Dear Bro. Rose:

It was good to have fellowship with you during the time of our Convention in Portland, Oregon. Your lovely spirit is always an inspiration to me in the things of the Spirit.

Now you are likely informed that I telephoned to your residence and spoke to Mrs. Rose with regard to having a committee session with you Monday, July 16 at the Ramada Inn, Louisville, Ky. Mrs. Rose indicated that your schedule would be open and she felt you could attend. We are therefore proceeding with our plans for meeting together. The Committee to work with you are - Dr. B. Edgar Johnson, Bishop Myron Boyd and myself, with Mr. Hermiz as a resource person. We are inviting you to meet with us for lunch at 12:00 noon in the coffee shop at the Ramada Inn. We would hope that our Committee time together would be completed by 3:00 or at the latest, 4:00.

The work of our Committee can be enhanced if you are prepared to bring written statements in the following three areas -

- a. A statement on the nature and extensiveness of your research notes and their accessibility to another writer, if the Committee would decide to go that route. This would be in keeping with your statement to us in Portland.
- b. A specific statement on the portion of the manuscript currently completed.
- c. A complete and specific statement on cost to the CHA to date, including any that was already paid and of course the unpaid amount.

If there are any questions, please write freely. I do look forward to this time together and believe the Holy Spirit should make it a help in best serving the constituency of the CHA.

Blessings to you dear brother.

Sincerely in Him,

  
Henry A. Ginder
