Dear Brother Friend:

It is great to have such an understanding brother as you are! I appreciate your open willingness to forward the work of the Lord through WTS and I shall, indeed, be most happy for you to hand the 1976 issue of the Journal to students at WTS who have recently been approved by the membership committee. They are as follows:

Crispina Estaris  
Rod Kalajainen  
Dean McPherson  
Frederick Schmidt, Jr.

I note that in each case your name is on their application form as the person who recommended them to membership. If any of them should happen not to be at Asbury now I can mail the Journal to them. I have a letter of welcome address to each of them as new members to the Society ready for today's mailing.

I am also sending you 12 copies of the 1970 Journal, Volume 5, as per your request. If you should need additional copies of any of the Journals I shall be happy to send them. Brother Lovell sent me two dozen copies of Volume 6, 1971 issue, so I have only a limited number of them.

May the Lord give you an added blessing for all you do and mean in His glad service.

In Gospel love,

*Wayne E. Caldwell*
