

March 5, 1973

Dr. Frank Bateman Stanger
President
Asbury Theological Seminary
Wilmore, Kentucky

Dear Dr. Stanger,-

We are in the process of putting a program together for the fall meeting of the Wesleyan Theological Society. The Society has accepted the kind invitation of Asbury Seminary to meet on its campus. I recall that the second annual meeting of this Society was in Wilmore and that it was the first meeting for me as we returned from missionary service in Japan.

Dr. M.E. Dieter, General Secretary of Education of the Wesleyan Church has found it possible to be with us and has agreed to deliver a paper on the European dimension of the 19th century holiness revival. We had asked him to give his paper during the morning of Friday. Your very gracious invitation to make it a part of the Chapel service on that day is most agreeable to us, of course. It will give a wide exposure to a very important and interesting aspect of the Holiness history. Just to be real honest we were sort of expecting that this plan might be agreeable to you. So we thank you most heartily.

Just as soon as more of our program is confirmed I will inform you of the details. We appreciate so much your interest and cooperation with the Society.

Very Sincerely

Mildred Bangs Wynkoop
