TO: SELECT WTS MEMBERSHIP

Dear Fellow Member:

As Chairman of the Membership Committee, I am soliciting your cooperation in promoting the Society and encouraging prospective candidates to submit application. You have been selected from the membership list, because of your strategic location in helping us to secure new members. No doubt, you know of colleagues or students who ought to be encouraged to join our Society.

Enclosed are several copies of the application for membership form. Please feel free to duplicate more as you may have need of them or write to me and I shall be glad to supply you with additional copies.

We appreciate your help. Applications are coming in very strong this year. I believe this is an indication that the Society has "come of age."

We pray God's blessing on you in your ministry. I am looking forward to seeing you at the annual meeting in the fall.

Cordially yours,

Dr. Wayne McCown, Dean
