

Minutes

Weekday School Committee meeting

September 14, 1959

The committee was called to order by Miss Ann Garrard and election of officers was held. Dr. Sam Holton was elected chairman and Mrs. Tom Walker, secretary.

The minutes of the June 14 meeting were read and approved. Mr. Shoaf reported that Mrs. Duncan Heron, 1504 Anderson St., had been employed in the nursery school for the coming year. Mrs. Stacy Ebert, assistant professor of Education at U. N. C., has agreed to supervise the program in the Kindergarten.

Mrs. Pittman reported 29 enrolled in Kindergarten with no waiting list. In the Nursery school there are 23 enrolled in the 2-day group and 28 enrolled in the 3-day group. There are 14 on the Nursery waiting list. She also told of the need for overhauling the playground equipment,---replace sand box; new rail on slide; patch merry-go-round; take down the tower; need new table for wraps. The figure of \$15 to \$21 was quoted for a concrete slab for the table. Dr. Holton suggested that the play equipment be scaled for Kindergarteners.

The budget for 1959-60 was reviewed. The committee added the designation "including staff development" to the bugeted item, Betterments and Improvements. The Kindergarten budget was accepted after the revisions were made.

Dr. Holton moved that Mrs. Pittman and Mr. Shoaf be authorized to investigate and proceed if it is reasonable to replace the equipment on the playground. The motion was carried.

The meeting was adjourned.

Respectfully submitted,

Alice Walker

Alice Walker
secretary
