February 23, 1983

Dr. David Grether, Chairman  
Division of the Humanities and Social Sciences  
Caltech

Dear David,

This is just a note to express my thanks for making my recent trip to the University of Winnipeg possible. It was an extremely successful and valuable time for me, in which I got to meet and talk at length with a number of medieval historians. My paper was also well received and I got a lot of much desired feedback on some conclusions from my research. Thanks again. (I have given a detailed expense account to my secretary, Sue McCloud, which came to a total of \$503.72).

Sincerely,

  
Susan A. Keefe
