Dear Dr. Keefer:

We at United are so excited that you have accepted our invitation to host your annual meeting in 1994. I hope you don't feel our invitation was based on just the interests of two people. This is an institutional invitation and we hope you see it that way also. We will, of course, expect to be in touch as the time draws closer so we can make specific arrangements.

Warmly,

A handwritten signature in blue ink, appearing to read "Leonard I. Sweet", is written over the typed name. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
