Dear Dr. Sider, -

Don Dayton made me aware of your interest in the Peace/War issue. The Wesleyan Theological Society program committee would like you to be one of those or four people who attended the recent Seminar (Winona Lake) to give a report of the issues discussed - or reading discussion. Don thought you would be willing to do this for us. The annual meeting will be in Wilmore, Ky., Nov. 2-3. I am enclosing a rough draft program with an instruction sheet which I am sending to every participant in our first step before printing the program. Your voice would be new to us and most welcome. Don surely gives you a good word.

Let me know as soon as you can at your convenience. We hope you can find it possible to share fellowship with those of WTS.

Sincerely

Malcolm Wyrkoop
Chairman
