am glad that Dr. James has consented to participate in the fall program. I trust that the Lord will continue to help you and guide you as you try to get the rest of the program in shape. I think that when we go outside the membership of the society that we do have an obligation for traveling expenses, and for that reason I would be in favor of your offering Dr. Walters that much although we cannot extend an honorarium.

I will be happy to receive your information concerning accommodations. If we can have the data about meals, rooms, reservations and transportation, that will be adequate.

Sincerely yours,

Merne A. Harris  
Secretary
