

5/3/11

April 7, 2011 proof of work.

I took down two eight foot florescent light fixtures and replaced them with the standard light fixture that was in there when I lived there.

I fixed three drain stoppers so that they would hold water, and cleaned out two drain stoppers so they would drain.

I replaced caulk around the master tub around the shower the toilet and the back splash at the two sinks.

I replaced the caulk around the hallway tub.

I caulked around the front door and the light fixtures at the front door.

I cut off two sections of the corner of the house and about 16 inches of siding replaced the cut off sections with plastic type wood and filled the siding with fiberglass bondo. I sanded it down and caulked.

I fixed the shower water knob by cleaning out the handle and tighten up the screw that holds it to the wall.

I took the eight foot florescent tubes to the dump.

I readjusted the cabinet door and tighten up the screws.

I set up for Prime timers.

I took the speaker and microphone back to the sanctuary. I replaced the flushing valve in a toilet in the Soul Café women's bathroom.

I readjusted the camera at the back door it had gotten hazy.

On Monday the camera had stopped working I call the technician to come and fix it they came the following week and had to replace the camera

I meet with the bug man for the monthly inspection

I took the tables down from the book sale.

I removed the sound system and projector from the sanctuary for the wedding and then returned it on Sunday morning.

I took the van for oil change and gas in preparation for the Joy club trip to Wilmington

I took the van to the dealer ship so they could fix the ABS light the light went off before I got there. They said it needed to be on to check it (it would be like looking for a needle in a hay stack)

I worked on getting the van step to open up again It had a blown fuse and a loose connection I met with the police department to show them all the things they needed to do for their event

I met with DWH painting to inspect their work and inspect again after they sanded down the bad spots on the rail

I took all trash out of all buildings

I checked the sanctuary for leaks

I set up for the Easter breakfast

I put eight gallons of weed killer out in the parking lots and around the church

I cleaned basement soul café and vacuumed the offices

I replaced lights in the parlor

I removed the sound system and the speaker and took it back to the soul café

I cleaned the bathrooms PMO and on the first floor

I cleaned Whitford hall.

I sent an email to John Lentz about the correct way to show people how to use the new hearing device.

I sent an email to Jaylynn about boxes stored for her

I sent an email to Ginger telling her about Harriet giving the code out.

I sent an email to Harriet about not giving out the code to the church to a paint contractor she hired.

I picked up the Easter banner and put it up.

I went to home depot to get light bulbs for the Parlor library and the bathrooms in the basement.

I vacuumed the sanctuary the back hall Lillie Duke Minnie P Gates prayer lullaby and the history room

I strapped down the new TV for the Lullaby room and brought in a power strip to put all the cables in a neat fashion and removed the old TV

I cleaned the bathrooms in the sanctuary I cleaned the bathrooms choir room

I inspected the rails after the painters finished their repairs I took some pamphlets and the flower signup sheet to the sanctuary for Katie. I took the sound system back the Whitford hall

I took the bell tables to the balcony with help from Bradley

I sealed around the exterior door for the prayer room so that leaves would not blow under the door.

I replaced two toilet seats in the choir bathroom.

I programmed the Soul Café door with a temporary code for a Saturday event

Good Friday I came in to work 630 am to see what was wrong with the sound system I fixed the sound system and changed the batteries in the cordless microphones and recharged the batteries for Sunday. I also vacuumed the carpet and picked up trash.

At 7:11am alarm went off it was Dorothy who came in to take a shower she did not call me so I came in to check it out.

I took down the Easter banner

I talked to Susan about their cleaning company they keep hanging their mops up and letting them drain on the floor. This is a problem because the excess water on the floor makes the tiles come up. I am going to get someone to translate in Spanish.

I set up for DCIA luncheon

I set up 22 round 6 eight foot tables for home coming lunch along with the sound system and projector

The camera got dark Katie asked me to check it the camera was fine the monitor had to be adjusted

I put signs up around the church warning people not to park on Memorial Street because the city will be paving the street and they will tow you away

I cleaned the Sanctuary for Caldwell funeral

I set up tables for WDS book fair in the Bradshaw room.

I replaced the flush handle valve for WDS

I came to an alarm at the church Saturday at 4pm

I came in and took down the tables and chairs in Whitford hall so WDS could have fitness.

I hooked up two extension cords and a power strip in the office for their Web training.

I helped Tom with the hand rail behind the Pulpit

I moved a table refrigerator out of PMO office

I removed the old camcorder out of the sanctuary.

I meet with a representative from Otis Elevator.

I came back to Whitford hall and took the rest of the tables and chairs down.

I changed light bulbs in the hall ways
