Dear Charles:

Thank you for your letter of May 3rd containing your personal check (\$5.00) in payment of James A. McLaren's dues. I also received Kenneth Jones' dues April 6th. or thereabouts.

Can you tell me James McLaren's denominational affiliation? I shall need it when we publish the Directory.

I appreciate receiving the lists of members. I have been able to fill in several items of data which I was lacking. I am returning one of the lists to you with data written in which I have received this year. I notice that you have Rev. Raymond Bryant's address at Vennard College. Information which I received indicated that he is at 550 S. W. 146th St., Seattle, Washington 98166. I wonder which is correct? Is Thomas J. Ramundo living at Addison, Ill.? He was a pastor in Chicago the first of the year. For Rev. George F. Shiltz I have 1006 Concord Ave. while you have 790 S. Arlington. Which is correct? Could one be the church address and the other the address of the parsonage?

Christianity Today will not publish my article on abortion.

I think you should continue on as editor of the Journal while you are in Taiwan. Of course, if you should decide to stay for several years, probably you should resign.

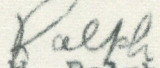

I got a cablegram today from Harry Winslow wanting to know our answer with respect to teaching in Taiwan next year. I had sent him an air mail letter the first of the week telling him that our sabbatical is only for the second semester and asking him if he still wants us to come. But evidently he had not received it.

Thirty-three new members have been officially accepted into the WTS so far this year. Others are in the

hopper. Of these thirty-three, you had written their names on sixteen of them. I believe I just sent you that list. Since sending it, however, the name of Roscoe Townsend has been added.

These must be busy days for you, getting ready to go to Taiwan. May God give you strength and direction in all.

Cordially,

W. Ralph Thompson
