Rev. Milton Propp  
First Methodist Church  
Goodwell, Oklahoma

Dear Milton,

I have received a steady flow of comments on the essay, but few crank letters. Most have either sought clarification or expressed appreciation.

It was good to hear from you and although you are still a long distance from us geographically, we feel that you are "in our part of the state," so we look forward to hearing from you and Dixie. Come and see us.

I am turning over your request to our secretary of our Methodist students here at Phillips. You will be hearing from us soon.

Cordially and sincerely,

Thomas C. Oden
