Dear Bill,

Enclosed you will find a check representing the balance of the registrations for the 2001 WTS meeting at Indiana Wesleyan University reduced by the charges for the banquet and incidental costs charged to the Society while here on campus. An additional \$50 of WTS dues for Bud Bence was inadvertently added to that check. I submitted a request for membership dues at the same time that Bonita requested the registration balance; the business office decided to combine them rather than write two checks. Sorry.

We fully expect that other expenses for the conference (transportation, coffee breaks, etc.) will be covered by the \$2000 the University has committed to underwrite costs of this meeting. If for some unforeseen reason our expenses exceed that amount, I will be in touch with you to negotiate a final settlement. I do not anticipate a need for this.

All's well that ends well. It was a great honor for Indiana Wesleyan to have the Society on our campus. We trust that you are pleased with the meeting as well.

Sincerely,

Dr. Bud Bence
