Dear Dr. Snyder:

I recently received the 1989 volume of the Wesleyan Theological Journal and by receiving it have been reminded that I must be terribly behind in the paying of my membership dues. If memory serves me correctly, the last communication I had concerning membership was with Dr. Arnett in the early part of 1989. At that time I was preparing to leave South Africa for a year of furlough and study at Boston University, and since have been in language study in Portugal in preparation for a new teaching assignment in Mozambique. At present I am filling a temporary teaching assignment at Swaziland Nazarene Bible College here in Siteki.

I would be most grateful if you could make note of my current address and also let me know how much I owe in back membership dues so that I can get caught up to date.

Thank you so much for your assistance.

Sincerely yours,

David W. Restruck
