Dear Mr. Whitford:

In keeping with our conversation at the July meeting of the Commission on Education I am putting in writing my resignation from the title and job, the Assistant Superintendent for Membership Cultivation, to take effect at the end of this Sunday School year, September, 1955, or sooner if a new person is found before this time.

I will be glad to continue work on the record system and get the files in good shape so that the new Assistant Superintendent will have something to work with.

Since this is the Year of Evangelism in the Church School, and such wonderful plans are being mapped out for this work, we certainly need a person to take this place who will have the time and strength to keep behind it regularly. I am enclosing a mimeographed copy of plans put out by the Methodist Board Office, part of which is on the Board Page of this N.C. Advocate this week. This will give some idea about the broadness of the program being planned.

Sincerely,

*Kathleene Cox*
