

*Delbert, Dr. Dieter's former letter
asked about "logistics". Do you want me
to tell him such matters are the personal
planning and expense of each member - or, in
his case, is there some other word? I think
all the other people understand this.*

Mildred

Dr. M.E. Dieter
General Sec., Educational Institutions
The Wesleyan Church
Marion, Ind.

Dear Dr. Dieter:

We are delighted that you are finding it possible to be with us this fall (Nov. 2 and 3) for the Wesleyan Theological Society Meeting on the Asbury Seminary Campus. This is, as you may know, the time of the Fiftieth Anniversary special observance. It will most fitting for you to deliver the particular paper which you have in preparation for us. Dr. Stanger has invited us to meet with the seminary students and faculty in the 10 a.m. chapel service so you will have a good audience. You will, no doubt, hear from Dr. Stanger about this service since we have told him our plans for it. Perhaps he can advise you more directly about the length of the paper. We will be turning the service over to the chapel committee and will fit into their plans, I hope that you will be given enough time to round out the interesting subject you have for us.

Since our program committee must hold our "meetings" via the P.O. our speed in getting word to folk regarding the program details may be somewhat less than speed.

You will hear from us again about any matters of your inquiry and concern.

Very Sincerely Yours in Christian Service

Mildred Bangs Wynkoop
