

REPORT TO CHARGE CONFERENCE
Duke Memorial United Methodist Church
November 22 1983

During a major portion of calendar year 1983, I have been in the hospital or recuperating from heart attacks. I suffered these heart attacks - on March 15, May 14, and May 29. I had open heart, by-pass surgery on June 6. I have been out of the hospital since June 14 and recovering very nicely.

I have been carrying on with practicing and other kinds of ministry as much as possible during this time. I have conducted a number of weddings and baptisms and have administered the Sacrament of Holy Communion several times. I have preached at Duke Chapel, Bethany, Louisburg, Forest City, and Duke Memorial in this period.

I resigned as Minister to Duke University in February and was to take an appointment in W.N.C. Due to the surgery this move was not made. Thanks to the good graces of Bishop L Scott Allen and President Terry Sanford, I have been appointed Assistant to the President for the Conference year 1983-84. I intend to keep carrying out the duties of ministry while in this position.

My family and I are grateful to be related to Duke Memorial United Methodist Church - and especially appreciate the ministry of the Reverend Tom Faggart to us and others in this church and community.
