Dear Mr. Barton:

In accordance with our inspection relating to the cleaning of the exterior masonry walls of the Sanctuary Building, we do not believe it feasible to clean any portion of the job without including the entire exterior areas as we do not think the job would give a satisfactory appearance.

Therefore, we are quoting on cleaning the entire exterior masonry areas including towers, coping down to grade line or sidewalk and also the connecting passage between the older and newer buildings.

To complete the cleaning of these areas we propose to furnish all necessary, labor, material, equipment and insurance for the sum of \$13,900.00.

We appreciate the opportunity of making this quotation and look forward to talking with you further.

Yours very truly,

THE GUARANTEED WATERPROOFING COMPANY
