Dear Prof. Zacour,

I'm awfully sorry I missed you this week while I was in Toronto for my thesis exam.

I must report, despite all my apprehensions \* it really did go very well. I received very nice compliments as well as some

very useful criticisms and suggestions  
I have been encouraged to prepare  
a good deal of the material for  
publication immediately, as well as  
the whole thing in some form, within  
the next 5 years.

This is very exciting for  
me as I contemplate the work  
I will be doing for the next 2  
yrs. at Cal Tech.

It is beautiful in Pasadena -  
I hope I don't get too spoiled.

Thank you, Professor, a million times for all that you've done for me in the past few years and the friend you've been. John Benton is a beautiful, delightful person, but you are one of the sacrifices I must make, leaving the Centre. I wish

you the very best this year  
with the new class and all  
these Ph.D.'s<sup>#</sup> coming out of  
your ears this Fall. It sure  
speaks for the Centre, which  
you have made such a delightful  
place for people to come and  
work and grow.

My prayers are with you, and  
all your family,

Love  
Sara Kott
