In presenting this report I wish again to express to the Administrative Board and to the congregation of the Duke Memorial United Methodist Church my deepest appreciation for the privilege of serving as your Associate Pastor.

The four years that were served with Reverend Warren Petteway were the most pleasant ones possible and working with Rev. Petteway was a very happy "partnership". I was sorry to see him leave Duke Memorial, thus terminating our work together. But I am more than happy in his going to Wilson, N.C., and my very best wishes go with him.

On the other hand, family associations with the Reverend Charles Spence Hubbard as he served the University United Methodist Church in Chapel Hill (my daughter and son-in-law were regular attendants at his church there) as well as the fact I have personally known brother Hubbard several years, makes me sincerely grateful that I shall continue on in cooperation with him in the work at Duke Memorial and I look forward to the service I shall enjoy in conjunction with him for the years that may be ahead.

So, with grateful hearts for the past and with eager hopes for the future, both Mrs. Husted and I unite with you in the continued Christian fellowship in Duke Memorial.

Most sincerely and gratefully yours,

Morris L. Husted
MORRIS L. HUSTED, Associate Pastor.
