Dr. Harvey J. S. Blaney  
EASTERN NAZARENE COLLEGE  
Wollaston, MA 02170

Dear Harvey:

Well, Mildred, O. D. Lowell and I had a very profitable meeting in Indianapolis last Monday. It looks as though the program is completed, except the confirming of individual roles that the different participants are to fill. It looks like we have a strong and appealing program--which along with Asbury Seminary's 50th Anniversary Observance ought to draw several to Wilmore next November 2 and 3.

We'll surely miss you, but understand that oceans are not as readily crossed as the land-miles! We hope you the very best as you take your leave of our shores.

May I request that you make as one of your first extra-curricular activities the organizing of a British Isles chapter of the W.T.S.

I know that Pastor McGonigle would be interested, as well as the head of the holiness school that just recently aligned itself with the Free Methodists--Mr. Banks. I believe his work is located at Birkenhead--or some such place. We'll send you all the information we have on interested individuals over there that we've contacted there far.

Mildred shared that she had been given quite an offer, and would be needing Divine Guidance in these next few days and/or weeks. We're praying for her...in this regard.

Enclosed is the WTS JOURNAL. It has its defects, as you can readily see. We're "stuck" with it this year, but will surely not take anything of any magnitude--as the WTS Journal--back to him again. Under separate cover I'll be sending you the copies that you requested. This just came from the PRESS today--so you're getting it "hot" from the "trimming machine."

I'll close soon now.

Yours because His,

DEBBIE D. POST
