Dr. Laurence W. Wood
Rochester, NY

Dear Dr. Wood,--

Dr. Delbert Rose and I have been talking about the Wesleyan Theological Society program for the coming fall meeting in Wilmore, Ky. (Nov.2-3). The session on Wesleyan Hermeneutics needs another panelist. We would like you to serve on this panel--vocally, you know. We feel this is one of the most important aspects having to do with contemporary Wesleyanism and so have given more time to this session than to any other. We believe that you could contribute real insight to the discussion.

A tentative program accompanies this letter, with a letter of instruction to all the participants. This may help in orienting you to the program.

May we expect you?

Very Sincerely

Mildred Wynkoop--Chairman-Program
Committee
