Dear Sir/Ms.,

You have received my application (July 30, 1982) for a "research fellowship for recent recipients of the Ph.D." This letter is simply to tell you that I have been informed that one of my referees, Professor Leonard Boyle, who will be sending you a recommendation in my behalf, will not return from Europe until October 1, so that his letter may be slightly delayed. I am sorry if this causes any inconvenience.

Sincerely,

*Juan A. Keefe*
