Dear Linda:

I have been wondering how things have been going with you since your departure for Israel. Congratulations on receiving the Wilson Fellowship. I think it's great! I had not heard at the time I was in Enid last month where you stood with the Danforth, but I am very proud of the fact you won the Wilson.

I wanted you to know the manuscript arrived safely a few days after you sent it. You will be pleased to know the publication date of, Beyond Revolution, is October 5. Thanks for all that you did to help it come into being in good order.

Let me know how things are going with you.

Cordially and sincerely,

Thomas C. Oden
