

January 22, 1972

Dear Zelle,

For several years, I have had a bronchial condition which has been aggravated by a couple of cases of flu during the fall months. As a result, I am not getting out of the house very often except on warm, sunny days. For that reason, I do not believe my attendance at the Finance Committee meetings are going to be dependable enough for me to remain as its secretary.

I have made a copy of the enclosed minutes and placed them in the book which Mrs Fowler has taken to her office. There is enough space in the present book to last until July 1, 1972.

At the next meeting which I shall probably not attend, you may give this copy of your minutes to whoever takes over the job as the new secretary, and she can get the regular minute book from Mrs Fowler at her convenience.

Yours truly,

Bailey Peck
