

your work in Christian education

Sincerely,

Frances Bright Johnson

November 1911

Dear Mr. Whitford,

I want to thank the

Commission on Education for

the handsome pair of silver

carder books which you gave

me when I left the staff at

books memorial. As they are

something I can always keep,
I shall value them my life
through as a remembrance
of the happy experiences I have
had at Duke Memorial. Most
of all I appreciate the spirit
in which they were given.

Let me say again how
very much my work with
you meant to me. May God
be with you as you continue
