To whom it may concern:

Mrs. Ruth Baylis has worked in the capacity of Nursery School Teacher for our Cooperative Nursery School for two school years, 1950 - 1952.

She has had the entire charge of twenty children, three and four years of age, without any additional trained help. Mrs. Baylis planned all of the activities and has done an outstanding job. She loves and understands little children and has a never failing sympathy for their problems. The mothers of the school found her always helpful and cooperative. She is cheerful and reliable. She enjoys a reputation for skill and excellence in professional nursery school circles around Washington.

We regret very much that Mrs. Baylis is moving to another city and can no longer be with our school.

Sincerely yours,

Jane G. Packard
President
