Dear Bill:

Thanks for your help in transferring the secretary-treasurer's job and materials to me. I want also to express my personal appreciation for the excellent job you have done, in so many ways, as secretary-treasurer of WTS over the past five years. I will do my best to carry on the tradition you and Wayne Caldwell have established.

I picked up the things you left for me in your basement, and will process the applications, journal orders, etc., right away.

Please send me a copy of the minutes of the annual meeting as soon as you have them done. I would appreciate a signed copy so that I could put it in the minutes book.

I am sure I will have questions from time to time, so I may be in touch.

Yours, in Christ,

Howard A. Snyder
