Dear Delbert, -

I am attempting to arrange my affairs so as to be able to attend the CHTA mtg. Oct 3 in Indianapolis. In fact, I've made a reservation at the Airport Hotel. I'll probably stay over the night of Oct 3 and drive home the 4<sup>th</sup>, so we could confer over WTS matters after the CHTA sessions are over, should there not be time during the day.

I am not absolutely certain about my resignation but we must set up provisions in the by-laws for emergency of this sort. I will ask you how expensive the president's tasks are and confer with my doctor about the advisability of continuing. I am unable to resist the calls to give lectureship (colleges, and now a ministers and laymen's conference in Michigan early in the new year) on various Kolvin's emphases. Some things are just so attractive and fill so much a sense of call and divine direction that they are irresistible -

Sincerely,  
Melbaud

Dear Doctor,

I am attempting to arrange my affairs so as to  
be able to attend the CMAA Mtg. Oct 3 in Washington  
D.C. I will make a reservation at the Airport Hotel.  
I have also arranged to have the right of Oct 3 and have done  
the same. As we could confer with WTS members after  
the CMAA session we may, please, have me  
during the day.

I am not absolutely certain about my arrangements but  
we must get up tomorrow in the afternoon for  
of the Mtg. I will see you then explain the procedure.  
I hope you will confer with my doctor about the  
arrangement of continuing. I am unable to travel  
the call to your doctor's office (Seattle) and will be  
and I hope to confer in Washington early in the next year.  
I am very sorry to hear of your illness. I hope that you  
no attention and feel as much as I can I will call and  
directed that they are invited to -

Respectfully,  
Michael
