Dear Robert,

Here is the off-print you asked for. It is a joy to know your interest in Carolingian texts. I wish this was in time to include your Koopman Speciman Leaf 131.

I have also enclosed a brochure from Dom Verbraken, editor of the Revue Bénédictine, offering the whole set at a special price. I thought Brown University Library might be interested in purchasing this, as you said you do not currently have the journal. It is a good chance to get all the back issues, and its a very valuable collection to possess.

With all good wishes in your work, and my thanks again for your information on KSL 131!

Sincerely,

Susan Keefe
