

John Peel is originally from Denton, Texas and is presently a student in the Divinity School at Duke University. He plans to graduate in June of 1971.

John and Mary Ann Peel have worked with the Senior High Methodist Youth Fellowship as volunteers and the response to their leadership has been excellent. This year John will not be able, financially to work as a volunteer. If he is not hired by our church we will lose him completely- as he will be working in the endowment program through Duke University.

John and Mary Ann have attended Duke Memorial Church for the past year and have been active members of the Open Door Class. Because of this, they have a special interest in Duke Memorial Church and its members. I feel that their leadership in our Church will be an asset to the entire education program.

I would like to recommend that John Peel be hired as Youth Minister, with a minimum salary of \$1000.00 for a nine month period. (September through May)

John would have the responsibility of the Senior High Youth. He would also be available to assist in worship services and to preach when necessary. He would be willing to work with me on the organization and care of our youth room and would fill in where he is needed in the youth program.

It would be desirable to assist in working services and to preach when necessary. He would be willing to work with me on the organization and care of our youth room and would fill in when he is needed in the youth program.
