Marion, Indiana

Dear Brother Carter:

Thank you for your letter of February 12. It is obvious that you and your committee have been working hard on getting the bulletin for W.T.S. printed. I think that the offer from Pilgrim Press is the best that can be done. Admittedly, the bid from Morris Printing Company is about \$36.00 cheaper, but we have had some problems with them in the matter of deadlines. They have printed our catalog, and on more than one occasion I have had to go to Waterloo and sit in their office and read the galley proofs in order to expedite the matter.

I do not have a recent statement from Ralph Thompson, but as I told you recently, it looks to me as though we would have enough money to go ahead with the Pilgrim Press offer along with the subsidy of \$100.00 from Dr. Geiger.

I am, therefore, writing Dr. Taylor suggesting that he contact the members of the Executive Committee and give you their authorization at the earliest possible moment to go ahead and engage Pilgrim Press for this work.

Sincerely yours,

Merne A. Harris  
Secretary Wesleyan Theological Society
