Enid, Oklahoma 73701

Dear Dick and Beverly:

It was good to hear from you and I certainly hope things are going as well as you reported. We, too, are beginning to feel at home in our new situation. However, the weather is quite different. For the last couple of days it has been in the 70's.

Thank you so much for your calculating the telephone bill and thanks to Beverly especially for paying the newspaper ad. It is very good that you are handling all these matters in such a convenient way. I only trust you will not allow it to be too much inconvenience and certainly we would not want you to have to pay any part of a bill that rightly we should take care of.

I am a little concerned about the disconnection of the Cable TV. If my memory is right we requested it to be disconnected on January 15th or 16th and it was my understanding that they were to disconnect it early the next week, probably the 19th or 20th. The thing that confuses me a bit is that I received a bill from them indicating the payment due for the whole month of January and it made me wonder if perhaps they failed to disconnect it. I don't want you to have to track that matter down and I think I can handle it by correspondence; but if you have any light to shed on that I would like to know about it.

I have indicated to Dan where I think he can find the files on the Advisees so probably he will be turning those over to you soon.

Best wishes to you as you begin the semester. I am confident you will do a splendid job.

As ever,

Thomas C. Oden
