Dear Dr. Rose:

Dr. Ralph Perry just shared with me the idea for a one day holiness seminar on our campus similar to the ones which led to the publication of Insights into Holiness. I believe we would welcome such a group of scholars sponsored by the Wesleyan Theological Society and would be glad to cooperate. However this sponsorship would depend upon what is expected of us in regard to financing, entertainment and a satisfactory date.

Neither Dr. Perry and I have had opportunity to speak with President Reed regarding this idea. He is involved this week with the annual meeting of our Board of Trustees. Perhaps we shall have opportunity to discuss this with him after the rush is over, but I believe he will be open to the idea.

We shall await your details and expectations before a definite commitment can be made.

Sincerely,

J. Ottis Sayes  
Chairman, Division of Religion and Philosophy  
Director, Graduate Studies--Religion
