Dear Brother Rose:

Greetings in the name of our Saviour.

The subject of my paper is, "The Present Possession of Perfection". Perhaps we should add based on the 1<sup>st</sup> Epistle of John. My plan and purpose is to show, by the use of the greatest ones, that perfection has been attained and is now present and working in the hearts of men.

Some consideration, as time permits, will be given to the practice and principle of sin. It is also my hope to set forth evidence that Christian perfection is "purity of Heart". Some look upon perfection as an ethical code.  
Looking forward to seeing you. In Christ  
O. D. Lovell
