Dear Brother Lovell:

The enclosed check for \$25.00 is for twenty-five copies of the W. T. Journal which I have sold. I was much embarrassed that it was so slow coming from the printer. Doubtless Dr. Rose gave you some of the reasons.

During the process of editing I spent \$30.00 for postage, phone calls, and Xeroxing of papers for members of the committee. There is no charge for secretarial work.

You may have heard of my projected move to our college in Manchester, England. Our going has been delayed until the first of the year, so I will be here for the fall meeting. I want to make some inquiry concerning a printer for the 1974 Journal, since even Dr. Rose has suggested not going back to Asbury again. Doubtless it will cost us more next year and I want some figures to present to the November meeting. We could go back to Edwards Bros., the difficulty there being to find someone with the correct machine to get the copy ready. Dr. Carter had used a Mrs. Munday who was not available last fall. I will get some figures from our printer here. And perhaps other members of the Executive might have some leads.

I trust you had a good school year and enjoy a good summer vacation.

Cordially yours,

Harvey J. S. Blaney

Dear Robert;

Since I will be here through this year, am I to suppose that I will continue as Chairman of the Editorial Committee? If so I would like to correspond with those who give papers and have them in better shape than they were this year. — It doesn't look like Mildred Wyntkoop will leave Treneer. We are in a bind here, thus my delay in leaving. Do you have any suggestions for printing next year? — I will get a price from Sullivan Inc.

Cordially Harvey
