Dear Dr. Snyder,

Enclosed is my check for my 1992 W. T. S. membership dues. I would appreciate it if it were deposited as soon as possible.

I would like to buy the following back issues of the W. T. S. Journal:

Vol. 2, No. 1 (1967).

Vols. 8-21 (1973-1986).

Is there a database of the W. T. S. Journals? If not, may I suggest that, in the future, such an alternative be considered for the membership and others who may be interested? If the Journal is printed from computer-generated type, it seems that it would be quite easy to produce copies of these disks in MS-DOS format or Mackintosh format. With these disks, it would be simple for one to compose a database to aid research. In this respect I am thinking of the whole Journal being on a diskette, not just a replication of what is available in an index of theological periodicals. Plainly, we would offer the W. T. S. Journal on diskette, not as a substitute, but as an additional option for an extra cost. This could serve the Society as [^]source for additional income.

Thank you for your service and your consideration.

Cordially,

Charles W. Stewart
