

RECOMMENDATIONS FOR THE FINANCE AND STEWARDSHIP CULTIVATION COMMISSION

1. That we broaden the base of our every member canvass by including non-official Board Members as canvassers.
2. Have an Orientation and Training Program for canvassers - series of 3 breakfast meetings.
3. That a member or members of the Finance Commission meet with the circles of the Womens' Society of Christian Service and present the financial needs of the Church.
4. Discussions also be had before Sunday School classes, Methodist Mens' Club, Official Board, etc.
5. That a Personal Work Sheet Inventory Questionnaire be included in the literature distributed to each Church member, a sort of searching self-evaluating questionnaire for a person's own use - not to be mailed back to the Church.
6. Canvassers go out in pairs.
7. More emphasis on visitation throughout the year, not only on the occasion of financial solicitation. Visits could be rotated.
8. Budget literature be simplified and more explanation provided.
