Dear Colleagues:

Thank you for your excellent work on the WTS program proposals.

The time for a conference call that seems to work best for all of you is Thursday, October 15, 1998, at 3:00 p.m. So let's confirm the time. We might need a little longer than an hour.

Should we discuss the Lifetime Achievement Award during our telephone conversation? I can't recall whether or not this has already been cared for.

I do not have a record of having sent to you David Bundy's late proposal. So to be safe, I am enclosing his proposal. I told David that we would try to consider his proposal, but made no promises.

Cordially,

Al Truesdale
