Dear Dr. Rose:

Please give me your reaction to the following tentative decisions. The membership list will be left out of the Journal because of cost. We will print 2000 copies as last year. McGonigle's article, will be left out because of its length. I am soliciting an ad from Eerdman's which will help \$50.00 worth.

I am having some difficulty with the production of the Journal, not being persuaded that I can do it all at a distance, using the typist in Marion as well as the printer in Ann Arbor. Apparently Dr. Carter was able to get special rates in both cases. It will cost more to do it here, even the typing. Will seek to do it the cheapest way and still get a good job, but it will probably be higher. Will keep in touch.

Am having some difficulty with two articles. Bassett's hasn't come yet, after several appeals. Thompson's will need a lot of editing. But hope to meet February 1 deadline.

I trust this finds your family well. Esther joins in Christmas greetings to you and Mrs. Rose.

Cordially in Him,

Harvey
