To: Rev. Carl Campbell

Re: Special Invitation

Dear Brother Campbell,

On behalf of the Wesleyan Theological Society, and as a result of our dialogue at the 37th annual meeting of the Society, it is my pleasure to invite the Wesleyan Theological Society of the Bahamas to convene a special conference under the auspices of the Wesleyan Theological Society. This should be a significant gathering of the peoples of the Americas related to our important religious tradition. In view is a two-day occasion convened in the Bahamas at a location to be determined and during the month of January, 2003.

The program is to be developed by a planning committee co-chaired by Dr. Barry L. Callen of the United States and yourself, with one focus being a celebration of the 300th anniversary of the birth of John Wesley. The program is to include academic and preaching elements. It is the hope of the Wesleyan Theological Society that this special occasion will be a significant international event that recalls and renews the heritage of the Wesleyan/Holiness tradition.

Yours sincerely,

Dr. William J. Kostlevy
WTS Executive Secretary

CC: Permanent Secretary
Ministry of Tourism
Bahamas
