The Student Body Council is a representative group of students chosen from the Student Body to serve as a planning and governing body for the Divinity School Students.

The student government has as its primary purpose to create a sense of community among the students of the Divinity School. Opportunities are given for the expression of opinions and for the taking of action on matters of importance to our school.

The Student Government has approved and co-operated in the following projects: the orientation program for new students, the publication of THE DUKE CIRCUIT RIDER, the athletic and social programs, and the refugee program. It is hoped that the activities which are provided by the Student Government will help to bring each student in closer fellowship with his fellow students, with his fellow men, and with God.

THE SPIRITUAL LIFE COMMITTEE

In order to strengthen the spiritual life of the student body, the Spiritual Life Committee sponsors the chapel services, dorm prayer groups, and the spiritual life retreat.

THE SOCIAL ACTION COMMITTEE

One of the main emphases of the Social Action Committee this year has been the segregation problem. It has sponsored the open discussions on the race question and assisted in sponsoring the prayer vigil.

THE MISSIONS COMMITTEE

The purpose of the Missions Committee is to keep the students interested and informed in home and foreign missions. This is done through the regular meetings of the Mission Fellowship and the annual Missions Symposium.

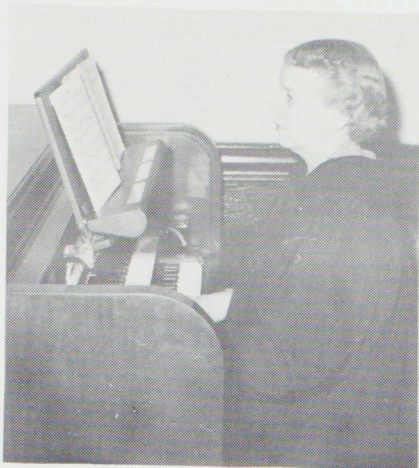

Duke Endowment

The purpose of the Duke Endowment Student Association is to provide fellowship, to stimulate interest in the ministry, and to provide means for its members to prepare themselves for their summer activities. The membership is open to those who have worked on Duke Endowment, plan to work on it, or are interested in participating in and benefiting from its program. DESA is our organization for helping ourselves. It plans its program to meet the greatest needs of those students participating. During this school year, meetings on the following subjects have been held: The Devotional Life of a Minister, Recreation Laboratory, Youth Work, Adult Work, Worship Laboratory, and Preaching. It is impossible to estimate accurately the value of these meetings.

Divinity School Sports

The Divinity School has been one of the strongest competitors in the Duke University's intramural system. This year the football team sought to repeat its undefeated season and University championship of last year. The 1956-57 team went undefeated in regular season play, but lost the championship game (6-0) to a strong Phi Delta Theta team, thus breaking an eighteen game winning streak.

Basketball season produced two very promising teams. The last big team sport in the spring is softball, and we are looking for a possible University championship here. We just missed last year with a seven-one record. Interspersed among these team sports are many individual sports such as handball, tennis, and track. These activities which were entered into just for fun provided much enjoyment for both players and spectators.

EDITORIAL STAFF: Jewel Jones, Mable Nance, Mary Jo Whitted

How will we get the money? Who will make the pictures? These questions and many more confronted the staff as they prepared for the book you now hold . . . THE DUKE CIRCUIT RIDER of 1957.

Six tired but wiser people dashed about madly trying to collect pictures, arrange schedules, collect ads, typing copywork and drawing the dummy pages. It has been hard work, but rewards have been seen.

The staff has not been in this by ourselves. Our appreciation goes to Don Beaty for the Student Body Council copy; to Mrs. Louis Hodges for the information concerning the Divinity Dames; to Conrad Glass and Dr. Walton for the Duke Endowment report; and to Bob Claytor for an account of the year's sports. Again we would like to express our heartfelt thanks to Dean Cannon and Miss Kendall for supplying encouragement and necessary data.

The editor was fortunate to have three of last year's staff return. Jewel Jones again did a fine job helping to edit pictures and typing copywork. Mary Jo Whitted was a whiz drawing the dummy pages, editing copy, and doing any other job that had to be done. Lisle Rath's technique for converting the life of the Divinity School into drawings was again successful. The newcomer to the staff, and one that we could not have done without, was Mable Nance. The clicking noise of her camera in classes, halls, and dope shop helped to provide the fine snapshots. My greatest appreciation goes also to Mickey Fisher who had a tough job collecting ads, but kept an optimistic spirit through it all. Without the help of these and others the 1957 DUKE CIRCUIT RIDER could not have gone to press.

BISHOP GERALD KENNEDY, GRAY LECTURER

DAVID A. MacLENNAN, CONVOCATION PREACHER

The CIRCUIT RIDER of old pitted his strength daily against the hardship of travel, of inclement weather, of long weary hours in the saddle. His was not an easy life, and financial remuneration usually came in the form of lodging and gifts.

A modern seminary student's or minister's life often carries financial worries, too . . . but there is a modern way to help offset them—INSURANCE.

Write us for details on our Seminarian policy providing Sickness, Accident, Hospital and Surgical protection — the policy is offered either to individuals or to your Seminary group as a whole (the latter at reduced rates). We'll be glad to send information—no obligation on your part, of course.

Yes, your church can afford a real pipe organ...

THE ARTISTE BY MÖLLER

To meet the pipe-organ needs of the small church and chapel, M.P. Möller created the incomparable Artiste. Smaller in size and simpler in design—yet retaining famous Möller tonal qualities—the Artiste offers a *true* pipe organ at a cost competitive with other types of instruments.

The Artiste is available in three-stop, four-stop and six-stop models. Prices range from \$4,475* to \$8,250*, including installation.

**Price slightly higher in the West*

The ARTISTE pipe organs include attractive cabinets to enclose mechanism and pipes.

Only PIPES can furnish true ecclesiastical tone. Shown at left are the 233 pipes in the three stop ARTISTE. If organ chambers are available, the pipes and mechanism can be installed in these chambers.

For complete information and specifications, write for new Artiste folder.

Sound reasons can be given for such fidelity.

MAAS-ROWE BELL TONES

sound in tune to the
most critical ear!

The Maas-Rowe Symphonic Carillon is the only bell instrument which gives the organist a choice of major and minor tones for each note. This is the result of two bell tones per note—one tuned to a minor and the other to a major tonality. Now you can play in perfect concordance at all times!

HEARING IS BELIEVING!

Compare the Symphonic Carillon with any other bell instrument, regardless of cost. Let your own ears be the judge! Write for full details.
