

Quarterly Report -

Methodist youth Fellowship

I am happy to report that though our attendance decreased during the summer, which is to be expected, we were active and still held meetings throughout this period. Our attendance since then has rarely been less than double what it was.

Throughout the vacation period we had refreshments instead of hot suppers. Now that the summer is over we have begun the hot meals again. The council has just formulated a plan which will eliminate confusion concerning the suppers. From now on each of the four newly formed classes will be responsible for the meals one Sunday each month.

Concerning our financial status:
we now have in our treasury
\$14.54 with all our bills paid in
full. We face the coming quarter
with the expectance of advancement
in every field.

Respectfully,
Jimmy Waldman, Pres.
