---

Dear Colleagues,

Of the seven members of the WTS Executive Committee, five have voted to approve as policy the recommendation made by the ad hoc committee charged with preparing a response to the NNU CD proposal. Two members have not responded.

I declare that the majority has voted to approve the ad hoc committee's recommendation. This piece will now become WTS policy.

I will communicate the decision and the policy to George Lyons.

Sincerely,

Al Truesdale  
Past President, WTS
