

Dr. Snyder
June 28, 1990
Page two

I have been getting a lot of response back since the journal went out. Quite a few journals have been returned with new addresses or addresses unknown. These changes have to be made in the computer and on the cards. Also people are sending in their dues so I have quite a few of those to process. It is going to be sometime before I can process all of this with my part time hours. Do you want me to hire someone to come in and help get this all caught up or shall I just proceed as I can? Let me know.

Incidentally, the post office was charging us the wrong rate on the returned books. The cost is only \$1.30 each. Certainly better than what they had said at first!

The supply of journals is getting low for the following years. Do you want to order any more printed?

1968	- 73 copies left
1970	- 50 " "
1979 (Fall issue)	- 19 " "

I'll have some more items to send you soon.

Sincerely,

Patricia Walls

Patricia Walls
Office Manager

THANKS! GOOD WORK.
