

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

#### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Address HENRY P. MAGILL, Secretary and Manager, 1509 Insurance Exchange, CHICAGO, ILL.

BEN SAYS: "If you need new Implements for your Spring farming "Buy New" and "Buy Sattley." And this is a good suggestion because you get your tools when you want them, you get the best, and you save money on your purchase.

Sattley Implements are not only "The Best," but are backed up with a guarantee of satisfaction or your money back. A guarantee that can't be misunderstood. It protects you absolutely.

To Protect you against price advance, which it seems must come before January 1st, BEN says again: "Order now; prices will not be less."

And here's how BEN takes care of his good friends, the farmers. Just place your order N-O-W for Spring delivery at our present low price and we'll ship any date you say. You don't pay until you want the goods.

In these unsettled times it is our duty to save and to serve. In no other way can you save more easily than to buy Sattley Farm Implements from BEN J. DETRICK.

Call on BEN at the Sattley Factories. See the new Sattley Manure Spreader, Sattley Gas Engine, Sattley Cream Separator and a full line of Tillage Tools.

Be prepared. Buy Sattley Farm Equipment N-O-W. If you can't come to the Factory, write "BEN."

# Reports.

# (A) DISTRICT SUPERINTENDENTS.

# BLOOMINGTON DISTRICT.

B. F. Shipp, Superintendent.

Due to the elimination of the Danville District, some adjustments were necessary in our work, at the opening of the conference year. These adjustments were quickly made, and the whole work speedily related and fully harmonized; so the program of the year was quickly launched, into which every man fitted himself readily, and the district was early under way for an aggressive year. The conference program, adopted at our last session, we have kept before us as our goal, and have earnestly and eagerly pressed toward it.

# Changes.

No changes have occurred on the district through the year among the regularly appointed men, and only a slight change has taken place among the student pastors, consequent upon war conditions.

# District Meetings.

Early in the year we made the District Stewards' Meeting the occasion of a regular district meeting, which was held at Park Church, Bloomington. This meeting was indeed inspirational, educational and exceedingly helpful.

Besides this we held other district meetings, sub-district meetings, group meetings and sub-group meetings, until we approached confusion and almost lost our bearings. These meetings were in the interest of the various movements of the church, among them being the Conference Claimants' Movement, the Wesley Foundation, National War Work Council, and other enterprises.

A special series of Group meetings were held from April 23rd to 26th, inclusive, at four different centers, at which meetings we had the representatives of the various Church Boards, supported by some of our district leaders. These men made this series of meetings very much worth while. The elements were not in our favor, but the attendance was gratifying. By this group method we were able to reach a very much larger number of our officials and members, than it were possible to do by the single central meeting.

#### Patriotism.

We have not lacked in patriotic fervor. No other district in the conference, I dare believe, has surpassed this district in its patriotic offerings. Nearly every charge met the call in full, made by the Home Missionary Society last fall, for our war work. This was augmented by every charge, with scarcely an exception, meeting the requirement of our National War Work Council, which was presented in the spring.

Everywhere our people have rallied to and been leaders in the work of the Red Cross, the Young Men's Christian Association, and kindred organizations. The church has yielded up her full measure of men and treasure, in defence of the flag. The parsonage homes have contributed their sons. Almost every church has its service flag, with its full quota of stars, as well as a long honor roll. Practically whole classes of young men have gone from some of our Sunday Schools to join the colors, while the service flag of the Illinois Wesleyan con-

tains no fewer than three hundred and twenty-five stars, and several of these young men so represented have made the supreme sacrifice. The patriotism of Methodism has not waned since the Civil War, when she won from the immortal Lincoln his glowing tribute. This is proved by the present vacancies in our homes, and evidenced by the statistics from hospital, camp and field.

# Membership.

The war conditions, when people's minds are diverted in many directions, do not seem to be conducive to large ingatherings. May we be spared the deeper sorrow which drives men to God, but rather permit His goodness to lead us to repentance. However, we have had some gracious ingatherings at a few places. Were it not for the fact that our Committees on Church Records are strangely remiss in their duty, or our pastors are woefully deficient in practical bookkeeping this year, the district would show a wholesome increase in membership. During this year two churches, by the correction of their membership rolls, each reports a decrease in membership of one hundred and fifty, others report a smaller number, so that by this method our records show a decrease in membership of over four hundred. In spite of so many losses by this method, we shall show a net gain approaching two hundred. Either the injustice of some pastors is vast, or the patience of others is perfect, otherwise there would be a reformation in the matter of keeping church records.

# Property.

On December 16th, a new rural church was dedicated at the Harmony appointment on the Lincoln Circuit. The church is of brick and the architecture is pleasing. For beauty and equipment, for every phase of community welfare and social life this church is lacking in nothing. No more attractive place can be found for the developing of the community interest. This church is complete in every particular, as far as provisions can be made to meet the rural needs. All of its cost is fully subscribed, with a large margin, sufficient to meet any possible emergency. Pastor N. R. Johnson and his people, in the construction of this church, have contributed largely to the welfare of the community and have executed well for the future of the Kingdom.

On April 7th, there was dedicated, at San Jose, one of the most complete community churches. It has every appointment and equipment for community service, embracing not a few institutional features, such as gymnasium, club rooms, reading rooms, dining room, kitchen and shower bath, all thoroughly furnished and nothing wanting. This is a remarkable achievement on the part of E. L. Tobie and his people. The church was dedicated with every penny of its cost amply provided. In both of these cases the dedicatory sermon was preached by Prof. W. J. Davidson.

On October 8th, the church at Ebenezer was reopened, after having been thoroughly remodeled and improved. So well were the finances handled, by Pastor Batty and his loyal people, that no offering was necessary on the day of the rededication.

Lesser improvements have been made on our property at Saybrook, Lincoln Circuit, Mahomet, New Holland, Green Valley, Wapella, Delavan, Fisher, LeRoy, DeWitt and other places. These improvements consisted largely in remodeling, enlarging, painting and frescoing, the placing of new furnaces in parsonages and churches and other new undertakings for comfort of worshipers and conveniences in parsonage homes.

Several old debts have been largely reduced, and others have been fully met. This is notably true in the case of Park Church, Bloomington, which church has been burdened with a debt since its erection. This debt has been fully provided for and will not longer hinder the progress of this church in its promising field. This was made possible by the splendid leadership of A. G. Carnine, the pastor, and the sacrifice of his loyal people.

Benevolences.

The calls upon our people have been very many and strangely varied, but they really desire to put first things first, and in some measure seek to give the

church her rightful place. They have caught the spirit of our President, who has expressed his gratification that in "this time of crisis there is a resolution to maintain all the benevolent, moral and missionary work of the church, both at home and abroad, in the most effective manner possible." To these calls the people are responding more nobly than ever before. There are not a few of our churches which are one hundred per cent churches, both in membership and in support of our benevolent causes. Assuming that the data furnished by the pastors is fully reliable, I am warranted in stating that while we have given so largely for the support of our National War Work Council, in the regular apportioned benevolences there will be an increase this year of over three thousand dollars.

#### Pastoral Support.

The high cost of living is a well nigh universal topic, yet who has felt the effect of the high cost of living more than the average pastor? This is not to be wondered at, when it is recalled that many of them have been preaching for years at a lower salary than the present salary of the section hand, indeed at a day's wage as low as the present day washer woman receives, and yet he was supposed to keep himself abreast of the times, thoroughly versed on almost every subject, and keep himself up to the maximum of efficiency as a leader of men. In some instances his salary was so low that to buy books was to rob his

family of its needs.

These conditions are now changing, for which we are indeed grateful. For who can be at his best weighed down with financial burdens? Not a few of our churches are allowing their pastors a more liberal support. I speak now not of increases due to the readjustment of charges, but a genuine increase of salary to the individual pastor. It may be best to set a standard salary for the different classes of charges, but I have not been able to operate that method yet, though I have sought to secure for every man all that I possibly can, according to his needs and his worth. The minimum salary the churches of the district have allowed for the ensuing year, in the aggregate, will reveal an increase over this year in excess of five thousand dollars.

# Sunday Schools and Epworth League.

The Sunday School work is being well directed. While the enrollment in this department of our work, and the average attendance may not be as large as a year ago, it is not to be wondered at, when you consider the high pressure at which we have been operating this department for the past quadrennium, and when you recall the fact that almost whole classes of young men from some of our schools have joined the colors, and this fact largely affects the entire community from which they have gone. Admitting that there is a decrease in numbers, we must acknowledge that our Sunday Schools were never better directed and equipped than now. The method and the quality of teaching exceeds by far anything of the kind in former years.

The year for the Epworth League has been one of advance. There has been a wholesome increase in membership, and renewed activity in every department. Especially is this true in our missionary endeavor, while the study classes have greatly increased. Two hundred of our young men are either at the camps or already at the front. The district convention held at San Jose, in June, under the direction of the district president, J. L. Settles, was largely attended and characterized by much enthusiasm. The district organization is harmonizing itself fully with the plans of the Central Office, and a program for an aggressive year's work has been well launched.

#### Campaigns.

The Conference Claimants' cause has been presented or introduced on every charge. Nearly all the charges have met the conference requirements in this particular. In round numbers the amount of forty thousand dollars has been subscribed, and fully a proportionate share of it has been paid. All have responded, save where new churches have been erected, or where churches are otherwise carrying heavy financial burdens, making a later presentation of this cause desirable.

The Wesley Foundation has been presented in many churches and responses have been made, but I regret to say that only two charges have pledged the standard amount, fixed by the Foundation.

# Chaplaincy.

Only one of the men of the district has gone into the chaplaincy, H. G. Beck of DeLand. Though leaving the latter part of July, he had completed the work of the year, and before he left his report for the year were in the hands of the statistician and the treasurer. He possesses many parts which fit him admirably for his new duties, in which he will serve the country well and honor the church.

# Departure.

We regret to record the departure of Professor J. W. Henninger, whose obituary has been presented in connection with the memorial service. He was a Christian indeed, a noble soul and choice spirit. In his demise the Illinois Wesleyan has suffered a keen loss, and the conference is bereft of one of its most delightful characters.

#### Woman's Missionary Organizations.

The Woman's Home and Foreign Missionary organizations have both enjoyed a very prosperous year. Not only has there been splendid increase in the offerings of these organizations, but the Foreign Society has had an increase in membership of twenty-five per cent, while their total offering approaches nine thousand dollars. There has been a healthy increase in the offerings of the Home Society and it has also enjoyed a large increase in the membership.

#### Illinois Wesleyan.

The high cost of maintaining a college, together with the great loss of students, during the period of the war, makes these days most trying for all our schools. In view of these conditions it is most gratifying to announce that the last year closed for the Illinois Wesleyan with a few hundred dollars in the treasury.

A military training camp has been established by the government in connection with the Illinois Wesleyan, and from present indications not fewer than three hundred and fifty students will be in training under military discipline and This will necessitate much readjustment, new methods and plans, and the making of special provisions for the housing of the men. In connection with the new phase of college life, the citizens of Bloomington are taking an intense and helpful interest. They appreciate the increased opportunities and obligations which come with this new order, and are displaying a spirit of hearty co-operation with the college authorities. The Association of Commerce is financing the building of a two-story barracks. This will be substantial, comfortable and convenient, and capable of accommodating two hundred and fifty men. For the social needs of the Training Corps, a Lodge or Club house is to be built, and will be thoroughly furnished to meet all social needs.

The attendance of two hundred and fifty men will insure the service of a Y. M. C. A. secretary, with no cost to the school, who will devote his entire time to the physical, social and religious welfare of the men.

To more thoroughly safeguard the religious side of the student life, the churches of the city of Bloomington have agreed to co-operate with the city and college Y. M. C. A. and Y. W. C. A. to this end.

Speaking further of the high moral and religious life of the school, attention is called to the fact that at the Lake Geneva Y. M. C. A. Conference, the largest delegation save one from the ten states represented, went from the Illinois Wesleyan, while the Y. W. C. A. sent to their conference, at Lake Geneva, the largest possible delegation they were allowed to send.

It might be further mentioned that in order to be prepared for the days of reconstruction, voluntary classes were formed in the studies of Democracy, Internationalism and Missions. In these voluntary courses every student of the school was enrolled. Possibly such a record is unsurpassed by any other college in the United States.

Anticipating the needs of the ensuing year, under the new conditions, all is being done that possibly can be done to throw around the students wholesome and religious influences. A program of addresses, lectures and sermons has been arranged, running through the year. Some of the most notable men of the country are on this program. The state Y. M. C. A. Secretary will spend a week at the school, while Bishop and Mrs. Nicholson will spend several days at the school, for addresses, conferences and other phases of religious work.

Much readjustment will be necessary to properly relate the college to the new military conditions. These readjustments of the faculty are being made, as well as additions made thereto. By these readjustments and additions, it is believed that the faculty is greatly strengthened.

#### Appreciation.

Later the statistics will be presented, but how far short they will come of relating the story of the year, they do not reveal the toils and sorrows, the sharing of others' burdens, and the anxious cares for the interests of the Kingdom, which burdens every faithful pastor's heart, when sometimes he struggles almost alone. The story can only be known by Him who readeth the heart.

I want to commend every pastor for his sacrifice and toil, for his devotion to his calling, and for his earnest co-operation in every plan we have had for the furtherance of the interests of the Kingdom. I further wish to express my gratitude to a host of loyal laymen, without whose devotion and co-operation the achievements of the year could not have been written.

#### CHAMPAIGN-DANVILLE DISTRICT.

#### J. C. Nate, Superintendent.

Students of the District Superintendency in Methodism have discovered that this official usually sails an uncharted sea. That is, he assumes the superintendency of a district without any trace of an existing program by which his territory is being definitely and increasingly articulated into the programs of the church and Kingdom at large. It is understood that he will do the thing which is put up to him from any source, whenever it comes. And in these days it comes rather thick and fast. In the local pastorate, in the area, and in the church at large there are carefully worked out programs which look several years ahead and which the successor of an incumbent official is glad to follow as making for a maximum of success in the long run. But the superintendent of all these workmen inherits from the reports of his predecessor largely a summary of salary advances, benevolence collections, percentages and results upon the special campaigns of the year, new churches and parsonages builded, indebtedness paid, the personal matter of the parsonage homes, the revivals held, and some expression of personal religious feelings over the whole situation. most definite program for a successor often is a convenient itinerary of travel for the first quarter, and most of us have devoted a paragraph of our first annual report to a statement of our thanks for being thus told how to cover thirty miles of surrounding territory in the period of three months. Such are the criticisms of the office of the superintendency which have been coming to light in recent years and, it must be admitted, with a degree of justice. It has been with an earnest desire to profit by whatever merit they may hold, that we have sought in the district work this year, as pastors and superintendent working together, to study larger maps and make all our work count increasingly under the plans of the church at large and the deep problems of the Kingdom in our day. In this purpose nothing has been more helpful than the leadership of our Area under Bishop Nicholson, and the consciousness that every brother superintendent of the Conference is bent upon similar goals, whereby we are all learning to work together. Kipling described an essential phase of Methodism when he said:

"It ain't the guns nor armament, nor funds that they can pay, But close co-operation that makes them win the day; It ain't the individual, nor the army as a whole, But the everlastin' teamwork of every bloomin' soul."

#### The New District.

The new Champaign-Danville District, as made last year, includes thirtynine Charges, twenty-two from the former Danville District and seventeen from the former Champaign. We believe in the plan of fewer districts in the Illinois Conference, and pastors and people generally, after working on the new basis for the year, consider that the change made last year is in the right direction. Before this year the smallest District in the Conference had thirty-three charges and the largest, the Decatur, forty-three. The average was thirty-seven. The elimination of one District brings the average to forty-three, or simply asks each superintendent to care for as many Charges as the former Decatur District had included for many years. As to geographical difficulties of travel, etc., no one of the new Districts is as difficult as the former Quincy District has always The Central Illinois Conference has the average of fifty Charges to a District, as against our forty-three. Our whole easy preference for our convenient little Districts of thirty or forty charges grew out of the theory that everything must be subordinated to keeping a cluster of churches called a District roundabout our eight larger city centers which were formerly District The Pittsburgh Conference has the average of fifty-five charges to a District with frequently two or three cities as large or larger than our own within a single District. The Rock River Conference, stretching from Lake Michigan to the Mississippi, has Districts respectively of 59, 69, 74, 61, and 62 · Charges, a third more than the number which we now include. Geographically, in Colorado or Montana, superintendents when they leave home must travel for a week at a time, and their Districts extend not over a county or two, but for a hundred and two hundred miles. Our former plan was made before the days of hard roads, interurban cars, telephones, telegraph, stenography, and automo-Surely, a man can direct the work of a half dozen more Charges than the fathers had, without a physical collapse. In our own thoughts of the work of the year, it is not smaller Districts we need, but the elimination of at least one more, giving to each of our superintendents the care of fifty charges, and enabling the present administrative centers to lie more fully within the territory of the District rather than upon the edges, as in several of the present new divisions.

#### Pastoral Changes.

The year has brought unusual changes in pastoral relation under national conditions and otherwise. Shortly after Conference Bro. Howard Leach at Ludlow accepted his place under the national army draft, proud and glad to waive his ministerial exemption. Bro. Verne Mitchell was transferred from Grace Church, Urbana, to Ludlow and has had a splendid year, registering his third successive Charge at 100 per cent upon the benevolences and all the regular work of the church. For Grace, Urbana, we secured a fine young man as supply pastor, Bro. G. M. Goodman, son of a southern Illinois Methodist parsonage. But he, too, heard the whispering of the flag and is now at Jefferson Barracks as an enlisted man. Bro. D. T. Miles of our superannuated forces has closed the work at Grace upon the 100 per cent basis in everything. To Savoy, left to be supplied, came A. S. Weiss by transfer, a McKendree College and Southern Illinois Conference man, whose reports are all in full. At Gifford and Penfield Bro. I. S. Haverfield found it necessary to relinquish the work at the end of a half year on account of illness in the home. The affairs of the church have been successfully concluded with 100 per cent reports by Bro. Merrill Faulk, a graduate of the University of Illinois, who is before the Conference this year for admission on trial. From Bismarck Bro. A. L. Honn was appointed some six weeks ago to a chaplaincy in the army, and is now in the East. His laymen got loyally under the closing affairs of the church year, and I have their remittance for every regular claim of the church, ministerial and benevolence, at 100 per cent. At St. Joseph, Bro. E. B. Houck has just concluded an unusual year's work. Stirring revivals both at St. Joseph and Mayview, in which the pastor was assisted by Bro. E. K. Towle, have greatly strengthened both churches and bring each of them to this Conference each asking for an appointment on the station basis. From every other standpoint, Bro. Houck has concluded two years of thoroughly good work in the Charge. I regret to report that, owing to

Digitized by GOOGIC

conditions of illness in the home, he must ask us for the supernumerary relation at this session.

At First Church, Champaign, Dr. R. H. Schuett entered upon his sixth year. Last spring, after a half year of characteristic success, an exchange was arranged by which Dr. Schuett was appointed to the pastorate of the First M. E. Church at Tacoma, Washington, and Dr. D. H. Trimble, the pastor there, came to Champaign. Dr. Trimble had made a fine initial impression among us when, within a very few weeks, he sustained an unexpected and serious physical breakdown, and his physicians advised that he must immediately give up active work and seek the recovery of his health in the Southwest. In this emergency, acting in conjunction with Bishop Nicholson, arrangements were completed whereby Dr. W. J. Davidson of Garrett Biblical Institute has cared for the interests of the church until the present Conference session. The official members of First Church, Champaign, have proved their mettle in this crisis of affairs and, under the inspiring leadership of Dr. Davidson, are bringing up strong reports for the church with everything on its usual 100 per cent basis. A recent letter from Dr. Trimble states that he is regaining his strength gradually and his physicians advise that he can take up active work again within another year.

One of our most important appointments last year was that of Bro. C. M. Duncan to Rantoul. As the seat of the government Aviation Field, it was an unusual opportunity for the new pastor. Bro. Duncan at once proved himself the right man for the place, and the story of his relationship to our soldier boys at the field is one of loyal devotion and of inspiring interest. There was in store for this Charge and parsonage home, however, a great trial. On the night of April 16 both church building and parsonage were destroyed by fire with the loss of everything. Mrs. Martha A. Duncan, the mother of Bro. Duncan, a visitor at the home, inhaled the flames in the hurried escape of the family from the parsonage, and the next day at the hospital in Champaign she passed away. To the home it was the loss of a precious mother, and to her former Methodist Church at Flatrock, Illinois, the loss of a beautiful Christian character who had long adorned its life and aided at the Kingdom work of its womanhood. Our people at Rantoul, with a perfectly characteristic spirit of heroism, are re-building the church and parsonage upon more commodious and beautiful lines than before. The new subscription required, of \$30,000, was secured in full in a few days' canvass, all in the form of bankable notes. A tabernacle has been built for the temporary requirements of the situation, and none are more loyal and interested in the success of all the work than Bro. Duncan's many friends among the soldier boys of the Chanute Field.

Early in the year there occurred the death of the wife of Bro. E. O. Clark, of our Veteran forces, and her remains were brought to Rankin, her girlhood home, for burial. Also, at Urbana, on February 25, occurred the death of the widow of our honored brother, the late Dr. M. W. Everhart. In the mid-December days the long and courageous battle of W. N. Tobic ended in defeat as to the earth life, but in the final victory for our Conference scholar, builder, and saint. On December 10, 1917, Willard Tobic went from the mountains of Colorado to the Mountains of God. Funeral services were conducted by Drs. J. C. Baker and R. H. Schuett, at the Trinity Church, Urbana, whose foundations, in his clear vision of future Kingdom needs, he had laid so well. Let us of the Illinois Conference lead the way in making the Wesley Foundation his fitting monument here, and let us who loved him so live and labor that we shall meet him at the Beautiful Gate of the Church Triumphant.

#### The Plans of the Year

Our work for the year was organized under the five heads of Evangelism, including our increase in Membership upon the Roll; Benevolence, for an advance and for a 100 per cent goal in every Charge for the apportioned items; the Educational work of the church in Sunday schools and elsewhere; the Business Affairs of the church, for the regular and full fayment of all claims; and, last but by no means least, Patriotism, for a full and systematic co-operation in all the needs and calls of the Nation. Everything in the year's work seeks to unify and achieve a complete program under these heads, under which no church can become a slacker except in the sunlight of complete publicity among

its fellow churches which are doing the work. Every Quarterly Conference and District gathering, Group Meetings, Sunday services, and the necessary literature, charts, and personal work are all carefully determined with a view to bringing the District aims home to the last member of every church. Every pastor in the District has co-operated helpfully in every phase of the work, and for whatever progress we have made the honor is theirs and, with it, the grateful appreciation of their Superintendent.

#### The Preachers at Work.

With each year of District work the desire grows upon one, though necessary to resist it, to try to suggest the story of the achievements of each pastor in his Charge. Every man in the District has been steadily and sturdily at work upon all our denominational programs, and many of them accomplishing unusual special matters besides. The fine story of the endeavors and achievements of the itinerant Methodist ministry under present day conditions should be written by some worthy hand, and when it appears it can fairly be claimed as a portrayal of the life and labors of our parsonage homes in the Champaign-Danville District and in the Illinois Conference. New men came for their first year to several of the larger churches of the District and all have had fine beginnings of pastorates which promise to be noteworthy. Buker at Danville First, true to type, comes up with a 100 per cent report on everything, while White at Kimber, Aitken at Urbana-First, Chapman at Hoopeston, and Duncan at Rantoul, have had similar success, all with 100 per cent for the benevolence causes or very large advances. The same thing can be said for the remaining first-year men, Honn, McConkey, Adams, Shouse, Read, Cummins, Biddle, Mitchell, Mark White, Pulliam, Maxey, Phillippe, and Weiss. The remaining men have been longer in the Charges and have all made notable advances upon their former good records.

Twenty-nine Charges in the District report a total gain in Full Membership on the Roll, of nearly seven hundred. Their average gain, twenty-five, is representative under the conditions involved and is on the right side of the ledger. Three churches have neither gained nor lost. A more regretful report is that the seven remaining Charges, all having substantial gains in the present year, are compelled to erase their advance, and to report a total seeming loss for the seven of some four hundred members, due almost wholly to careful revisions of the church records. The net result of these processes will leave a District gain in membership of three hundred. I admire the courage of a pastor who, to the seeming disadvantage of his own record as a workman, will perform a surgical operation like this upon the records of his church. And I have advised it in each case. But it is not right that, where the cause is slip-shod methods of keeping the books in former years, near or remote, the gain of an entire District should be so largely off-set, and the evangelistic results of as good workmen as we have in the Conference be thus obliterated in the records of the year.

Of other activities twenty-nine churches conduct a systematic every-member-canvass for the local budget and fourteen of these have a like canvass for the benevolences. Twenty-nine Charges report the holding of a midweek prayer service with an average attendance of eighteen persons. There are thirty-three Epworth Leagues, with an average attendance of thirty-five. The League chapters of the District have made contributions aggregating \$1,000 to the West China University as the Parish Abroad interest of our District young people. Every Church in the District has a fairly complete Sunday School organization, some meeting all of the standard requirements and all meeting most of The Sunday schools of thirty-four of the Charges have systematic meetings of the Sunday School Board as often as monthly, while the number having regular systematic Teacher Training work is so far limited to eleven. Decision day has been observed in twenty-two of the Charges, and the failure of so many others in this important matter is one of the weaker features of our reports. The Disciplinary pro-rate of ministerial claims is provided for in every church, and the four items will be reported in full for every Charge. Revival campaigns thorough in scope and of significant results have occurred at Armstrong, Bismarck, Champaign Circuit, Collison, Danville Grace, Vermilion Heights, East Lynn, Henning, Hoopeston, McKendree, Ogden, Paxton, Philo, Potomac, Rantoul, Rantoul Circuit, Rossville, St. Joseph, Urbana Grace, and Urbana Trinity.

Property improvements in the larger amounts of outlay have totaled, \$1,300 at Danville Kimber, \$1,000 upon the new parsonage obtained this year for Danville Lincoln, \$1,000 paid on indebtedness at Georgetown, \$1,000 upon church improvements at Hoopeston, \$5,500 for the remodelled Pleasant Hill Church on the Sidney work, \$2,350 on indebtedness and improvements at St. Joseph and Mayview, and \$1,400 in improving the church building at Urbana First. The national emblem, service flags, the banner of the Red Cross, and Honor Rolls of members in the national service are upon the walls of every church. The number of distinctively patriotic service has varied from four to twenty-five to a Charge. Every church has held them. The total number of members of our churches and Sunday Schools in the national service under complete reports of September 10, 1918, is over 1,100 for the entire District. Methodism, because of her great numbers and, as we believe, because of her great spirit, is doing her great part in the winning of the war.

# The Apportioned Benevolences.

It is believed that we may properly refer, as having preliminary relation to the record upon the benevolences made by the men of the former Champaign District as reported to the Conference last year. The plan of the year was "An advance by every Charge for apportioned benevolence, and a 100% report." When the reports came to Conference they revealed that every Charge in that District had "pulled up" upon the apportioned benevolences, and seventeen of the thirty-three had made 100% or more. It seems fair to the men of the old Champaign District who made possible such a report in its final year upon the map, that this record of their achievement should be made.

When the new District was formed it was found that we had retained fine of our seventeen 100% Charges and we gained two more such among the fine group of Charges coming to us from the territory of the former Danville Dis-We have worked this year with the purpose that these eleven 100% Charges should leaven the whole lump. The following is the honor-roll of Charges which report 100% or upward this year for the apportioned benevolences: Armstrong, Bismarck, Central Park, Champaign First, Champaign Circuit, Collison, Danville First, Danville Grace, Danville McKinley, East Lynn, Pairmount Gifford Panfold Henning Ludlow McKandres Fairview, Oakwood. Fairmount, Gifford-Penfield, Henning, Ludlow, McKendres-Fairview, Oakwood, Ogden, Paxton, Philo, Potomac, Rankin, Rantoul, Rantoul Greuit, Savoy, Sidney, Tilton, Urbana First, Urbana Grace, Urbana Trinity—thirty in all. Every Charge in the District will again register an advance for these Kingdom causes, with a total advance of \$4,000, as against a net advance of the same Charges last year of \$1,735. The ''Pull-down'' column is for the second time wiped entirely off our map, and the District percentage is 93% of its total apportionment. In addition to this effort of the churches as a whole for the Kingdom causes, every Woman's Home Missionary Society in the District has advanced over its report for last year. Every Woman's Foreign Missionary Society has advanced over its report for last year, while the advance in salaries, with those which will be added this Fall, will include almost every church in the District. God forbid that we should herald these significant things in any spirit of mere pride in the efficient organization and workmanlike qualities of our pastors and Charges, although I am proud of them. For it is recognized that similar reports will be made here this year by every District in the Conference, and the significant thing is that the great world-war with its heartache has brought our Illinois Methodism to a new and sacrificial spirit for the causes of the Kingdom; that along with the winning of the victory of our nation and our allies on the military side, the purpose is growing to make the vitally necessary parallel spiritual conquest; and that while our boys are enduring the bloody sweat of it all "Over There," among the fires kept burning here shall be those upon the altars of the churches from which they have gone.

#### Special Campaigns, Etc.

The special campaigns in the District have all had their "innings." The Conference Claimants' Endowment fund has been subject to our District relations to the campaign for the Wesley Foundation, but nevertheless has been advanced to the total of some \$33,000 out of the required sum of \$43,000. The

Army Camp Offering of the Home Board inaugurated last Fall was being completed on the basis of a report from every church, when the new and more adequate call sent out by Bishop Henderson came to us. It seemed best at the time to complete what we were doing, and there is no blank for any church in the District under the original effort, while some of the offerings were large. A few churches which were in a position to do so have gone ahead under the second call and have raised the same on the basis required of 10% of salary. It is about the last cause before the church upon which any of us would desire to be slack or slackers, and it is intended to put the new endeavor on the slate for a 100% result after the preachers are settled this Fall. As will be formally reported to the Conference, the campaign for the Wesley Foundation to which the Conference pledged special priority in the past year, has become a part of the Centenary Movement in the ensuing year. The work of Trinity Church at the University of Illinois promises to become more important in its bearings, rather than any less so, during the ensuing period of the war. Five thousand boys are to come to us under Government registration, and a full proportion will be Methodist boys. The coming Centenary Movement will lift the whole church to new tides of financial and spiritual power. The merging of our lesser campaign for the Foundation in this great endeavor should be made a matter of great mutual working advantage in the full development of the plan.

# A District Survey.

The plan for a complete District survey which we had under way in the former Champaign District has come well on toward completion this year, in the new District. The Town and Rural Church phase of the work has been developed in co-operation with the plans of the Rural Department of the Board of Home Missions, and along with this we have developed a survey of the larger cities independently. A large three-color map drawn to the scale of an inch to the mile includes our circuit and station arrangement, churches of other denominations, abandoned churches, etc. It affords a quick and vivid grasp of many problems of District administration. The plan includes many photographs of our own and other church plants, already taken, and written reports by pastors of every phase and problem of the work possible to formulate. The whole plan lacks something yet of final completion, but it is quite available for study and use even in its present form.

# The Laborer Is Worthy of His Hire.

The recent noteworthy article in the Literary Digest "The Laborer Is Worthy of His Hire," points facts regarding the support of the ministry which have been made the subject of serious and systematic consideration in the District from the beginning. But the conditions which were sure to come out of the war, both of advancing prices and the shortage of working forces, have called for a new approach to the entire subject this year. The proposition has been advanced to our laymen that the minimum cash salary of the Charges in the present times must be \$1,500, with a minimum of \$1,200 for student-pastors having families and residence upon the work. It was not required that the advance of these figures, where needed, should be immediate, but it was urged as necessary that the definite goal of progressive advances to these figures in one, two, or three years should be adopted. If, in any case, the Charge finds such a goal impossible, the two methods remaining open were organized Missionary assistance, or a new combination of Charges reducing the number of preaching services but affording the pastor a reasonable support. Be it said to the credit of the sterling spirit of our laymen, that they have usually not desired to avail themselves to either of these methods. Rather, they have agreed that our rich territory ought to be helping the missionary needs of the world, and that there must be no reduction in their preaching services if we were best to keep the home fires burning in every community for the nation and the world. instance, our District Survey revealed a group of five Charges extending northward from Fithian and Oakwood, paying \$1,000 or less which, with the new systems of hard roads, could be regrouped to distinct advantage into four Charges providing a salary of some \$1,300 for each. But our generous laymen have left but little of this work to be done this year. The salary advances of the District

as made at the Fall Quarterly Conference, were as follows: Armstrong \$150, Bismarck \$200, East Lynn \$150, Henning \$100, Potomac \$300, Gifford-Penfield \$50, Ludlow \$50, Rankin \$100, Rantoul \$500, Champaign \$200, Champaign Circuit \$400, Homer \$100, Ogden \$100, Philo \$100, Sidney \$100, St. Joseph \$50, Urbana Grace \$100, Catlin \$100, Central Park 100, Collison \$75, Danville Grace \$300, Fairmount \$200, and McKendree-Fairview \$350. The total is \$3,875. It should be added that several of these advances in the former Danville District charges were fully planned at the close of the former Conference year in the District administration of Bro. W. D. Fairchild. In the recent round of fourth Quarterly Conferences, the following additional advances have been pledged for the ensuing Conference year. Armstrong, \$150; Bismark, \$150; Catlin, \$100; Central Park, \$50; Champaign First, \$50; Collison, \$275; Danville Grace, \$100; Danville Lincoln, \$200; Vermilion Heights, \$100; East Lynn, \$150; Fairmount, \$200; Georgetown, \$300; Gifford-Penfield, \$200; Henning, \$200; Oakwood, \$300; Ogden, \$100; Rankin, \$100; Rantoul, \$200; Rantoul Circuit, \$150; Rossville, \$200; St. Joseph, \$250. The total is \$3,525. The grand total of advances thus reached during the year is \$7,400.

# Looking Forward.

Now we have come to another year and it will be different from the years any of us have known in our ministry. In a sense none of the former programs are sufficient and many of the things which constituted a standard performance must take a secondary relation. Sometimes we hear it said, as often at Conference time, and speaking of the coming year, that a brother would like to move to a place of opportunity as compared with some limitations of a present work. But in many of the old meanings of the expression, there are no "opportunities." It is no time to build churches; it is no time to erect parsonages; it is hardly a time for many of the old social features and factors of the church and community life. It is a time of heartache, and a time when the world is on fire! Our educational, evangelistic and missionary processes, and doubtless phases of the social, are of course to be maintained. The study of Charges and circuits, strategic regroupings as necessary, providing a living wage for preachers and adequate leadership for the church in this day of need, may all go on. There are special campaigns to be completed, the Claimants' Endowment, the army-camp offering, etc., while the Centenary Movement has come to us providentially in these days to mark a proportionate goal of consecration and endeavor under the blessings of the church and the needs of the world. All these are endeavors before us—not to bemoan as a task but to be glad that we live in the day when the church can see them through.

But the one great thing before the church of Jesus Christ in this hour, is its absolute maximum co-operation with the Nation in the winning of the present war! If there ever was a conflict in which we might believe that Christ, our Lord, marches with our boys in every camp and on every field, this is that war. We desire, in the Champaign-Danville District to be mobilized, accurately and completely, so that the last element of our church organization and the last man of every Charge can be reached effectively through our aid for every need and call of the Government. We have no right to let the highest inspirations for this conflict come from other sources. What does it mean to us that Mr. Hoover says he must look to the churches. What a privilege and responsibility, that General Pershing, not a preaching man but a fighting man, should write, "We depend upon the churches at home." What a summons to the church of Jesus Christ when General Crowder, master-genius of military organization, will plead with us in formal letters to strengthen the call to the draft by keeping its high spiritual meaning uppermost among the men from eighteen to forty-five.

Surely, the man who moves this year does not move to the familiar line of opportunities of other years. He will move to a church under the strain and heartache of a mighty war. The youth and manhood of many a home will be in camp and field, and on the seas, and "Over There." The blue stars will hang in increasing numbers upon the walls of his church and Sunday-school. And they will be in the windows of his homes. And some of the blue stars will be turning to gold. There never was a time when we were called to such consecration, and

to such a ministry, and to such an opportunity to help human hearts, and strengthen our government, and live and labor for the betterment of the world.

#### DECATUR DISTRICT.

# M. N. English, Superintendent.

To Bishop Frederick D. Leete and Members of the Conference:

Decatur District, as constituted in the last annual Conference, includes all of Macon, Shelby and Moultrie Counties; two-thirds of Piatt; several Charges in Champaign, Douglas, Coles, Logan and Christian Counties. There are forty-seven (47) Charges, and seventy-two (72) Churches. In the rearrangement of last year we lost fourteen Charges and gained eighteen. The distance, time required and expense of traveling is practically doubled that of former years. The membership is 13,500, with a natural constituency twice that number. The Sunday School enrollment 14,000 with a 50% average attendance. We have every variety of Church and almost every problem that can be found in any District, in Methodism, similarly situated.

# Change In Pastors.

The following changes in the appointments, made by Bishop Nicholson, have occurred during the year. The three Churches left to be supplied—Sanner Chapel, Molton-Shelbyville and Strasburg—have been supplied respectively by H. B. Pollock, Homer Hoeing and W. A. Schell. C. A. Sullivan, appointed to Cowden, was transferred to Southern Illinois, in March, since which time M. F. Ault has served the Charge every two weeks. Leonard Moomaw resigned the pastorate of Clarksburg, in June, and Herman Dill was appointed to succeed him. These arrangements have proved most satisfactory to the congregations and those who have served them.

#### Organizations and Plans.

The years' work was outlined, and set forth in a most successful way at a Conference of ministers and laymen in October. Rev. J. W. Summerville, of Gloversville, N. Y., formerly of this Conference, being one of the speakers. Group rallies were held in five centers the last of April. Though hindered by torrential rains, these were largely attended and of great value. The team of special speakers including J. L. Fort, of Commission on Finance, W. S. Bovard. of the Board of Sunday School, C. R. Booth, District Steward Secretary, attended all the rallies and Bishop Thomas Nicholson was present at the Decatur meeting. Bishop W. A. Quayle addressed a banquet in interest of Wesley Foundation in February, which was attended by every pastor and layman from nearly every charge. The second and third Quarterly Conferences were combined in nearly all the stations, and where the Pastors could arrange for it, these Conferences were congregational and thus a large part of the membership reached with the program and task of the Church. In places where both the second and third Conferences were held, a neighboring pastor presided at one. This plan proved entirely satisfactory and successful, and enabled the Superintendent to give needed attention to other activities. The plans for the year were set forth in a series of twelve goals, which have been kept constantly before the Churches, with full attainment in some and partial in others.

#### Ministerial Support and Financial Plans.

Eighteen of the Charges, recognizing the need of more liberal support of Pastors, made advancement in pastoral support, in the past year, to the amount of \$3,300. The increases for next year, which have been either definitely acted apon by Quarterly Conference or for which I have reasonable assurance, will exceed \$5,000 net over the current year.

Almost without exception the four items of Ministerial Support are included in the budget and where not, are handled by a special subscription, thus protecting Benevolences. This is the first year under this plan in-several of

the Churches. The Disciplinary plan has been successfully worked in a number of the Charges, and wherever a conscientious effort is made, will prove successful. The need everywhere is for "The Man Behind The Plan."

# Property Interests.

No new buildings have been erected or contracted for during the year. Extensive improvements and repairs have been made in a number of the Charges, including Shelbyville, Findley, Stewardston, Windsor Circuit, Tower Hill and St. Paul's, Decatur, with minor items in a number of other places. The most extensive work of this kind is now in progress at Cowden, where the interior of the building is being entirely made over, which with other repairs and improvements will cost \$6,500. A successful one day drive, in which Pastors Ault, Coleman, Enninger, Combes and the District Superintendent, each teaming up with local laymen, reached \$4,000. A generous gift from the Board of Home Missions and Church Extension will make possible the financing of the enterprise, which will be a noteworthy achievement.

An old indebtedness of \$2,000 has been paid at Findley, while Bement has reduced the debt on its magnificent property by \$8,000, the remainder of which

will be paid the ensuing year.

It being no longer possible to continue our work at Mt. Zion, the Church building was sold and the proceeds, amounting to \$1,500, turned over to the Treasurer of the Board of Trustees of the Conference. The parsonage was also sold and the proceeds will be reinvested in a parsonage at Longereek. It is expected that some combinations of Churches will be affected, whereby the combined salary will give an adequate support to the Pastors, and the Churches thereby receive more satisfactory service than otherwise. The German Methodist Church, at Boody, will be transferred to the Illinois Conference. It will be attached to one of the other Churches, in the District, and constitute a new called Boody.

Among the forward looking Churches are Sanner Chapel, where a committee has been named to consider and report, at an early date, relative to the erection of a new and modern Church. At Maroa, a committee has been appointed to

consider plans for a new parsonage.

#### Church Literature.

The campaign for the Northwestern Christian Advocate resulted in an increase of 47%, in the number of subscribers. The paper goes into almost exactly 50% of the official homes. In two cases, Longcreek and Monticello, every member of the Board is a subscriber. Practically all the Sunday Schools use our own Church publications. We are keeping before our official members, the fact that a knowledge of the general Church and the Christian interpretation of current history, is absolutely necessary if they are to be the kind of officials we need in these days, and this can be secured only through the careful reading of our Church Literature.

# Evangelism and Membership.

Though seriously interfered with by the extreme weather and fuel famine, successful revivals were held in many Charges. Those having special evangelistic help were First Church, Decatur,—where Evangelist Honeywell and Partylead the campaign—Pesotum, with Evangelist Miller and Sadorous with Evangelist Towle, Tower Hill, Evangelist Waters leading. The number of conversions in the district total 625, with accessions of 950. The loss by removal, and the large number entered this year as removed without letter, and who will no longer appear in the statistics, will so reduce the total that the net increase will not be more than 50% of the number of accessions.

The Conference on Evangelism, under the direction of Secretary George Dean, of the Department of Evangelism of the Board of Home Missions, which was held in Decatur, in June, was very beneficial, and will bear its fruit. The passion for soul is still our need and the prime requisite for success. For many it is difficult to maintain this passion. In these days of varied activities of Pastors and Laymen, we must overcome these difficulties, for without this passion.

sion our efforts will be vain.

# Christian Stewardship.

Successful campaigns, for the enrollment of Christian Stewards were carried on in many Charges, in June, and in others, preceding and since that date. The results have varied with the Charges and the care taken in carrying out the plan recommended by the District Stewardship committee. Scores of new tithers have been enrolled and the standard of giving of others has been lifted. The reports of Pastors show at least 650 enrolled tithers in the Decatur District.

#### Benevolences.

I have not sought to get last minute figures on the Benevolences. Every indication, however, points to a splendid advance. Last year only five Charges reported all apportionments in full. Based upon the reports of the last few. days, there will be at least twenty, and probably twenty-five, so reporting this year. In nearly every Charge there will be a distinct advance, in some reaching at least 100% over any previous year. I believe there is not a Charge in Decatur District, which cannot, under careful cultivation, be brought up to the full apportionment in a period of two, or at most three, years of pastoral fidelity in this matter.

# Conference Claimant Campaign.

Last year the report of the Conference Commission on Endowment Campaign showed that \$21,509.80 had been pledged by the Churches of Decatur District, toward its goal of \$43,740. The new arrangement of Districts, reducing the amount to the credit of Decatur District to \$16,853 and increasing our goal to \$45,860. Through the co-operation of Pastors and Laymen, the report this year will show \$43,349 pledged on the new goal of \$45,860, an increase for the year of \$29,007. The cause has been presented in every Charge except one, and every Church but three. The obligation has been accepted by the Quarterly Conference at Cowden, where it was not formally presented, and as soon as conditions justify, it will be raised. The giving in some of the places, which will be reported as deficient, is as worthy of commendation as the larger and full amounts pledged in other places. I confidently believe that the full quota of the District will soon be reached. The success of the campaign is due largely to the fine team work on the part of a number of the Pastors, who in groups of three to five led in successful one-day drives, in a number of the Charges. The untiring devotion, skill and unremitting labor of the Field Secretary, Henry C. Gibbs, throughout the Conference, in view of the large amount of office work his position has entailed, has been a marvel, as I have observed.

# Organized Activities.

The activities of the Woman's Foreign Missionary Society and Home Missionary Society and Epworth League, were seriously affected by the change in District lines. All, however, went about in the task of readjustment in the most willing way. Each has had a successful year's work. The Ladies Aid Society has been very active, much of their time being given to Red Cross and other phases of War Work. The Sunday Schools of the District are well organized. Most of them are graded, or at least in part. The teaching is above the average. I fear, however, the reports will show a slight decrease in enrollment and average attendance, due to the same conditions, which have produced similar reports throughout the Church in general. Many Pastors are leaving the religious care of the children entirely to the Sunday School, not understanding the purport of the disciplinary question, "Have the Rules Respecting the Instruction of Children Been Observed." Lewis Campbell, at Tolono, conducted a week of services especially for the children. Brothers Rigg and Havighurst, of Grace and First Churches, have a systematic plan, under which they personally instruct the children in the various grades, during the Sunday School hour. The working force of First Church, Decatur, will be increased this year by the addition of Rev. H. W. Blashfield, who comes to the responsible position of Director of Religious Education.

# The Church and the War.

Service flags with hundreds of stars; generous giving in response to every

appeal, including that of our own war council; the constructive preaching, ministry of consolation and leadership of the Pastors in all of the War Drives, attest the loyalty to the Government of the people and Pastors of Decatur District. Rev. T. B. Lugg, a member of the Conference—ordained Deacon last year, and since ordained Elder—is now serving in France as Chaplain. Rev. Homer Hoeing, who had expected to apply for admission to the Conference, has enlisted as a private and is now in training. Many of the sons of the parsonage are now in service. Among these are the sons of Brothers Coleman, Enninger, Fry, Gibbs, Jones, Juppin, Lugg, McGiffen, Smith and Wehrman.

# A Noteworthy Achievement.

I wish to call attention to the remarkable development of our Church in East Decatur. I do not do this for the purpose of singling out those most vitally concerned, but because it justifies the policy and program of Methodism. Six years ago, J. C. Brown entered this field, where he had neither organization or Church property, or a place in which to hold services. As a result of unremitting toil, at the end of four years, he left the Church thoroughly organized, with 340 members, a Sunday School averaging 223 and Church and Parsonage property valued at \$17,600, against which there was less than \$3,000 indebtedness. This was made possible through the backing of the Board of Home Missions and the Domestic Missionary Society of our own Conference. Not less remarkable are the achievements of the present year, in another direction. Building on the foundation of his predecessor, C. R. Booth has sought to carry out the present day program of the Church with special reference to the matter of Christian Stewardship. As a result of the Stewardship campaign carried on in January, 69 tithers were enrolled and increased giving inspired in all. A few of the results are as follows: All claims for the year paid in full September, including full apportionments for Benevolences, War Work and the special calls and \$100 in the treasury. The Church has notified the Board of Home Missions that it will no longer need assistance. A budget of \$3,500 for next year, carrying a \$1,800 salary, which is \$900 more than paid by the congregation for the year closing, and other estimates advancing accordingly, has been adopted. The every member canvass for this budget brought in pledges of \$4,100, or \$600 in excess of the budget and is not yet completed. A fine enthusiasm for the Kingdom prevails, the atmosphere is deeply Spiritual and the Church is in the enjoyment of the blessing promised to those who honor God with their substance. This has been made possible by the second thing, to which we call attention, the adoption of the program, to which our leaders are calling all our Churches.

# Appreciation.

To name all those about whose work some special and commendable thing should be said, would be to call the roll of the District, and this we cannot do, in the limits which have already been exceeded. I wish to express my appreciation to all the Pastors, and especially commend the fine work being done by the supplies, whose work will compare most favorably with that of members of the Conference, who are in similar charges. A number of retired members of the Conference are resident in the District, and I have found them most helpful and loyal to every interest of Pastors and Churches. Rev. E. B. Randle, for the first time in the forty-one years of his ministry, is not able to be present at Conference. He is seriously ill at his home, in Decatur, and asks me to convey to the Conference his love. The year has brought a growing appreciation of what Bishop Quayle has called the "Consequentiality" of the fine Laymen of this District.

#### Understanding Our Problems.

We are giving studious attention to the many problems of the District, in the effort to set forth a definite and constructive program, with a special reference to the interests of Methodism in Decatur, which outnumbering as it does, the Methodism of any other city in the Conference, has before it an opportunity in the city and in its co-operation in the connectional movements of the Church, which is second to none. Every Pastor and Church is being urged to adopt a program based upon the needs of the community served, and which will give evidence of constructive Christian Leadership.

# Ministerial Qualification.

Never was the task of our ministry so difficult. Never was the opportunity so great. The day has passed when the man who can do one thing well, and others indifferently. The man who can preach well, or the man who is a successful pastor, or the man who is strong socially, or the man who is an organizer, or the man who is successful as an Evangelist only, cannot meet the needs of these days. While every man's work will stand out for some one thing and leave his impress upon the community, if he is to have complete success, he must be all of these. We are prone to judge ourselves by our strong points and our brethren by their weak points. Amid all the duties that come to us, none is greater just now than that of seeking out and laying hold of our best young men for the Ministry. The Nation needs, and will need, thoroughly efficient men for the Ministry as badly as it needs soldiers. The cry is for men equal to the tasks of the Church in its new day.

#### The Centenary.

Decatur District, Pastors and Laymen, gladly accept the challenge of the Centenary. We believe its results will be the most far reaching of any movement of modern times. In addition to making possible the carrying out of a great world program; it will transform the life of the Church at home; require its organization on a more effective basis; inspire giving that will solve our financial problems; offer to our victorious youth that will return from the battle fields of Europe the moral equivalent of war; and revive the Church's passion for a lost world. Greater than these will be the transformation in the life of individuals, who will find in the Centenary a new identification with our risen and triumphant Lord and Master.

We have a marshalled nation, we must have a marshalled Church. As that Christian Statesman, John R. Mott has said, "The clock has struck and the hour has come when the Church must gird itself adequately for this momentous

task."

#### JACKSONVILLE DISTRICT—ILLINOIS CONFERENCE.

E. L. Pletcher, Superintendent.

Bishop Leete and Brethren:—At the beginning of the Conference year the Jacksonville District having fallen heir to parts of the Bloomington and Springfield Districts found itself a District of forty-seven charges with over one hundred churches, covering a territory reaching north and south from the boundary of the Southern Illinois Conference to the Central Illinois Conference, some 90 miles and east and west 60 miles. It has been our privilege to travel this district constantly, preaching three times nearly every Sunday and repeatedly during the week, besides giving attention to the many other responsibilities of our office.

# Adjustments.

Three charges were left at the close of Conference "To be Supplied." Before leaving the seat of Conference, J. A. Betcher of the Maine Conference was secured for Island Grove and Alexander. A month later C. L. Stokes came from the Southern Illinois Conference to Bluff Springs. Both have had a most successful year. Forest City was not so fortunate. Finally a Pastor, H. R. Smith, a student from the Wesleyan was secured but in a short time he was called to the service of the Nation. At the close of the first six months, C. M. Barton was elected to the Secretaryship of Apportioned Benevolences. With the consent of Bishop Nicholson W. W. Henry was taken from Havana and placed at Greenfield, and J. N. Jermain was moved from Franklin to Havana. For a time Franklin was without a pastor, but H. W. Miller has been secured from the West Wisconsin Conference and is closing up the year at Franklin in a very commendable manner. Baye Ragan was called in the Selective Draft in June and his work, Linnville has been taken care of as far as possible by J. O. Kirkpatrick in connection with his own work on the West Jacksonville

Circuit. O. E. Johnson transferred from Boston to Nebraska at the beginning of the last quarter of the year and Conference Evangelist Towle has done most efficient service in caring for this charge and bringing up the benevolences.

#### Improvements.

There have been a number of very fine Churches and Parsonages built during the year. November the 25th at Waverly the beautiful new church costing \$24,000 was dedicated by Bishop Quayle. On the day of dedication \$11,000 was raised in less than an hour. This was indeed a great victory for F. E. Smith the pastor and his faithful people. June 9th the new church at Asbury on the Greenfield Circuit was dedicated by the District Superintendent. This is a modern country church, with basement and complete equipment. It cost near \$3,000 and not only the \$550 needed but nearly \$700 was raised on the day of dedication. A very large portion of the success of this enterprise is due to the Pastor W. A. Hostetter. The new Church at Modesto is nearing completion and will be ready for dedication very soon after Conference. The last act of the year was the laying of the Corner Stone of our new Church at Durbin on the Franklin Circuit Sunday afternoon, Sept. 15th. This church was destroyed in a wind storm last May and the new one will be a fine improvement over the old. It will cost about \$10,000 and be equipped with all the conveniences suitable for the up-to-date country church. W. A. Keenan is the pastor of this charge. At Franklin the new parsonage of eight rooms with garret and basement was formerly opened with a reception given by the pastor J. N. Jermain and wife on the evening of February 14th. This building cost \$6,100 and is certainly a great credit to this charge. Winchester is completing a most beautiful parsonage which will be ready for the pastor immediately after Conference. The age which will be ready for the pastor immediately after Conference. The architect estimates the cost at \$7,000 but by the careful management of the building committee it will be built for less. This is a much needed improvement and with its new location gives Methodism a fine property and commanding position in the capitol city of Scott County. There have been many minor improvements on both Churches and Parsonages such as new roofs, paint and general repairs.

#### District Meetings.

Early in the year a meeting of the District Stewards and Pastors was called to meet in Jacksonville. An all-day program was given and at the luncheon hour 98 Pastors and District Stewards sat down as the guests of the District Superintendent and wife. At the luncheon we were given a stirring patriotic address by Joseph Hanley who was at that time conducting a great union evangelistic campaign in Grace Church, Jacksonville. The District being so large it was found impossible to have one place where all could meet without great inconvenience and expense, so it was decided to try the plan of grouping the charges. The District was divided into six groups around some central point where all in the group might easily gather. In December the District Superintendent called the pastors together and organized each group by electing a Chairman and Secretary. Then in March the Group Meetings were held and the results were very satisfactory. Each Church reported its work for the first half of the year. Charts were used showing the amounts raised for Ministerial support, Benevolences, and Conference Claimants' Campaign; also the condition of the Epworth League, Sunday School, Accessions to the Church and Students in our Church Schools. The total attendance by actual count at the six group meetings was over 1,500.

#### Revivals.

We have tried always to sound the evangelistic note in all our work, never forgetting that the primary aim of all Christian effort is the salvation of men. Nearly every pastor has held special evangelistic services, and some with very marked success. Many have had a continuous gathering all the year as the result of the personal influence of their lives among men. Passion week was observed by the District as a special and impressive season, and as a result there were many accessions to the Church.

#### Finances.

The reports from the Pastors indicate there will be no backward step in the Benevolences, but a slight advance. Our Conference Claimants' Campaign, by the most able assistance of the Field Secretary Dr. H. C. Gibbs and the loyal support of the Ministers has advanced from \$7,000 at the beginning of the year to \$23,000. The Laymen seeing the need of a better support for the Pastors responded nobly and there has been an advance of \$3,800 on the salaries of the Preachers during the past year, and now we have definitely set for the coming year an advance of \$5,200 with several charges promising an advance but not yet determined.

# The Illinois Woman's College.

During the year one of the most pleasing events was the celebration of the 25th anniversary of the Presidency of President Harker of the Illinois Woman's College. It can never be known until the Books are opened at the last great day, what this noble man and his devoted wife have done for Methodism and the cause of righteousness. Because they have so wrought upon the lives of the young women committed to their care, that the widening influence must go on forever. It was very fitting that all of Jacksonville should unite with many from abroad in doing them honor at this time. Bishop Nicholson, Secretary Harris and many other leaders in the Church honored us with their presence. Editors of Church papers, College Presidents, Friends and former Students came to do honor to President and Mrs. Harker, and all rejoiced not only in a quarter century of achievement, but in the bright prospect of the future.

#### .The Preachers.

We have learned as never before to appreciate the brotherhood of Methodist Preachers, their loyalty and devotion. Personally we would here speak a word of commendation and appreciation of every Preacher upon the Jacksonville District. Our heart has gone out to them in their joys and in their sorrows. The general health of the Preachers has been good, but they have not all escaped sorrow. The mother of Joseph Hallem had her home with her son at Petersburg. After a long illness, she slipped away and was not for God had taken her. Brother and Sister Anderson Orr honored among our veterans, were spending the twilight hours of their long and useful life at Roodhouse, when Sister Orr, fell asleep, while her aged husband still waits this side the stream. Maurice the oldest son of F. T. Peters responded to his Country's call, and as a soldier was rapidly winning promotion, but by an accident, while serving at Camp Americus, Georgia, he was killed. After his death his commission as Sergeant was received. Special services were held at Murrayville, where a great number of people came to tribute to the memory of one of our Preacher's Soldier Boy. The following day the body was taken to the old family home in Indiana.

#### Conclusion.

This has indeed been a strange and trying year. Events have rushed upon us with the suddenness and stress of a storm, but through it all we have noted a deeper faith in God, and a growing devotion to His cause. Our Preachers and people have shown a devotion and patriotism that has surprised us all. Among the Preachers on the Jacksonville District there is not a single drop of slacker blood, and none but true Americans. Our people stand by and back of the Churches, that they may stand back of the Government. Not only the present war must be won, but in our fight against all unrighteousness we shall push the battle to the gates. We will not cease our efforts until the King shall say "It is enough, come up higher."

#### SUPERINTENDENT'S REPORT-MATTOON DISTRICT.

W. D. Fairchild, Superintendent.

The following is a summary of the Superintendent's Report as ordered by the Conference:

In the re-districting of the Illinois Conference at the last session, by which

the Danville District was eliminated, I was transferred by Bishop Nicholson from the Danville to the Mattoon District, now comprising forty-four charges and embracing ninety-six churches.

#### Interruptions.

The year has been characterized by many interruptions, all unavoidable, but all interfering seriously with the orderly carrying on of the work.

Lerna, Murdock, and Charfeston Circuit, were left to be supplied. Rev. J. D. Ewers was transferred from the Southern Illinois Conference and appointed to Charleston Circuit. Rev. J. R. McBride was appointed to the Murdock Charge, and Lerna remained without a pastor most of the year.

In less than a month after Conference Rev. S. W. Balch died leaving the Vermilion charge vacant. January 1st Rev. R. N. Montague of LaHarpe, Kansas, was transferred and appointed to Vermilion. In February Rev. A. A. Heinlein of Kansas received a Chaplain's Commission in the United States Army and reported at once for duty. April 1st, Kansas was cared for by the transfer of Rev. A. C. Adams from Fort Lauderdale, Florida. In April Rev. T. M. Carter, pastor of Westfield was made a Chaplain in the U.S. Army and the charge left without a pastor till Conference. In April Rev. F. M. Harry gave up the Martinsville charge and entered the Army Y. M. C. A. work. Bev. J. O. Lehman was appointed from Paris Tabernacle charge to Martinsville, and the Tabernacle church left without a pastor till Conference. New Hope church on the Tabernacle charge was supplied by Rev. M. F. Ault. In May Rev. J. P. Edgar was compelled, or account of ill health, to give up active work on the Chrisman charge. He remained in Chrisman and with the assistance of neighboring pastors kept the pulpit supplied till the end of the year. His health is so completely broken that he must remain out of active service for an indefinite length of time. It is a source of sorrow to the entire Conference that our brother so well known, so efficient in service for the past twenty-five years, and so universally loved by the Conference, must, for the time being, step out of the active work. Rev. W. F. Pitner, pastor at Tuscola has suffered poor health through a large part of the year. During the past two months he has made rapid improvement, but has decided to step aside for a year in order that he may fully regain his health.

#### Evangelism and Membership.

Conditions over which we have had little control have worked seriously this year against our efforts toward special revival services. The public mind has been in a state of unrest, its chief thought being the war and matters related to it. The severe winter, together with fuel shortage worked against us. However, reports received show that pastors held 130 weeks of revival meetings resulting in 300 conversions and about the same number of accessions.

In membership our statistics will likely show a decrease in the District. This is due largely to a revision of the rolls in many places. Some of the churches have no reliable records of membership, and others have exaggerated membership lists. It is our-purpose to arrive at a fair basis, being careful to dispose of none except in a legitimate manner.

# District Meetings.

The Fall meeting of Ministers and Laymen was held Nov. 1-2 in First church, Paris, and was well attended. The Spring meetings were held in four groups, meetings in Tuscola, Mattoon, Chrisman, and Marshall. These were well attended by the ministers but poorly attended by the laymen. However, the effort was well worth while. The League Convention was held in June in Paris First church and was a decided success in every way.

#### Church Literature.

One of the serious duties of every pastor is to circulate our church literature and to try to cultivate a desire for it. A questionnaire sent out last fall revealed a situation that needs careful attention. It was discovered that among

5,121 families there were but 336 Advocates taken—one paper to every fifteen families. However, there has been a reported increase this year of 150 Advocates. There are about 150 Epworth Heralds taken.

### Mattoon Memorial Hospital.

It is known to the Conference generally that we have a Methodist Memorial Hospital in Mattoon made possible through the generosity of Dr. McFall some years ago, but it is not so generally known that this hospital is now housed in a modern, thoroughly equipped, up-to-date building that is second to none even in cities much larger than Mattoon. Mr. S. W. Phillips is the efficient President of the Board and takes delight in working for this institution. During the past year more than 800 patients have received treatment and more than \$1,000.00 worth of free work has been done. This institution's circle of influence is gradually enlarging.

# Property Interests.

No large church buildings have been erected this year. Some proposed building has been postponed till after the war. One church has been built, and a number repaired, and some improvements made on parsonage property. The Livingston church destroyed by the cyclone more than a year ago was rebuilt at a cost of \$2,500.00 and was dedicated free of debt Sept. 8. The church at Dorans was repaired to the amount of \$1,000.00. Paris First church has been redecorated and otherwise repaired at a cost of some \$2,000.00. Many of the small churches have been painted, papered or otherwise repaired. In November pastor O. B. Hess moved into the new \$6,000 parsonage at Villa Grove. At Chrisman a \$6,000 parsonage will be ready for occupancy by Oct. I. Sidell is preparing to erect a modern home for the pastor. Hume recently purchased a modern house for a parsonage costing about \$4,000. Many of the parsonages have been repaired and improved in varying amounts. The total for repairs and building will approximate \$16,000.00. During the year the indebtedness against church property has been reduced by about \$7,000.00. Two abandoned churches have been sold, Mt. Olive on the Ridge Farm work and Wesley Chapel near Mattoon.

#### Benevolences.

We have sought to bring the Benevolences before the people in a clear and definite manner, holding before them the apportionment as the goal. Pastors have taken the matter seriously and have labored to bring to their people an added sense of responsibility for these great causes, and the results will justify the labor. Many charges report one-hundred per cent of the apportionment. Last year the District raised 47 per cent of its apportionment. Present reports indicate this year's per cent will be greatly increased.

Generous things have been done outside the Apportioned Benevolences. Most of the churches have done something on the war fund and many have raised their full apportionment for this cause.

#### Women's Organizations.

The W. F. M. Society has had a remarkable year. The District President, Mrs. A. C. Alexander reports the pledge to be \$6,000.00 for the year and the amount raised to be \$9,006.

The Ladies' Aid Societies have been active, but less so than usual on account of war activities. Much of their time and effort have been loyally devoted to the work of the Red Cross.

The W. H. M. Society has enjoyed a prosperous year but I have been unable to secure a report from this society.

#### Increase in Ministerial Support.

In my report last year touching this matter I said, "During the past two years both pastors and people have, in many charges, become painfully conscious of the lack of adequate pastoral support." At the end of another year

I can only add that the pain has become more acute. With constantly soaring prices on everything the minister must buy there comes the full realization of the decrease in the purchasing power of his fixed income. It has become a serious problem with many a man just how he is to continue unless there shall come some relief by way of increased salaries or decreased cost of living. There is no prospect of any immediate reduction in the cost of living, hence there is but one alternative, and that is an increase in his income. Believing this to be a just claim and knowing that the church is abundantly able, I have sought to put before the churches their responsibility in this matter. I am glad to say that the churches have in most instances been quick to see the situation and ready to respond generously. Last fall salaries were increased \$1,600 in the District, taking effect for the present year. At the Fourth Quarterly Conferences minimum salaries have been fixed in all the charges. I have suggested that no charge ought to pay less than \$1,200 cash salary, and, with a very few exceptions in minor charges, this suggestion has been accepted. Thirty-two charges have increased from \$100 to \$500 each, making a total of \$6,500 to to be added to salaries for the coming year. This added to the increases last fall makes a total of over \$8,000 granted by the churches in one year. Our aim has been to place the salaries on a basis that would compare favorably with the other Districts, on a basis where men can live, and then to expect living men to serve these charges. It should be said, also, that every charge understands fully what is required of it for Conference Claimants and Bishops and that these items belong in the budget and must be paid out of the treasury and not misappropriated from the benevolences. It is to be said to the credit of the churches of the District that they accepted these two items this year generously and that benevolent monies must not be touched in making good these claims.

#### The Church and the War.

No people are quicker to recognize the rights of others than are Methodists, and no people are freer to give themselves in defense of these rights. This is the history of our people through the years gone, and it is no less true in the world struggle now on. Since war was begun four years ago our church has had occasion in many conferences, conventions, and assemblies to speak its mind, and never has there been an uncertain word. Our churches are open to all patriotic meetings, many of our ministers are in active war participation, our resources have been forthcoming in the war measures calling for money, and our boys are in the field in great numbers. Throughout the Mattoon District there is but one voice and that is the call for a victory that will mean the end of war and the ratification of the program of Jesus Christ among all nations. The service flags in the churches of the District bear more than 1,200 stars, some of which have already turned to gold.

#### Deaths.

Four times death has entered the parsonage homes of the District this year. In early October Bro. S. W. Balch of Vermilion was called. He had just moved onto the charge and was anticipating a happy year when he was suddenly called to come up higher. He had given some 27 years of service to the church, service that won scores to the Lord and built up the Kingdom.

In May Mrs. T. M. Carter died at the home of her parents in Bloomington. Rev. Carter had gone as a Chaplain only a few days previously, and Mrs. Carter had gone to make her home for the time with her parents. She was a noble Christian woman, consecrated to the work of the church, capable in a large measure, and loved by the people she served.

Little Paul Hammand, five-year-old son of Bro. and Sister C. W. Hammand was run down by an automobile in front of their home in Marshall and sustained injuries from which he died. He was a charming little lad, bright and cheery, putting warmth and glow into the home life and his going brought a heavy burden of grief to the stricken parents.

Just as the Conference session was closing last year Rev. W. S. Calhoun suddenly died in his home town, Tuscola. He was among our most beloved

and deeply devoted workmen and gave to the service of the church a long and active life.

#### Personal.

I desire here to record an expression of my appreciation of the fellowship enjoyed during the year with pastors and people. Of the good people of the Mattoon District it can be said there are none better. I have found them kind and hospitable, interested in the work of the Kingdom, and ready to do whatever seemed reasonable. I have found the pastors ready at all times to cooperate in whatever plans were made for the church's welfare and to them belongs the credit for whatever has been accomplished.

# QUINCY DISTRICT.

# A. S. Flanigan, District Superintendent.

All of the preachers of the District have been faithful to the high trust committed to them. There never was a year in which the people have said so little in blame of them and so much in praise. To work together with such men of God is indeed a joy. And the book would be a large one that contained all the praiseworthy things done in His name by them. The following are only a hint of all that might be written:

# Building and Improvement.

October 13, 1917, on the Camden Charge, was dedicated the finest purely country church in the District. It is named Fairview on account of its fine landscape outlook as well as for its large kingdom prospects.

Pleasant Grove, of the Columbus Charge, rededicated, on the 20th of October, 1917. So extensive were the improvements as to treble its value. And it is modern in all of its appointments. A building perfectly adapted to serve the community in every way a church of Christ should in our day.

J. C. Brown, whose pastorate for the first year in Pittsfield, has witnessed so many notable events, as 1,400 per cent advance in apportioned benevolences and the welcoming of the First German Church membership into his church, has had also the luxury of moving twice this year. Shortly after Conference the old parsonage was sold and a new house with every modern device for convenience and comfort was purchased. And by a truly unique method he provided for the difference in cost.

Vermont Street had to do something by way of adornment to be in accord with its very popular pastor, Dr. Francis Asbury McCarty. It speaks eloquently for itself. It cost \$2,700.

February 2d our church at Rushville was burned. The loss was total save for a piano and some Sunday School furniture. This was Saturday night. Sunday morning the Sunday School was held at the usual hour in the Court House, as were all other services that day and since. There was only one thing for this great church to do and they are doing it. In a very short time, including the insurance money, over \$40,000 was provided for a new building. The contract has been let and the new building is now being constructed. It will be the latest word in church beauty and utility. Rev. D. V. Gowdy, who is greatly loved by his people, is the inspiring leader in this magnificent enterprise.

# District Meetings.

In October we held our Annual District Stewards' and Preachers' Meeting in this church. The Conference Claimants' Endowment Campaign, Our Advocate, and Evangelism for the year were stressed at this meeting. The W. F. M. S. and the W. H. M. S. held very inspirational District gatherings which helped much in making the year the banner year for both of these great societies in the District. In January we called a conference of preachers and laymen in the interest of Wesley Foundations at the University of Illinois.

And though it was one of the coldest days of the year, the attendance was exceptionally large and the plans of the management received the unanimous and hearty approval of the Conference.

The Epworth League had every phase of their work considered in a large and enthusiastic District Convention. President Cole's League received the

banner this year as well as the year before.

The first day of our three Gospel Tent Campaigns was devoted to an institute at which we studied Church Finance, Sunday School Essentials, Wesley Foundation, The Church in Our Present World War, and some timely subjects for more efficient churches and preachers. Dr. J. W. VanCleve, Dr. W. J. Davidson, Dr. J. C. Baker and Superintendents Antrim and Pletcher helped greatly to make these institutes of high value. Thus by these District meetings every important interest of the church has been seriously studied this year.

# Money.

If, as has been said, our giving of our means to Christ's Church, measures our real love for Him, then never was our devotion to Him so full. For everywhere in our bounds in all war affairs intense "drives" with "over the top" and more has usually resulted. But these in no sense have hindered the church in all her money affairs to write the same victorious story. As the salaries of the preachers were advanced \$2,250. And this is about the average advance for the past five years. And already for the year to come the advance will be near \$3,000. Then the Apportioned Benevolences will receive more than ever before from the District, thirty-two Charges have reported 26 per cent over last year. While the W. F. M. S. reports to me an increase over last year in every auxiliary save one. And the W. H. M. S. reports an increase in all auxiliaries with no exception. And the miscellaneous causes have an exceptionally large amount to their credit.

# Sunday Schools.

We regret to report that our Sunday Schools will show a decrease both in the total enrollment and in the average attendance. This to some degree is accounted for by the large number of Methodist Sunday School men and women in the service of our country away from home. In two schools in the District the entire class of young men are in the United States Army. Every School has some now in France or on the way. The opinion generally held by our Sunday School officials is that the war in some way accounts for our showing.

Sunday School officials is that the war in some way accounts for our showing.

Rev. William T. Beadles, Chaplain of the Illinois Soldiers' and Sailors' Home, has had a very prosperous year. Several men and one woman have begun the new life. A large number of the members of the home are church members and some of them are active church workers. The attendance at all services has been good. For the last year the attendance of the Bible Class has averaged over 125. The attendance at the Thursday evening prayer meeting has been more than that. The preaching services at 2 p. m. and at 6:45 p. m. has been attended by as many as 400, and has averaged about 275. The chaplain and the soldiers are happy in their present relation and desire that this relationship be continued.

# Advocate Campaign.

Last December we put on a District-wide campaign to increase the circulation of our Advocates, the Northwestern in particular. The results, while not satisfying, were gratifying. Twenty-one Charges increased the circulation from 100 per cent to 1,200 per cent, three 50 per cent or more, from 25 per cent or more, and none decreased.

While our people, without the reading of our Advocates, may know to some degree our doctrine and discipline, they cannot be up-to-date, intelligent Methodists as regards our world-wide achievements and enterprises without the reading of them. And whatever else may be said of them, they are replete with this kind of knowledge. I am also sure if some of us spent less time in talking them down in public and in private and more time in talking them up in pulpit and home, not only would they have a far larger circulation, but the

papers would be "going on to perfection" in quality and our people through the knowledge thus gained would give a far greater and gladder response to the calls of the church.

# Chaddock Boys' School.

We were very desirous to have the Illinois Conference hold its session in Quincy this year. We are glad you are here for Quincy and Quincy District's sake. And, judging the days to come by the days that are no more, the inspiration of the many great services, and the benediction of your presence in our city and homes will long abide. But the chief object of seeking to have you here is that you might know Chaddock Boys' School, not by faith, but by sight. As the life of our religion depends not so much on the terms of our faith as on the force of it. So we would have both your faith and knowledge of Chaddock increased. Then when the time comes for our campaign for larger endowment and ampler equipment you will back it commensurate with its great opportunity to serve the Kingdom of God. We have planned to have you see it as a body, but we trust you will not fail to see it as individuals. The authorities welcome you at any time.

#### Evangelism.

Last year we were able to report more conversions and accessions to the church than in any other year of the past four. This year opened in a way that led us to believe that this year would surpass last year. But beginning December 9th there was more unfavorable weather for services in the revival season than we have ever known before. And at the first of March we feared that the year in this great work would be our leanest. But with the coming of better weather and the faith, zeal and persistency of many preachers together with three Gospel Tent Campaigns, we are enabled to come with rejoicing, reporting more than five hundred who made Him their choice.

The Methodist people in the District are a hundred per cent loyal. If they are not loyal they are not Methodist. In our midst not of our number we have just enough disloyalty and just about the number of slackers necessary to raise us to the height of 'black anger' against their utter ugliness and to keep our patriotism glowing at its best for the offensive and defensive at home and abroad.

#### SPRINGFIELD DISTRICT.

# E. M. Antrim, Superintendent.

# Bishop Leste and Brethren:

The new Springfield District comprises 46 pastoral charges and 72 churches. It lies in the heart of the commonwealth with almost every type of people and problem. It has within its bounds the down-town and suburban church in the capital-city, the village and the rural church among the farmers, townspeople and miners that make up its constituency. Our work is cast both among pureblooded Americans and foreigners.

#### Our First Year.

Though this is our first year, we have had a good one. Nearly every interest is on the up-grade. We know that Superintendents are in the habit of giving glowing reports of their District work, but we believe we have a report with a phosphorescent glow that won't come off. The year's work began with a District meeting of great power and grip, when the Ministers and District Stewards were gathered together for a part of two days to consider the theme: "The Ideal Church and the Ideal Minister." As an outcome of that meeting, a comprehensive program was adopted which we pledged ourselves to realize if it took five years to do so. It is as follows:

1. A ten per cent (net) increase in church membership and Sunday School attendance, by the use of every legitimate means, such as revivals, personal

evangelism, gospel teams, constituency roll, special efforts and the utilization of the lay forces of the church.

- 2. Every Sunday School standardized and doing 100 per cent efficient work.
- 3. Galvanization of the men's work and Young People's Society in every church.
- 4. The current expenses of the church taken care of by united, prayerful and loyal work on the part of the laity. This includes the adoption of the disciplinary financial plan.
  - 5. All benevolent apportionments to be raised in full.
  - 6. The conference Claimants' Endowment fund to be pledged in full.
  - 7. All church debts to be cancelled.
- 8. Every church to make far-sighted plans to secure adequate and up-to-date equipment in its building and accommodations to meet the church and community needs.
- 9. Constant prayer and endeavor to be made to secure recruits for the ministry.
- 10. Wider circulation of Methodist papers, books, magazines and literature in all our homes, particularly our Area Advocate the Northwestern. Special goal—every official member a subscriber to a church paper.
- 11. Every preacher and every church prepared for the most effective work by the adoption of a carefully thought-out program of work.

How nearly we have approximated this high standard, the following report will show.

#### District Plans.

To assist him in carrying out the program as adopted, the Superintendent was authorized to appoint a District Cabinet composed of a dozen of the ministers and laymen of the District, who have met a number of times to counsel and plan concerning the work. Among other things authorized was a little District Herald published once a month. Special drives were also planned for Advocate subscriptions in December, for converts and new members from January to Easter, for the Conference Claimant Endowment Fund in April and May, for the Benevolences at the close of the year. In order to promote the work better, the District was divided into seven sub-districts, with a center and chairman named for each. In each of these groups a very successful simultaneous third quarterly Conference and Group Meeting was held in the spring when we secured some of the finest talent in the church, including two of our Superintendents, to present various phases of church work. Brief reports were heard from pastor, Sunday School superintendent, Epworth League president and church treasurer. Those churches which had raised and paid the ministerial support in full to date were placed on an honor roll. Fiftyfour out of the 72 churches went on that roll. The series ended with a great Social Union banquet in Springfield at which over 300 plates were laid. Charts were prepared, showing the standing of each church on Ministerial Support, Conference Claimants' Fund, Benevolences, New Members, Sunday School and Epworth League standing, Stars in the Service Flags and new subscriptions to church papers. A ten-year study of the standing of each church had also been prepared on charts by Brother E. S. Combs, which was designed both to instruct and inspire the laity. So successful were these meetings that we intend to repeat them in some form next year.

## 10 Per Cent Increase in Membership.

Reports of the whole year's work show that about 25 per cent of the church reached or passed the 10 per cent increase in membership. Laurel Springfield, Rev. A. B. Peck pastor, stands first in point of numbers, making an advance of an even 100 or 17 per cent. Witt comes first in point of percentage with sent gain of 64 new members or 33 per cent. Other charges which made a gain of 10 per cent or more are: Millersville, C. C. Pearce, pastor; Butler, S. C. Hilburn, pastor; Farmersville, M. M. Marshall, pastor; Kincaid, A. M. Sinclair,

pastor; Niantic, H. C. Munch, pastor; Nokomis, A. S. McIntosh, pastor; Morrisonville, O. D. Ross, pastor; Dawson, Harold Hartman, pastor; 18th Street, Springfield, T. L. Marsden, pastor.

#### Financial Victories.

The year has been marked by some extraordinary financial achievements. In spite of war demands, our people have been generous with their offerings, and every department will register an advance. They seem to be catching the vision and glory of Christian Stewardship. In ministerial support 26 charges this year increased the pastors' salaries to the amount of \$4,374, while 25 charges have already promised an increase for next year amounting to \$5,075, making a total of \$9,559, with enough more in prospect to put it above the \$10,000 mark.

The 26 charges that increased the salaries this year and go on the star roll are: Blue Mound, \$100; Buffalo, \$100; Butler, \$50; Farmersville, \$80; Grove City, \$100; Irving, \$75;-Kenney, \$50; Kincaid, \$750; Middletown, \$50; Millersville, \$200; Morrisonville, \$150; Mt. Auburn; Mt. Pulaski, \$250; Oconee, \$100; Owaneco, \$200; Pawnee, \$200; Pana, \$100; Raymond, \$100; Rochester, \$50; Rosamond, \$50; Shiloh, \$50; 18th Street, Springfield, \$519; Laurel, Springfield, \$200; Stonington, \$200; Williamsville, \$250; Witt, \$350.

#### Benevolences.

Our charges have almost without exception closed the year with current expenses all met, while offerings for the apportioned benevolences will show a remarkable advance. Last year only 3 charges on the District raised the benevolences in full. They were Mt. Auburn, Chestnut and Mt. Pulaski. This year nearly every charge will show marked advances while about one-third of the charges of the District, beginning with the fine achievement of First Church, Springfield, which raised its great benevolent budget of \$2,809 in full for the first time, will report all benevolences in full. Those charges are, Blue Mound, Buffalo, Butler, Chestnut, Farmersville, Grove City, Middletown, Mt. Auburn, Mt. Pulaski, Niantic, Nokomis, First and 18th St. Springfield, Witt and Owaneco.

# Conference Claimant Campaign.

At the same time the Conference Claimants' Endowment campaign resulted in bringing in \$38,369 on the permanent fund, mostly from smaller charges, which swings our District standup up from sixth to third place in this matter. About 9 per cent of the charges, including the city of Springfield, which is 100 plus, are over the top and the rest will be early in the new year.

#### Bequests.

Mr. Daniel Bottrell, of Mt. Auburn, left in his will the sum of \$500 each to the Ladies' Aid Societies of Mt. Auburn and Illiopolis and \$1,000 to the Conference Claimant Endowment Fund, while Mrs. Cantrall, of Rochester, left about \$2,000 in trust to the trustees of the Rochester Church, the interest of which is to be applied on the pastor's salary.

# NOTABLE ACHIEVEMENTS.

# Owaneco.

Among them was the completion and dedication, free of debt, of the beautiful new \$20,000 church at Owaneco, an architectural gem. Amidst great difficulties this victory was won. After the persistent and heroic work of Pastor Drake, who gave every ounce of his strength to the enterprise, had come to its fruitage, dedicate a day dawned with many thousands of dollars to be raised. But the finances were ably handled by Dr. W. J. Davidson, so that at the evening service, the District Superintendent announced every dollar subscribed with over a thousand to spare and dedicated the church amidst great rejoicing. It is now thoroughly equipped for the right man to come in and do a great constructive piece of church work.

# Raymond.

Notable also was the raising of \$2,100 at Raymond to dedicate the beautifully remodeled church there free of debt. After the ground had been carefully prepared by the pastor, Rev. Paul E. Carson, the people responded so generously to the appeal of the Superintendent on dedication day, that the whole sum needed was pledged in 25 minutes and the Doxology sung. The hopeful and aspiring people there are going to raise the salary \$400 next year and have more than enough pledged already to cover all expenses.

#### Witt and Nokomis.

Great financial victories were also won at Witt, Rev. P. R. Powers, pastor at Nokomis, and Rev. A. S. McIntosh, pastor at Witt, when, on two successive Sundays, \$3,000 at the former place and \$2,000 at the latter was raised to pay parsonage and other debts and to take care of the Conference Claimant Pledge. After careful preparation by the pastors these amounts were quickly subscribed in response to the appeal of the District Superintendent.

# Taylorville.

An imperfect roof needing repairs, the necessity of installing a new furnace and the desire for ample and up-to-date Sunday School, banquet and recreational quarters have led to the launching of a \$40,000 project at Taylorville under the leadership of the pastor, G. W. Flagge and his officials, with over half of it already subscribed. When completed, the Taylorville Church will be practically new, as well-appointed as any, and well equipped to meet the problems of young life, civic and church duties in the reconstruction days just ahead of us.

# Other Church Improvements. .

The Pana Church, under Brother E. S. Comb's leadership, has raised over \$4,200, this for a new heating plant and basement. Amounts raised and paid for church improvements or indebtedness by others are: Millersville, \$225; Kincaid, \$1,500; Laurel Springfield, \$1,400; Kumler Springfield, \$572; Williamsville, \$600; Mt. Pulaski, \$250; Grove City, \$600; Mechanicsburg, \$500; Buffalo, \$800; Oconee, \$500; Dawson, \$150; Blue Mound, \$133; Elkhart, \$550; Morrisville, \$225; Taylorville, \$898. Brethren, there are many more things we might say about the results of the fine team work of laymen and ministers, characteristic of our District, but ye can not hear them now. The Superintendent wants to thank all those who have contributed so enthusiastically to the year's work. We have some of the finest preachers and the greatest laymen in the conference.

"It ain't the individuals,
Nor the army as a whole,
But the everlastin' teamwork
Of every bloomin' soul."

#### The Centenary.

At such a time as this birth of the Centenary Movement is Providential. In the midst of the world crisis, in which the church as well as all other high interests have become involved, this Divinely inspired movement is launched. It is a bold and audacious adventure. But it will win. It will work wonders in the world. We see in it not merely the raising of \$80,000,000 to aid in the salvation and reconstruction of a torn and bleeding world, but a Diving Call to a deeper religious life, higher standards of stewardship and a greater force of Christian workers. Such a movement is needed for our own sake as well as the war-scared world. When 100,000 people in 104 villages in a section of one of our great commonwealths are without Church, Sunday School or gospel, it is high time we should awake to such a peril and opportunity. When 50,000 Italians are crowded into one block of a city and thousands of Russians on the East Side of New York may become the prey of Bolshevikism which terms us "Christ-screamers" and proceeds to destroy our liberties and batter down

sacred human rights, it is time for the Zion of the Lord to go first to her knees and then to her task with all her Divinely inspired might. The biggest thing in the Church in the next five years will be the Centenary. It will be Methodism's contribution to the spiritual and moral and material reconstruction of the world.

## Ministerial Shortage.

Due partly to war conditions and partly to personal reasons, the ministerial shortage on the Springfield District is extraordinarily acute at this time. We are hit harder in this particular, than any other District in the Conference. This only serves to accentuate a situation which is causing every Superintendent much anxious thought. With but few young men joining the Conference we must look in the future for ministerial recruits among the boys who have responded to the country's call in the great war, when the war is won. No doubt many of them will return better equipped than ever, to serve in the mighty days of reconstruction before us. A drive to this end should be launched at the opportune moment. We have lost or will lose eight at this conference. They are W. W. Drake who after 27 years of faithful service in the Illinois Conference, dedicated free of debt the beautiful new church at Owaneco, only to suffer a complete breakdown and must regretfully ask for superannuation; Oscar Stewart of Sharpsburg, and Paul J. Snyder of Kenney, both of whom responded to the call to go to colors, the former now in service in France, the latter in the medical arm of the service; W. M. Carter of Blue Mound who under solemn promise to his son, who is also "over there," to take care of his farm while away asks for a year's leave of absence; H. M. Derby of Illiopolis who is retiring; O. C. Ross of Morrisonville, who for family reasons has transferred to the Colorado Conference and takes up work at 5th Ave., Denver; F. A. Dowler who was at the last conference was assigned to Niantic, but later gave up the work at his own request is withdrawing from the ministry and Paul E. Carson, who after an extraordinary year at Raymond goes to the Theological Seminary if not into the service of the country.

# The Church and the War.

Patriotic fires have been burning in all of our churches. Whenever in the history of our Country, it has become involved in the war for some great principle or our precious liberties or the cause of Democracy, the Methodist Church has proved its unfailing loyalty by springing to its aid. Now that nearly all the world is engaged in a death grapple with a military autocracy, seeking military, political and commercial domination, the Methodist Church is offering its treasure and its sons with lavish prodigality. We have something like 750 stars in our District Service Flags. We know our cause is just and right. We know God is on our side. We are proud of our Yankee boys who are rolling back the hordes of the enemy. We know final victory will be on our side. We know that the Kaiser's present peace offensive would lead to an offensive peace and we will not listen.

## Personal.

Through storm and sunshine, in zero weather and when the thermometer stood at 106 in the shade, without a day's vacation this year we have tried to discharge the duties of our position. We tried with our might to do what our hands found to do. We have traveled 15,424 miles by trolley, train, carriage and auto through snow drifts as high as the buggy tops, and in weather when the atmosphere quivered with heat. We have delivered 169 sermons, lectures and addresses. We have done things our predecessor in office, Peter Cartwright never thought of doing—that is work for an hour to pull out an auto mired in a mud-hole. We have been admitted to the inner circle of the finest fraternity on earth, that of the Methodist Ministry, whose unfailing kindness we can never repay. We have been admitted in the most intimate way to the inner shrine of their joys and sorrows. In order to prepare the better for the discharge of the responsibilities of this office, we have not only familiarized ourselves with the conditions in our own District, but through a survey of the whole conference by means of a questionnaire sent to the men we have made a most complete compilation of accurate data respecting nearly every man and every church in the

conference, put together in loose-leaf form ready for instant reference. We want to thank the Brethren for responding so generously to the request for facts.

#### Final Word.

Finally, brethren, it is great to be alive in this year of our Lord. We would rather be alive now and have a little part in the salvation of the world right now by cross and sword than to have lived at any other period of the world's history. We're glad we're in the thick of the fight. For it is

"Better in one ecstatic epic day,
To strike a blow for glory and for truth,
With ardent singing heart to toss away
In Freedom's holy cause my eager youth,
Than bear, as weary years pass one by one,
The knowledge of a sacred task undone."

# (B) STANDING COMMITTEES AND -BOARDS

# REPORT OF COMMITTEE ON BENEVOLENCES.

Your committee records with gratitude to God and a just pride in the liberality and loyalty of our people, the handsome increase this year in the total of contributions to the various benevolent causes authorized by the church. But it should be remembered that the constant decrease in the purchasing value of the dollar materially reduces the apparent advance in benevolent gifts, and calls for a steadily advancing goal of giving.

The reports of pastors and District Superintendents indicate that from onethird to one-half of the charges in the Conference have reached the full amount of their apportionments and deserve to be rated as 100% charges, while many of them have gone over the top with an advance beyond the apportionment.

We maintain that our benevolent causes are of equal importance and validity with the claims of the local church and equally binding upon pastors and people, and we recommend as an objective, a minimum of 100% for every charge and as a maximum the obligations of Christian stewardship to God and Christian brotherhood to men.

We urge the pastors to employ, wherever practicable, the Disciplinary Financial Plan and the every member canvass of church and constituency, for both local and benevolent budgets, and inasmuch as the organization trained for the financial interests will also be used to carry out the program of the Centenary movement we suggest that the canvass for the regular financial budgets be put on as early in the year as possible.

We recommend that, a Conference Commission on finance be appointed and we nominate for that commission: G. W. Randle, S. N. Wakefield, E. H. Lugg, A. H. Flagg, C. F. Juvival, C. S. McCullom and F. B. Ward.

G. W. RANDLE, Chairman. L. G. CUMMINS, Secretary.

#### CONFERENCE CLAIMANT COMMISSION FOR ENDOWMENTS FUNDS.

Your Commission for the campaign for Conference Claimants Endowments Funds respectfully reports in addition to the report made by the Field Secretary, H. C. Gibbs, the recommendation for action upon the following resolutions: RESOLVED:

First. That the Conference Claimants Commission with the powers conferred by the Conference in 1916 and reaffirmed in 1917 be and is hereby continued;

Second. That the Commission shall provide for all necessary expenses incident to the most efficient prosecution of its work;

Third. That Henry C. Gibbs be appointed as the Field Secretary, who shall work under the direction of the Commission and be ex-officio member of the Commission;

Fourth. That Veterans' Day shall be observed in each of our Congregations when special efforts shall be made to secure intelligent and hearty cooperation on the part of each congregation, Sunday School and Epworth League in

- (a) Setting before our young men the claims of the Christian Ministry as a life work.
- (b) Securing the standard amount in pledges wherever that standard amount has not been subscribed;
- (c) The prompt payment of pledges made, and at as early a day as possible the full payment of all installments on the pledges;
- (d) In raising not less than \$250,000 over and above the standard amount which is absolutely necessary to furnish an adequate support for our Conference Claimants which has long been overdue them by the church; and
- (e) To keep the fact before all the people that at least this additional sum of \$250,000 must be raised before there can be any decrease in the amount appropriated annually to the Pastoral Charges for collection. For this purpose both the Ministers and Laymen should seek out persons who could be induced to make large gifts and bequests for our Endowment Funds, calling especial attention to our Annuity plan and the schedule of rates as published in the By-Laws of the Preachers' Aid Society.

Fifth. In order to conserve the endowment funds and to protect the conference and the church from unfaithful and inefficient men

- (a) Great care should be exercised in admitting men into the Conference;
- (b) Members of the Conference who become inefficient because of entanglements in secular affairs should be denied the Supernumerary Relation, but rather should be given a certificate of location at least until such disabilities have been removed;
- (c) That the District Superintendents and the committee on Conference Relations be and are hereby requested to give the fullest examination of all requests for placing any brother upon the retired list, and to be ready to give to the Conference upon each request the grounds upon which any recommendation for this honorary relation may be made;

Sixth. That the Conference Board of Stewards be and are hereby directed to observe the annuity principle as primary in the distribution of funds available for Conference Claimants.

B. F. SHIPP, Chairman. M. N. ENGLISH, Secy.

# CONFERENCE CLAIMANTS' AND PREACHERS' AID SOCIETY.

(1)

In view of the action of this Conference to push the great campaign for \$500,000.00 endowment for the conference claimants and the splendid progress thus far attained, we urge it as the paramount duty of every charge to see that the standard amount asked for this fund be raised in full this year, if at all possible; also that full support and assistance be accorded those who have this campaign in charge.

(2)

An erroneous report has gone abroad to the effect that as this conference claimants' fund is raised and paid, the present apportionment of six per cent of the pastor's salary would be correspondingly reduced. Dr. Gibbs is in no way responsible for this error. We recommend that great care be taken to explain to all our charges that this special endowment is entirely extra and

that the annual apportionment will continue to be asked and we recommend no decrease.

(3)

We respectfully ask in view of unprecedented cost of living and shortage of funds for our conference claimants that those who may find it possible relinquish their funds to help from this fund.

4)

We reaffirm our statement of last year with respect to the Preachers' Aid Society, which is as follows:

- "In view of the fact that, by the adoption of the Report of the Commission on Conference Claimants, every member of the Illinois Conference becomes a sharer in the benefits that shall accrue from all funds secured, ultimately including the funds and endowments of The Preachers' Aid Society; and, until a large productive endowment has been secured, the funds available for annual distribution to Conference Claimants by The Preachers' Aid Society will depend in part upon the payment of annual dues by the members of the Preachers' Aid Society; therefore, be it
- "Resolved, (1) That every candidate for admission into membership of the Illinois Conference, before he is admitted into the Conference, shall be asked to pledge himself to become a member of and pay his annual dues to The Preachers' Aid Society;

(2) That with every member of the Illinois Conference it is a matter of good faith that he become an active member of, and pay his annual dues to The Preachers' Aid Society, in the benefits of whose funds he is to share; and,

(3) That each member of the Conference who shall be appointed to service other than that of Pastor or District Superintendent shall furnish the Secretary of the Conference the name of the position held, and the amount of salary or income received from said position."

(5)

We profoundly appreciate the dauntless and untiring labors of our Field Secretary in the Campaign, Dr. H. C. Gibbs, and we most sincerely recommend his reappointment to this office for the coming year.

R. Y. WILLIAMS, Pres. J. C. BROWN.

### CHADDOCK BOYS' SCHOOL.

It is with pleasure that we report that the Chaddock Boys' School has had a most successful year. The agricultural department which has for four years past been such a strong feature of our work has come in to a much larger

place. The trustees have leased a farm of 157 acres, one mile south of the school, where ten of our boys live. They are under the direction of a farm manager and operate a dairy, cultivate the land and harvest the crops. With the remodeling of the house where we now have our own light plant, a furnace, hot and cold water, the boys live under the most wholesome and comfortable conditions.

Another beautiful new building, the Joseph S. Hoyt Hall, is nearing completion. Twenty of our boys occupy the domitory in this hall while the carpenters are busy finishing the first floor. We now have accommodations for sixty-five boys, and more than double that number of boys sought a place with us this year. Sixty-five are now under our tuition.

Under the new financial plan outlined by the Conference last year we reached fifty-four charities in the country. Pledges and cash to the amount of \$6,274.89 were received. Of this amount \$2,694.74 has been paid in and vouchers returned to the pastors for their reports. This amount, together with the \$3,000 contributed by our Chaddock Aid Society, enabled us to close the year without a deficit, though we had done \$5,000 worth of the work. The school will be happy to continue the financial plan as set forth in the Conference minutes of last year on page 77.

Thirty-nine Chaddock boys are now enlisted under the National Colors. Four of our High School boys enlisted from the school last year. We recommend the election of the following named persons trustees of the Chaddock Boys' School:

Rev. F. A. McCarty, D. L. Musselman, J. F. Chappell, H. B. Dines, Rev. E. M. Antrim, J. W. Henry, Mrs. Idella Hewes and Rev! A. S. Flanigan.

### CUNNINGHAM CHILDREN'S HOME.

There is but one deaconess under the jurisdiction of the Cunningham Children's Home, Miss Laura Bateman. It is reported by Mr. Fowler, the Superintendent, that the Home is in most excellent condition, but very much crowded and will soon be seriously embarrassed because of the lack of a building for the care of contagious diseases among the children. We have not before us the figures to indicate the number of children cared for during the year nor such a report as would enable us to make any statement as to their financial condition, but we most heartily commend the institution as one of the most worthy within the State of Illinois, for the care of dependent orphan children. In this institution, as also in the Chaddock Boys' School, there are listed quite a number of women as associate workers.

We nominate for the class of 1921, A. H. Flagge, W. H. Wilder, Mrs. E. G. Sandmeyer. For the year 1819 the members are M. G. Coleman, N. M. Rigg, C. R. Morrison. For the class of 1920, Mrs. H. L. Haywood, Mrs. S. A. Bullard, Mrs. Geo. H. Wilson.

(Signed) W. H. WILDER, President. M. G. COLEMAN, Secretary.

### DOMESTIC MISSIONS.

Whereas the rural church situation is of so great importance, there being in many communities churches of other denominations, as well as our own, which have been practically abandoned and the fields left largely, if not altogether to the Methodist Church. And whereas many of our weaker churches could be greatly strengthened if there was sufficient means to support a stronger man than is possible under present conditions. Therefore,

Be it resolved, That every pastor is urged to raise his full apportionment

for Domestic Missions and Church Aid.

FRED REED, Chairman. E. L. CARSON, Secretary.

#### EDUCATIONAL REPORT.

Your Committee on Education submit the following report:

The great war, which has brought changes to every other phase of life, has not failed to affect our colleges. We are proud of our young men, who have responded to our nation's call in this her hour of need, as well as the young women who are giving their service to the Red Cross and kindred agencies.

But the going away of these young people has brought great problems to our schools. At the Illinois Wesleyan the service flag displays 325 stars, representing the students and alumni who are now in the various phases of war work. The loss of so many students at one time makes a very serious situation, which would prove an embarrassment indeed were it not for the Government's decision to convert the colleges into temporary training camps. At this school barracks are already in preparation to take care of the more than three hundred regular and limited service men that are expected to enroll September 30 for combined literary and military training. This is undoubtedly a great opportunity for our young men, and we desire to urge our pastors to do their utmost to get the young men who have the equivalent of a high school education to enroll at the Illinois Wesleyan this fall, and by so doing without doubt in the case of the younger men will be enabled to complete the greater part of a year's work before being called to the regular army service.

The work of taking care of these young men Illinois Wesleyan realizes is a big responsibility, but it is adjusting itself to the task with a desire that they shall receive the largest possible benefit. The churches of Bloomington are expecting to co-operate in showing hospitality to these young men and throwing about them the very best moral and spiritual influences while they are here. The local Y. M. and Y. W. C. A. are also making plans to help co-operate with the college in throwing the best moral and religious safeguards among the young men and women in school the coming year.

The Y. M. C. A. was re-organized this past year and did some very successful work. It sent the second largest delegation to Lake Geneva this summer that was sent by any college in seven states attending that great Conference. The Y. W. C. A. also sent a large delegation to Lake Geneva, and they have all come back imbued with a spirit of earnestness and a desire to make this coming year the greatest of Illinois Wesleyan's history. Illinois Wesleyan made a record in the study classes under the auspices of the Y. M. C. A. and the Y. W. C. A. These classes were organized voluntary classes, and made this remarkable record, that they earolled every student of the College of Liberal Arts in the University, a record unsurpassed by any school in the country. These associations are making very active plans for the coming year. They are planning to have their Bible Classes, Mission Study Classes and other active work. The College Secretary of the Y. M. C. A. has promised to spend one

week at the opening of school in helping the boys get the work going. We have also been apprised that a Y. M. C. A. Secretary, furnished by the National Y. M. C. A., is to be sent here for work among the boys the coming year at the expense of the Y. M. C. A. Also Bishop Nicholson and Mrs. Nicholson have promised to come early in the year for nearly a week to hold Conferences and religious meetings with the student body.

A number of changes were made in the faculty this year owing to the resignation of the six or seven of our teachers. Most of the teachers received handsome advances in salary at other institutions, while some of them went away for post-graduate work, but in their stead some very excellent teachers have been engaged, and they have the highest type of scholarship and will be a credit, we feel sure, to Illinois Wesleyan in these days of enlarged opportunity and increased responsibility.

By action of the Board of Trustees the Academy was discontinued last June, but provision was made for those who are lacking one or two credits of meeting entrance requirements to make up their work.

Prof. J. W. Henninger, a member of this Conference and a faithful and efficient member of our faculty, after a brief illness, passed to his eternal reward. He was an excellent teacher of ripe scholarship, a man of rare Christian character and exerted a most potent influence for good in the school and community. He was greatly beloved by students and faculty and he will be greatly missed.

Three of our student body are represented by gold stars in our service flag. Two of our choice young men died in cantonments and one died of wounds in Flanders.

### ILLINOIS WOMAN'S COLLEGE.

At the Illinois Woman's College the problems incident to the war has had a more serious effect than at our co-educational institution. While last year showed a small increase in students, this year will likely show a decrease. This loss of the usual tuition, together with the increased expenses incident to these war times, will without doubt present a serious financial problem for this school.

The operating accounts for the year show a deficit of \$2,663. It is a pleasure to report that this amount was wholly provided for at Commencement time by gifts of friends, so that the year closed without indebtdeness. But the need of a large additional endowment is imperative, and must be secured at once to insure the continued high standard of college work and to meet the current demands.

The year 1921 will be the seventy-fifth year of the college, and should be marked by a fitting Diamond Jubilee celebration, and by the addition of at least \$400,000 to the assets of the college, for endowment, buildings and equipment, making the total value of the college plant at least one million dollars. The Trustees have announced their purpose to secure this amount, and earnestly request the support and co-operation of the Conference to this end.

The Rev. Charles A. Nyman, formerly of this Conference, and now of the Rock River Conference, has been elected Vice-President of the College, to assist President Harker in general college administration. Mr. Nyman is well fitted for this work, and will bring to it energy, ability and enthusiasm. We bespeak for him a hearty welcome to the Conference.

At the Commencement last June there was special and fitting recognition of the completion of twenty-five years of faithful and efficient service of President and Mrs. Harker. The city of Jacksonville, the Trustees, Faculty and past and present students of the College, Bishop Nicholson, Secretary Harris and many other representatives of the Church and Conference with representatives of a large number of colleges and universities united in expressions and tokens of honor for this man and woman who have for twenty-five years given their lives to the College and to the educational interests of the Illinois Conference and the Methodist Church.

### THE WESLEY FOUNDATION AT THE UNIVERSITY OF ILLINOIS.

The University of Illinois is this year a great military school. Hundreds of men for more than a year have been in training in the Ground School of Military Aeronautics. Now, in addition, plans have been perfected for taking care of five thousand men under the new Government scheme for the Students' Army Training Corps.

Counting the women students, the present outlook is that there will be one of the largest student bodies ever at the University of Illinois.

The situation as above described serves to make more urgent than ever the work of the Wesley Foundation in its endeavor to provide social and religious care for University students—especially those of Methodist affiliation. The University authorities have appealed to the churches about the campus for assistance in the social and moral care of the men in the Students' Army Training Corps.

In the matter of the campaign of the Wesley Foundation for five hundred thousand dollars—already authorized by this Conference—we submit the following agreement made between the District Superintendents of the Central Illinois and Illinois Conferences and the Joint Centenary Committee. We recommend the approval of this action by the Conference.

- 1. The Wesley Foundation is in a state-wide campaign approved by all of the Conferences of the State for five hundred thousand dollars, of which the Central Illinois Conference has accepted \$100,000.00 as its portion and the Illinois Conference has accepted two hundred thousand dollars as its portion. This campaign has been repeatedly delayed on account of the continuation of campaigns for colleges, conference claimants and various war activities. It has the right of way for its completion by action of the respective Conferences of the State. The earliest possible time for the prosecution of the campaigning is following the Conference sessions this fall.
- 2. It will be an embarrassment to both campaigns for either one of them to go forward singly.
- 3. We believe the work of the Wesley Foundation is a legitimate Centenary objective, both for the Home and Foreign Boards.
- 4. We request the Centenary Commission to recognize the Wesley Foundation campaign as a part of the Centenary on the following basis:
- (a) The askings for the Wesley Foundation shall form an integral part of the total apportionment to our respective Conferences and the regular apportionment made by the Centenary to the Conferences shall include this amount as an additional part of the same.
- (b) In the matter of the actual returns from the Centenary campaign in the Central Illinois and Illinois Conferences, the Wesley Foundation shall share in its due proportion as the amounts are collected.
- 5. We believe that this arrangement will be mutually beneficial to the Centenary and the Wesley Foundation, as it will enable the Central Illinois Conference and the Illinois Conference to give their undivided attention to the work of education, organization and successful prosecution of the Centenary campaign from Conference time on.

### THEOLOGICAL SCHOOLS.

We commend our theological schools for their helpfulness in keeping before' the Church the need of the best training of the high calling of the ministry, and for the continual raising of the standards to keep pace with the rise of standards of the professions.

### BOARD OF EDUCATION.

The Educational Board is rendering very efficient service to the Church. The closing of the Educational Jubilee campaign July 3, by which movement the colleges were led to raise the sum of \$27,000,000, is a triumph in itself, while the ''loan fund'' under the management of this Board is aiding an increasing number of students, which number from the beginning has passed the 25,000 mark. To aid ourselves we should raise our educational apportionments in full.

We congratulate ourselves that we have had for leaders of our schools Dr. Harker, who for a quarter of a century has led in the advancement of this institution; Dr. Baker, who has given us for eleven years inspiration for the work at the U. of I., and Dr. Kemp, who has for ten years led us in the work at the I. W., and we express the hope that they will be spared to us for many years to come.

We nominate for members of the Board for the Class of 1921 the following: W. D. Fairchild, C. R. Morrison, L. J. Owen, G. Cathcart, B. F. Huff, H. W. McPherson, C. N. Snaveley, A. C. Adams and C. M. Duncan.

We nominate for trustees and visitors the following: Wesley Foundation—John Stipes, two years.

Illinois Wesleyan—Trustees: J. C. Nate, William Cathcart, L. J. Owen and H. B. Snaveley. Visitors: J. W. Davidson, George Scrimger, B. F. Shipp, M. N. English, H. W. McPherson and Arthur S. Chapman.

Illinois Woman's College—Visitors: J. C. Nate, A. C. Piersel, T. N. Ewing, Arthur S. Chapman, C. R. Morrison, District Superintendent Jacksonville District, and pastors resident in Jacksonville, District Superintendent Springfield District.

Theological Schools: Iliff, E. M. Antrim; Boston, H. W. McPherson and A. K. Byrns; Drew, F. B. Madden; Garrett, C. F. Junivall and E. G. Sandmyer.

### CONFERENCE VISITORS ILLINOIS WESLEYAN UNIVERSITY.

One year ago we were appointed by this Conference as Visitors to the Illinois Wesleyan University, and we now appear to report to you on what we

have observed and learned touching conditions obtaining in the Illinois Weslevan University.

On every hand there is a feeling that with the equipment and endowment she has, the Illinois Wesleyan University has done, and is still doing, a great work. Her contribution to Methodist leadership in Illinois and elsewhere has been of high order and greatly to her credit; her contribution to education and to the teaching and legal professions has been equally significant. During all these years she has had to try to meet the demands of the times with nothing like the endowment and equipment which many strong educational institutions enjoyed.

There is a widespread conviction that the great endowment campaign for the Wesleyan, which received its inspiration from the magnificent conditional gift of \$200,000 by Mrs. Martha A. Buck, and which was brought to a victorious conclusion in the Interconference educational forward movement, marked the beginning of a new era for the Wesleyan. We believe the conviction has some good reasons back of it, but not as many as it needs. President Kemp and his faithful faculty, as well as the Presidents and faculties of other days, have had to make brick without straw in too many instances. They have done nobly; what they might have done, had they been given the money, the equipment and the room for doing it, would have surpassed all they have accomplished in a measure that both thrills the imagination and also makes us ashamed of the limitations they endured.

While we rejoice at the good which has been accomplished by this institution of the Illinois Annual Conference, we beg to report that certain conditions exist there which involve questions so vitally related to the future interests and welfare of the school, and, therefore, to the welfare of this Conference, that, as your appointees, we deem it due your body to officially bring them to your attention and ask you to give them your earnest consideration and take such advisory action concerning them as you may deem advisable.

First—We respectfully call attention to the inadequacy of the present campus and buildings to meet the demands of the school if it is to maintain its past record and successfully compete with other schools in the state which afford superior equipment and advantages. It seems to us that a declaration by this Conference would be appropriate as to the urgency of adopting a definite program for the next half century and the best method of beginning now to carry the same into effect.

Second—We call attention to the fact that a recent proposition for the removal of the Illinois Wesleyan University to another city has given rise to the question whether the Illinois Wesleyan University may, under any circumstances, be moved from the place where it was originally located and still exists. A difference of opinion has developed on this question, which is still open and undecided by the Joint Board of Trustees and Visitors. The proposition for removal to another city was declined, but not for this reason.

A declaration by the Conference at this time would seem to be appropriate, if not essential, upon the question whether the school should have the freedom to change its location in case its best interests seem to demand such change, or whether the matter of location should be held as irrevocable and primary and the highest interests of the school and its future development subordinate thereto.

Third—We find considerable sentiment in favor of such a co-ordination of the Methodist co-educational colleges of Illinois at some strategic city-center in the state, as would result ultimately in merging all of them into one great school under the charter of The Illinois Wesleyan University, while retaining the smaller schools as feeders or junior colleges or auxiliary schools if that should be found practicable. It might be found advisable even to give the new institution a new name with its new, or revised, or amended charter. We refer to the Co-educational Methodist Schools of Illinois, exclusive of Northwestern University. We found at the Joint Board meeting in June, and have also found in many parts of this Conference, a real enthusiasm for some great, central, strategic, commanding site for the Illinois Wesleyan University, and

we believe that the intelligent and unbiased educational and Methodist sentiment of the state would favor such a consolidation. Under such a plan, each school should contribute something in the way of sacrifice to further its consummation, and Illinois Wesleyan might be called upon, in the interest of a harmonious adjustment, to surrender both its name and location, if this seemed to be for the best interests of the movement. We believe it is inevitable that in time such a consolidation will take place in some city in Central Illinois, and that wise educational statesmanship will seek to organize its movements with reference to such great anticipations. We, therefore, believe that a Conference declaration on this subject would be opportune at this session.

Fourth-We find that the Joint Board of Trustees and Visitors is composed of 24 Trustees, the President, who is ex-officio a member of the Board of Trustees, and 12 visitors, making a total of 37 members; that the Board meets twice annually, and that in the interim of meetings a committee of 18, appointed by the Joint Board, carries on the business of the Illinois Wesleyan University. Ten members of this committee of 18 are not members of the Joint Board. It seems incongruous to us that a body to whom has been committed the important trust of looking after the policies and other great interests of this Christian School should delegate their powers and functions to others outside their body who are in no way responsible to the patronizing Conferences. It would seem advisable for this Conference to make a declaration as to whether it favors such a policy and expects its appointees, the Trustees and. Visitors of the University, thus to delegate their powers to persons who are not members of the Joint Board. In view of this unusual condition, we have deemed it our duty to apprise the Illinois Annual Conference of the same. In calling your attention to this method of procedure, however, your visitors do not wish to appear to be imputing a single wrongful intention to the Board of Trustees and Visitors; it merely seems to your visitors that the Illinois Annual Conference might desire to consider the advisability of so declaring itself upon this subject, as to safeguard both it and the University from any possible future embarrassment and, at the same time, endeavor to point out the desirability and importance of conforming in this particular to the methods current in other educational institutions, and in business affairs generally.

Fifth—We have noted that what obtains in other Conferences, where for many years a growing Methodist College has existed and functioned, has also occurred in the Illinois Annual Conference, to-wit: The Illinois Wesleyan University has been a constant and glorious source of Methodist leadership. What would the Illinois Conference be today without the Illinois Wesleyan University? It is true that we have had many a glorious minister of Jesus Christ in this Conference who had no vital student relations with this school, but we have had no prophet of God among us who was not interested in Christian education. The Illinois Wesleyan University means for everyone of us more than we can possibly calculate, whether we ever passed through her halls or not. More and more, she will put the mark of her life upon us and upon our record of service here and elsewhere. Her lines have gone out through all the world. For these and other reasons your visitors take the liberty of urging. you to canvass with the greatest care, every name proposed, as a member of the Joint Board of Trustees and Visitors. She deserves to have as such officials the most devout, the most able, the most generous, the most progressive and aggressive men to be found. She deserves the best and only the best men to guide her and shape her destiny. Let us see that she gets them by using the most careful discrimination in their appointment.

In conclusion your visitors take the liberty of asking the Conference, sitting as a committee of the whole, to express itself on the following resolutions, which we recommend for adoption:

1. Resolved, That it is the sense of this Conference that the Illinois Wesleyan University requires a new site of from 40 to 80 acres, new buildings and enlarged equipment, and that definite steps towards these ends should be taken without further delay, with a view to the needs of the next one hundred years.

- 2. Besolved, That it is the sense of this Conference that the interests of the Illinois Wesleyan University should be considered as paramount and the place of location subordinate thereto, and that local civic pride should not be allowed to obscure or reverse this order of procedure. It is the further sense of this Conference that the school should be removed from the present campus to such site at or near Bloomington, or to such other centrally located city, as may offer the greatest promise of her future development and of the fulfillment of her purposes as a Christian institution; said promises to be based on immediate and responsible assurances of substantial and sympathetic support.
- 3. Resolved, (a) That we favor the taking of immediate steps looking towards so co-ordinating the Methodist co-educational schools of this state (exclusive of Northwestern University), so that they will be placed upon a fraternal relationship of operation, with a view to ultimately combining these schools by merging the same into one great school, under the charter of the Illinois Wesleyan University, and of retaining the smaller schools as Junior Colleges, or auxiliary schools if it shall be found practicable to so continue them, thus making of this combination an educational institution of such acknowledged merit that it will take rank in the state second only to its three great universities.
  - (b) That it is the further sense of this Conference that in connection with the readjustments which must occur in relation to the selection of a new site and the erection of new buildings thereon, for the Illinois Wesleyan University, the foundations should be so laid, with respect to centrality of site, character of buildings, and all other considerations, as to make it seem advantageous to the smaller co-educational Methodist schools of Illinois to relate themselves vitally to this central institution.
  - 4. Resolved, That it is the sense of this Conference that the business, both general and detail, of the Illinois Wesleyan University ought to be transacted by members of the Joint Board of Trustees and Visitors only; that all committees appointed by that body should be made up of members from within this responsible and creative body; and that if it is found desirable in any of the school's activities to have the co-operation of friends outside the Joint Board their relation should be advisory only, and not as active members having plenary and decisive powers over the school's policies and affairs. We can not approve of the Trustees and Visitors appointed by this Conference delegating their powers and functions to any person or persons not belonging to the Joint Board as appointees of the patronizing Conference.
  - 5. Resolved, That no election of Trustees of, or appointment of Visitors to, the Illinois Wesleyan University shall occur within twenty-four hours after the same shall have been nominated to the Conference; that it is the sense of this Conference that such Trustees and Visitors should be appointed whose broad vision and unbiased interest will enable them to adopt and carry into execution such policies and measures as shall be to the highest interests and development of the school, and that the most careful and judicious discrimination should be used in their selection.
  - 6. Resolved, That this report be printed in the next issue of the Conference Daily and made the order of the day for tomorrow morning at ten o'clock, to be then considered by the Conference sitting as a committee of the whole.

Respectfully submitted,

### SPRINGFIELD PROPOSITION RELATING TO ILLINOIS WESLEYAN.

The Springfield University Association, organized for the express purpose of bringing a university to Springfield on behalf of the citizens of Springfield and in their name, desires to bring to the attention of the Illinois Annual Conference the remarkable proposition which they are making without condition to the Illinois Wesleyan University and desires an expression from this

Conference relative to the desirability of moving said University to Springfield, with a recommendation to the Board of Trustees of said University. The proposition is as follows:

First—To donate to the University by warranty deed free from all encumbrance a site containing not less than eighty acres of land.

Second—To raise \$500,000 for the erection of buildings such as you may immediately require or to erect such buildings under your direction with a view to their occupancy not later than September, 1920, or as soon thereafter as the conditions of our country will permit, same to cost not less than \$500,000.

Third—Transfer to the Board of Trustees of the University an option on fifty-six acres of land adjoining the eighty-acre site on the south. This tract will make an admirable residence building site, and when subdivided and sold into lots ought, and we believe will, net the University not less than \$150,000 profit.

Fourth—In addition to the above, realizing that temporarily your income may not be sufficient to cover your operating expenses, owing to the disturbed conditions which will surround your school pending its removal and until you shall have been fully established in the new quarters, we will (a) for a period of five years beginning with the school year following the consummation of this contract, give to your SUSTENTATION FUND the sum of \$5,000 per year, or so much thereof as may be needed by you; (b) furnish the funds for a President's residence; (c) co-operate with you in securing a business manager to serve under your direction with our association and the committees in charge of the work connected with the removal of the institution to our city, for such time as he may be needed; and (d) furnish legal counsel in all matters pertaining to the ordinary and current business of the University for a period of three years beginning with date indicated in section (a) above.

To carry out all the purposes named in item "fourth," including the "Sustentation" fund, we will raise and turn over to the Trustees of your University the further sum of \$50,000.

This proposal has been officially endorsed by three of the large commercial bodies of Springfield in the following terms, which will make a great civic movement of the campaign, should the proposition be accepted:

"Whereas, We are informed that the Trustees of the Illinois Wesleyan University are considering the advisability of a new site for its University

buildings.

"Now, therefore, Believing that said institution would be a most valuable asset to the city of Springfield, we, the directors of the Springfield Commercial Association heartily endorse the plan submitted to us to bring the Illinois Wesleyan University to our city and pledge our enthusiastic co-operation for the carrying out of said plans as soon as the conditions of our country will permit."

Unanimously passed at the regular meeting of the Board of Directors of the Springfield Commercial Association held September 10, 1918.

The Springfield Commercial Association has a membership of 650.

Endorsed by the Springfield Optimist Club and also by the Springfield Rotary Club at its regular meeting September 9, 1918, both pledging their hearty co-operation.

All Springfield asks is that she be given an opportunity to make good on her proffer. I, therefore, move that a committee of five be appointed by the chair to weigh this proposition and bring in a recommendation before our adjournment.

E. M. ANTRIM.

### EPWORTH LEAGUE SUNDAY SCHOOLS.

Dear Fathers and Brethren: We, your Committee on Sunday Schools and Epworth League, beg to present the following report and recommendations: We recognize in the Epworth League a great organized force of young people

that has made itself felt in the battle for righteousness and the building up of the church in a manner that deserves commendation and that should be encouraged in every way possible.

We rejoice that, after a brief period during which this organization may not have been as effective as during its earlier existence, it is again coming to its former life and power, and we believe that much of the influence that has brought about this revival of interest in the Epworth League has come from the recent and increasingly successful Institute Movement.

We desire to recommend a more active and intense co-operation in all local and district movements, and especially do we urge that pastors give attention to the organization and perpetuation of District Conventions.

Believing it to be for the best interest, not only of the League itself, but of the church also, in furnishing a corps of informed special workers who cannot be reached, instructed and inspired otherwise, we desire to heartily recommend a Conference Epworth League Institute, and for the promotion and execution of the same we recommend the constituting of a Conference Epworth League Institute Commission, and as members of the same we place in nomination the following:

Andrew Asher, J. L. Settles, Chas. Duncan, Mr. Schermerhorn, H. L. Thrall, Miss Ruth Maderis, Alfred H. Flagg, Miss Cuma Lee, W. W. Henry, J. R. Robinson, C. C. Grimmet, A. E. Cole, Bentley Caughlan, A. A. Luce, Miss Susan L. Buck and C. R. Booth, and we recommend that this commission shall meet at earliest convenience for organization.

### SUNDAY SCHOOLS.

Inasmuch as the Sunday School is being recognized more and more as the one fertile field for church progress we congratulate the schools in their renewed efforts and splendid advance toward the standard set by the Board of Sunday Schools.

Be it resolved, That we renew our pledge to support the Adult Bible Class movement, the Graded Lessons, the use of our own Literature, the Teachers' Training Class and the observance of special days, as recommended.

Respectfully submitted,

A. A. LUCE, Chairman, C. R. BOOTH, Secretary.

### COMMITTEE ON EVANGELISM.

In these great days, when nations and peoples move en masse, we must not overlook the fact that the matters of greatest moment and the source of greatest power must be sought and found in the individual.

Again, we must not overlook the fact that the spiritual history of the individual becomes the history of the nation and of the world. Character, therefore, which reveals itself at its best in sacrifice and service, is the goal of our endeavor.

The Cross is at the center. Never in the history of the world has this been so clear a truth. Never has the appeal of the Cross been so compelling. The sacrifice upon the Cross and the sacrifice upon the fields of battle alike cry out the awfulness of sin and press upon us the need of forgiveness. Only in Him shall we find redemption.

Therefore, we call for a ministry, unconfused by the clamor and changes of the times, that will pursue this end, namely, the preaching of the Cross of Jesus Christ, the bringing of men to the foot of this Cross, and the enlistment of bearers of the Cross.

In event that outside help in special effort is to be secured we recommend that great care be exercised lest false and irrelevant notes be struck.

In particular these times of sorrow and confusion are those in which a pastor should be very close to his people. Bleating sheep await the voice of the shepherd.

Beginning then at Jerusalem, let us care for youth, maturity and age never as before, remembering ever the Cross of Him who commissioned us to do His work.

T. H. TULL, Chairman.

R. S. FAIRCHILD, Secretary.

### HOSPITALS.

The world today is appreciating the work of Christian hospitals as never before. We, therefore, commend all our Methodist hospitals, and especially the one within our own borders, Mattoon Memorial Hospital, with its splendid equipment and skilled surgeons, as well as kind and efficient nurses. It deserves both our patronage and support.

### Report from September, 1917, to September, 1918.

Average number of patients per day	26 24/365

### STATE OF THE COUNTRY.

Strenuous war conditions throughout the past year have demanded millions of our men, billions of our money and all possible sacrifice of all citizens. The terrible facts of prolonged warfare call for a renewed expression of the church's loyalty and religious patriotism.

• Government being ordained of God, it is manifest that the church is called to war in these days as really as she is called to holiness. Moreover, this is, by virtue of our avowed aims and alliances, distinctly a holy war. We are divinely summoned to make the supreme sacrifice. Our own sons and brothers are to be dedicated on the altar of our country for the purpose of winning this war, which means the defeat not merely of a barbarous enemy, but the overthrow of world domination and piratical militarism.

We exult in the thrilling and continuous good war news of the recent months. Every day seems to bring us closer to the world triumph of the righteous principles for which we fight. The Government of the United States having begun the good work of redemption, she will finish it at all costs. As the heroic wife in pioneer days stood by her husband, so will the church support the Government to the last ounce of her influence and spiritual power.

Accordingly this Conference pledges its support to the President and his cabinet, and to the Congress in all their efforts to unite the people in the securing of funds, the saving of food and fuel, and in the surrender of our pleasures for the sake of the whole world's welfare. We order that a telegram of congratulation, good cheer and promised loyalty be sent to President Wilson as the expression of our religious devotion to God and our country's honor.

In the midst of our conflict, we exult in the triumph of moral and social reform. We especially rejoice and thank God for the progressive legislation against intoxicants and hail the prohibition of the liquor traffic, marching at the front of the procession. For this result no organization has been so potent as the Anti-Saloon League. We will pray, and press the battle in our own beloved state for the ratification of the Constitutional Amendment at the earliest possible date.

We view with approval and comfort the confidence shown by the Government in the united Church of Jesus Christ. We see good omens in the blending of effort and removal of dispute and bigotry for the sake of our common cause of democracy, and for the equal rights of both sexes and all races and nations.

We prize the agencies of the Red Cross, the Y. M. C. A., the Salvation Army and all kindred forces, not as a substitute for but as a contribution to, and companion of, worship and Christian benevolence for the uplift of mankind. It is all an endorsement of the unselfish spirit which should swathe both our sermons and our swords.

As we approach the campaign for our Fourth Liberty Loan, we join hands with all patriots in bringing to a consummation this national enterprise for the welfare of our men at the front. This, too, we will do with no forfeit of our steady sacrifice for Missions and for spiritual redemption of a lost world.

The encouragement of college education for our boys through the appropriation of the Government in their behalf is a tribute both to education and the young men of the country. The Students' Army Training Corps marks a new era in practical union of the forces of church and state for the rebuilding of the nation.

In these war times we need still to stress the value of the preacher, the pastor, the reformer and the editor as conservators of the home base of moral power. The Sabbath must still be remembered and kept holy. Prayer and charity must clasp hands.

Respect for the ministerial office must be emphasized more and more. The Gospel trumpet call must not be lost in the reveille of the camp or battlefield. Revival fires in the church as well as the home fires must be kept burning to prepare the church and country alike for the future battle against sin when this cruel war against autocracy shall come to an end. The days of redemption and reconstruction hasten on. God speed our triumph, spare our President, and bring safe home our battling boys under a stainless flag and into a saloonless land.

G. F. OLIVER, Chairman, C. F. BUKER, Secretary.

### CHURCH LITERATURE.

It is with pleasure that we note the increased subscriptions of the North-Western Christian Advocate, and would urge the pastor to continue their efforts in behalf of the circulation of the same.

We rejoice also in the effectiveness and usefulness of the Epworth Herald, and congratulate the young people of the Epworth League on their privilege of this paper and advise a larger use of it.

We are fortunate in having the splendid literature to provide for our Sunday School, and we commend the largest use possible for every department of Sunday School work.

We must not overlook the high character of the productions of our Book Concern, and that they are largely the expression of the life and thought of the church, and we believe that the books and periodicals and papers are essential to the development of an intelligent Christian life and effective leadership and should be patronized.

### RESOLUTIONS.

After a period of fifteen years since our last Conference session in the city of Quincy we record a most delightful visit this year, the weather being delightful and the sessions from day to day being inspiring and instructive.

We acknowledge our debt of gratitude to the local pastor, the Rev. F. A. McCarty, G. L. Losh, and his splendid church for the perfect arrangements for our entertainment and comfort while we have been among them.

To our hosts and hostesses for the very generous opening of their homes for our entertainment, and for all the gracious courtesies we have received at their hands.

To the sister churches of the city for the opening of their doors for the use of our committees, and their pulpits to our pastors in the Sunday services.

We record our appreciation of the visit of Bishop Frederick D. Leete in his first episcopal administration in our Conference, for his earnest efforts in the morning parliaments of methods to suggest workable methods for pastoral service, and for his spiritually uplifting addresses and sermon, and we shall gladly welcome his return in the future.

The Special General Conference visitors have brought to us messages replete with information concerning the great enterprises of our great church throughout the world.

The Centenary team has imparted an enthusiasm for this great movement that will mean much for complete victory throughout our Conference.

- Dr. C. M. Boswell's evangelistic addresses have fixed in mind and heart anew the great mission of the church of Jesus Christ, the saving of souls, and a holy life.
- Dr. J. S. Dancey, one of ourselves, though loaned to Chicago and our beloved nation, made us to see through his eyes and soul the meaning of today's world conflict.

We are indebted for other special courtesies to:

The press of the city and to the Quincy Methodist for the very thorough and exact report of our sessions from day to day.

The Illinois State Bank for the use of its facilities in the handling of the Conference finances, and to Mr. W. J. Singleton, the Vice-President in person, for his personal help, and the loan of the office force, adding machines, etc.

Mr. D. L. Musselman for invaluable personal courtesies, and Gem City Business College for the use of its offices for our cabinet sessions and other uses.

The Women's Christian Temperance Union for the room so generously furnished.

To Chaddock Boys' School for its enjoyable Wednesday evening entertainment and supper and for the delightful music brought to us from day to day, and for splendid dinner served to our laymen on Saturday.

To all of these, and to all others, who in innumerable ways have contributed to our comfort and the successful conducting of the Conference business, we desire to express our deep obligation and abiding, sincere gratitude.

ALBERT H. FLAGGE, Chairman. W. F. HUNTER, Secretary.

## THE WOMAN'S HOME AND WOMAN'S FOREIGN MISSIONERY SOCIETIES.

We hear with unrestrained joy and satisfaction of the growth in the past year of both these strong and effective arms of the church, the Foreign Society having had an increase in membership from 14,121 in 1917 to 15,297 in 1918, or an increase of 1,176 members, and an increase in the collections from \$49,648 to \$58,304, or an increase of \$8,656.

The home field has been diligently looked after by the Home Society as

effectively as the limited funds and help would allow. The war conditions have greatly embarrassed both societies, but the heroism of our sisters of both societies have been limited only by inadequate sums of money and the number of helpers.

We recommend that our Epworth League Chapters use as far as practicable the splendid literature of both these societies in their Study Classes, and that on Missionary Sundays in the Sunday Schools the literature of these societies be used as far as practicable. We would also urgently request our District Superintendents and pastors to direct the mind and heart of the young women of our churches definitely to dedicate themselves to an earnest study and better acquaintance with the work of these two splendid societies, and also to urge upon our Christian girls the importance of offering themselves personally for actual service in the field, and we do this the more urgently in view of the constant call for more helpers in both the Home and Foreign fields.

(Signed) F. B. WARD, Chairman, S. R. RENO, Secretary.

### (G) SPECIAL COMMITTEES.

### AUDITING COMMITTEE.

Your committee has examined the reports of the pastors to the Conference Treasurer and finds most of them correct. Eleven pastors failed to enclose both parts of the duplicate vouchers. Four certified that officials vouchers had not been received for want of time, and three reported vouchers lost. The large number of vouchers for the Conference Claimants' Endowment Fund made many reports cumbersome, and we suggest that some change in plan be made to relieve this condition.

# REPORT OF COMMITTEE ON "A DECLARATION OF PRINCIPLES AND RESOLUTIONS ON APPORTIONMENTS FOR CONFERENCE CLAIMANTS."

#### Report No. One.

Whereas, The Treasurer of the General Board of Conference Claimants has presented to our Conference Treasurer a claim for ten hundred and twenty-seven dollars.

Resolved, That we instruct the Treasurer to inform the General Board of Conference Claimants that we do not have any funds available from which to pay such claim.

WM. H. WILDER,

CHRIS GALEENER.

### Report No. Two.

Whereas: First—By the provisions of paragraph 336 of the Book of Discipline it is the sole right and also the solemn duty of the Annual Conference to determine the total amount which shall be apportioned to the pastoral charges, and also to determine the method by which the amount necessary for the support of Conference Claimants shall be apportioned; and

Whereas: Second—Certain moneys, see paragraph 342 of the Book of Discipline, cannot be lawfully diverted but are subject only to annuity distribution; and

Whereas: Third—Both the law and the gospel enjoins upon us the brotherly consideration of those in "Special Need" and the Conference only has the

right and is under obligation to determine what portion of the moneys raised by collection from the pastoral charges shall be exempt from annuity distribution; and

Whereas: Fourth—The amount opportioned to the pastoral charges together with all moneys available from other sources for the Conference Claimants hitherto has not been quite fifty per cent of the total claims upon our funds; and

Whereas: Fifth—Some claimants have waived all the annuity claim and others have waived in part from year to year; and

Whereas: Sixth—Notwithstanding all the waivers and in face of the law which requires the application of the pro rata principle in paying out moneys raised for ministerial support, we have yet to do justly by the veterans of our own Conference; and

Whereas: Seventh—The world-wide Church has set its face toward being one hundred per cent efficient and one hundred per cent loyal in its care of these men; and

Whereas: Eighth—As in civil affairs, every loyal citizen is expected and required to do "his bit," so, not less in the affairs of the Kingdom of God, every member of this Conference should face the facts and conditions as they are and not only do "his bit," but do his best which will mean the full discharge of our duty; and

Whereas: Ninth—The time has come when the effective ministers of this Conference should be one hundred per cent loyal to these veterans; therefore,

Resolved: First—That we now attempt to pay all claims of Conference Claimants in full and to accomplish that purpose we:—

- (a)—Apportion six per cent of Pastors' salary as the amount to be raised by the pastoral charges as a part of their annual budget and which must, as now be pro rated if not raised in full.
- (b)—That we inform our people that 10% of the pastor's salary in addition is necessary to pay all these claims and we urge each charge to accept it in full until the productive endowment funds of the Conference shall enable us to decrease the percent.

Resolved: Second—That we instruct the Conference Treasurer to remit to the General Board of Conference Claimants the same proportion of their claim that is paid to the Conference Stewards.

Resolved: Third—That we order \$2,500 be set apart for necessitous cases.

Resolved: Fourth—That the Conference Board of Stewards be and is hereby directed to request for next year a reply to the following inquiries from each Claimant on the funds to be distributed in 1919:

- (1) Are you willing to waive for the year 1919 your entire annuity claim?
- (2) Are you willing to waive any portion of your annuity claim; if so, what per cent of it?
- (3) Are you in need of more than your annuity claim if it were allowed and paid in full? If so, state in writing how much more would you need, and give information in detail for the use of the Conference Board of Stewards.

Note that without such information being furnished by you in reply to these inquiries a claim of "Special Need" cannot be favorably considered.

Resolved, That we ask the Conference and the tongregation at the Love feast next Sunday morning for One Thousand Dollars to help meet the deficit.

W. H. WILDER, Chairman. CHRIS GALEENER, Secretary.

#### CENTENNIAL ILLINOIS METHODISM.

Your committee on Centennial of Illinois Methodism submits the following report:

Your Committee organized by electing Dr. Joseph Harker chairman and

Arthur S. Chapman secretary-treasurer. It was decided that the celebration should go out in at least two lines:

First by producing a program of five year's duration that would be worthy of one hundred years of history and of one hundred thousand members.

Second that steps be taken to produce a history of the Illinois Conference that the first one hundred years of our existence may be permanently preserved.

We have appointed therefore two committees: One on program and organization consisting of Jos. Harker, Arthur S. Chapman, J. C. Nate, Cliff Guild and H. B. Snaveley:

The other on history consisting of F. A. McCarty, chairman; R. W. Ennis, F. A. Havighurst, M. N. English and Geo. Wilson.

We desire the continuation of the following committee: The District Superintendents and Pres. Jos. Harker, R. W. Ennis, Chris Galeener, F. A. Havighurst, W. H. Wilder, R. F. McDaniel, F. A. McCarty, Arthur S. Chapman, Prof. Clif Guild, Prof. J. G. Mosier, Sherman McClelland, H. R. Snaveley, Geo. Wilson and Richard Yates.

A. S. CHAPMAN.

#### CENTENARY MOVEMENT.

Whereas, The World War summons the Church to unusual devotion and activity in preparation for the days of reconstruction following the coming of peace, in order to make the world safe for democracy, that democracy can be safe for the world; and,

Whereas, The General Conference directed that the years 1918 and 1919 be set aside for the observance of the celebration of the Centenary of the founding of our missionary work; and,

Whereas, The Centenary is thus providentially timed to coincide with the great World War; and

Whereas, Under the order of the General Conference, a World Program has been adopted which provides for placing our work at home and abroad upon a basis of higher efficiency in order that the Methodist Episcopal Church may do its full share in bringing in the Kingdom of Jesus Christ, and

Whereas, The District Superintendents of the Illinois Conference and the joint Centenary Commission have agreed upon a satisfactory incorporation of the Wesley Foundation with the Centenary movement, that has been given in detail in the Educational report.

Be it resolved, first, That this Annual Conference strongly endorses the Centenary movement and pledges its full co-operation.

Second, That we heartily approve the action of the Superintendents and joint Centenary Committee in regard to the Wesley Foundation.

Third, That a Conference Centenary Council be and hereby is created, this council to consist of the District Superintendents, and one pastor, and one or more laymen from each district.

Fourth, That the District Superintendents be requested to take immediate steps to organize the district, sub-district and local councils.

Fifth, That the Centenary Allotments, as handed down to the Districts, be at once heartly accepted by the districts.

Sixth, That all necessary arrangements be made by district superintendents, pastors and laity of the church for the intensive period of ten days with which the campaign is to culminate, and that a day be designated by the National Committee and set aside in all our churches, this day to be known as World Program Sunday. We, therefore, recommend that on this day our pastors and people everywhere give themselves to prayer and earnest consideration of the facts involved in building the World Program of American Methodism.

Seventh, We especially commend the plans being made by the Joint Centenary Committee for deepening the Spiritual life of the church and for en-

rolling its members in Christian Stewardship, and we join in the prayer that this great Centenary Movement may result in an evangelistic awakening throughout the world.

H. W. McPHERSON, Chairman. A. K. BYRNS, Secretary.

### REPORT OF COMMITTEE ON HALIFAX DISASTER.

We recommend that each District Superintendent of the Illinois Conference ask each pastor in his District to present this matter to each congregation with due information as to need and sanction by the Board of Bishops of our Church and that a free-will offering be taken. The amount to be sent to Bishop Leete.

## COMMITTEE ON SPRINGFIELD PROPOSITION RELATING TO THE IIJINOIS WESLEYAN UNIVERSITY.

We would respectfully report as follows:

When the committee came together it was immediately evident that we felt under obligation to be influenced by two and only two considerations.

First, the educational interest of our state and nation and

Second, the business interests of the University.

So we asked ourselves this question, "If you were individually the sole proprietor of this institution at this time what would you do with this proposition?"

After carefully studying every factor that we thought would be involved in a proposed change of site we concluded that:—

First, from an educational point of view, Springfield offers advantages, unequalled by any other city in Central Illinois, viz.:

Many institutions already established which would be accessible to students of the university; such as

The State Library (General).

The State Historical Library.

The Library of the Supreme Court.

The Lincoln Library.

The Museum of Natural History.

The State Biological Laboratory.

Department of Public Welfare.

Department of Public Health.

State Geological Survey;

and many other institutions which will contribute greatly to the advantages of any great educational institution. Indeed it may be said that the very same arguments that led to the establishment of our American University at Washington, D. C., may apply with equal force here.

And second, from a business point of view we are convinced that the proposition which comes from Springfield is probably the greatest, financially, that was ever offered the Illinois Wesleyan at one time. Summed up and run into a single sentence this proposition is to give to the University a building site of 80 acres of land, \$500,000 for buildings, \$50,000 sustentation fund to cover expenses incident to the removal of the University and an option on 56 acres of land lying adjacent to the campus which may be subdivided and sold so as to greatly increase the funds of the institution. These figures are only a

small part of the business advantages accruing from this proposition. Nearly all colleges draw three-fourths of their students from a radius of 50 miles, and practically all of these students are graduates of the high schools within this radius. In other words, the high schools within a radius of 50 miles are preparing 75% of the material upon which the college must draw for its student body.

Within a radius of 50 miles of Springfield this year there were graduated 1,986 students.

We believe it is doubtful if within a circle of 100 miles diameter any, where else in Illinois, exclusive of Cook County, anything like an equal amount of material can be found.

The very location of the University at the gates of the State Fair grounds would be worth thousands of dollars annually in the way of advertising.

As the capital and near the center of the State, with fine railroad facilities, and well removed from such competition as North Western and Chicago Universities and University of Illinois it offers a site well worthy of consideration.

Because of the large number of visitors to Springfield on account of the numerous conventions, the State Fair which draws hundreds of thousands annually, and last but by no means least the last resting place of the great emancipator to whose tomb thousands journey every year, such location would pass before the eyes of a larger number of strangers than any other that could be selected.

Recognizing the equal interest and authority of the Central Illinois Conference and requesting them to join with us;

We recommend that the Site Committee of the Illinois Wesleyan University take in hand at once the matter of securing in proper written form the proposition from Springfield officially signed by the various business Associations which have endorsed the same, and if deemed necessary obtain such other evidences as possible of good faith as shall make a practical guarantee of the fulfillment of the proposition, and that this be done at the earliest possible date, but not later than the December meeting of the Board, and when the proposition is in such form, a special meeting of the Joint Board be called and the proposition accepted.

For some time both ministers and laymen most interested in education have been considering the advisability of co-ordinating and federating all the educational institutions of Illinois excepting North Western.

This can be more readily done at Springfield than any other center available and it appears to us that it might be done at the capital of the state under the name of Abraham Lincoln, Statesman and friend of humanity.

We also recommend that a committee be appointed to secure concurrence and if possible the concurrent action of the Central Illinois Conference, and the same committee be authorized to consult with a similar one from the Southern Illinois Conference on the matter of federation of colleges and all matters thereto pertaining.

And further, in view of the proposition for federating the various Methodist colleges of the state we recommend that the Southern Illinois Conference be invited to join with us in this great movement.

Springfield was also for nearly a half century the center of the activities of that great and tamous pioneer Methodist preacher, Peter Cartwright, the most illustrious member of the Illinois Conference in all its history, whose remains lie buried hard by in the beautiful suburban village of Pleasant Plains, and, if this offer be accepted, whose statue in bronze of rugged cast and heroic size, should be erected on the campus at the centennial celebration of the Illinois Conference in 1923, as a tribute to his great work and to the pioneer spirit of heroism, sacrifice and service which his life typified.

To establish a University at this time under the inspiration of the two great names of Peter Cartwright and Abraham Lincoln, at their home center,

would not only tend to perpetuate the attributes of rugged honesty, noble character and service for others, for which these great names stand, but would also be a fitting contribution by Springfield, in this centennial year of the advent of Illinois into the union, of this as a great movement to the heroic past and ought to make it an easy task to raise an amount far beyond its present generous offer.

JOS. W. VAN CLEVE, Chairman.

CHRIS GALEENER, Secretary.

### RULES OF THE BOARD.

#### With Plan of Examinations for 1917-18.

- 1. The Conference Course of Study shall be assigned to the various examiners by the chairman. It shall be the duty of each examiner to assist as fully as possible, by correspondence or otherwise, the undergraduates in the studies of which he has charge.
- 2. The Board of Examiners shall arrange an annual program of examinations (to be published in the Conference Minutes), and make recommendations to the Annual Conference concerning the passing or conditioning of undergraduates subject to the requirements of the Discipline.
- 3. Examinations shall be held on the first Tuesday in June and the first Tuesday in August upon the studies named in the schedule for the first and second periods respectively. These examinations shall be held at one or more places in each District, as may be determined by the chairman. They shall be in charge of District Supervisors designated by the chairman, and, in case no member of the Board is conveniently located, the chairman shall arrange with a member of the conference as special supervisor for the purpose. Undergraduates may appear before any regularly appointed supervisor, but no examinations will be allowed at any other place or at any other time than those named, except those at the seat of conference on the day before the opening of the annual session.
- As early in the conference year as possible all applicants for admission on trial shall send to the chairman of the board for application blanks, which are to be filled out with all care and returned to the chairman. All such candidates may take their examinations as above.
- 4. The examiners, in accordance with the assignment of studies of the course, shall be required to send to the Registrar of the Board three different sets of questions, 90 days or more before the examinations take place in June. The Registrar shall be responsible for placing them in ample time in the hands of the district supervisors for all examinations, both regular and special. Set No. 1 shall be used in the first examination; set No. 2 for all who fail at the first trial; and set No. 3, "doubly difficult," for all who postpone the examinations until the day before the Conference session.
- 5. Before the examination in June the Registrar will supply the supervisors with questions on the entire course of study.

- 6. Any undergraduate failing to pass in any study, or to appear for examination, shall not have the privilege of being examined until the next regular time of examination. And in case of such failure to pass, the registrar of the board shall report the fact to the undergraduate and to the chairman of the board.
- 7. Examiners shall report grades on all papers to the registrar within two weeks after the examinations are held. All examination papers of the year shall be held by the examiners in charge of the studies, and shall be brought to the seat of the Annual Conference if subject to appeals by undergraduates upon the grades therein, which appeals shall be made in ample time before the conference to the chairman of the board. Such appeals shall be decided by the board at their annual conference meeting. Examiners will not return papers except upon request of undergraduates, accompanied by postage for prepayment.
- 8. Each undergraduate, before his examination begins, shall be required to promise that in the examination he will not avail himself of any notes or other helps, and that he will not communicate then or thereafter to any one the questions submitted to him in the examination.
- 9. The examination questions shall conform to the requirements of the Commission on Conference Courses of Study and the markings on both examinations and collateral reading shall be upon the scale and according to the method established by the Commission, and no mark below 70 per cent shall pass.
- 10. All credits from Literary and Theological Schools, to be allowed undergraduates for work done therein, shall be sent to the chairman of the board, who shall decide upon the credits under instructions from the annual conference, and shall give prompt notice of his decision to the undergraduate sending the credits. All grades from whatsoever source, other than those given by the conference examiners, shall be designated by the letter "P", as an indication of passing grade, which neither adds to nor detracts from the general average of the undergraduate.
- 11. An annual fee of \$1.00 shall be required of each undergraduate, or examinee, including the applicants for admission on trial, to provide for the expense of correspondence, printing, postage and other necessary expenses of the board. This fee shall be paid to the registrar of the board within thirty days after the adjournment of the conference session, for which the registrar shall furnish receipt. District supervisors are instructed not to proceed with the examination of an undergraduate who does not produce this receipt as evidence that his fee is paid. The financial accounts of the Registrar shall be audited by the board at their annual conference meeting.
- 12. On the completion of the entire course of study by an undergraduate, or in case of his retirement or transfer from the conference before its completion, he shall be entitled to a certificate, covering all his work, signed by the chairman and registrar of the board.
- 13. It shall be the duty of the chairman to secure as full information as possible, in advance of the meeting of conference, concerning the history, character and general fitness of candidates for admission on trial and for admission into full connection; which information he shall lay before the board of examiners; and it shall be the duty of the board, having carefully considered all the information obtainable concerning the candidates, together with the result of their examinations, to report to the conference their judgment as to the advisability of receiving the several candidates. It shall also be the duty of the chairman to make similar investigations into the case of any applicant for admission from another communion, and the board to make a similar report as to the wisdom of receiving such applicant. District superintendents are requested to report to the chairman of the board of examiners, all candidates for admission on trial or from other churches, and candidates for admission into full membership, and for recognition of orders, at least thirty days before Conference, or as soon

thereafter as possible, concerning the applicants, with references, that the chairman may have ample time to investigate.

- 14. It shall be the duty of district superintendents to report to the chairman of the board, as early as practicable, the names of all special candidates for orders, with their postoffice addresses, in their respective districts, and of those who will be candidates for admission on trial. These classes of candidates will be expected to take their examinations at the regular times; but special arrangements may be made in individual cases by the chairman, when there are good reasons for so doing. But the annual fee must be paid by these as well as by the members of the regular conference classes before they shall be entitled to examinations.
- 15. The annual meeting of the board of examiners shall be held at the seat of the annual conference at 2 o'clock p. m., on the day preceding the opening of the session, to consider matters involved in Rule 14, to review and complete the work of the year, and to arrange for the work of the ensuing year. Examinations for those who are eligible shall be conducted on the same day, beginning at 9 o'clock a. m., and closing at 6:00 p. m.
- 16. "Honorable mention," with a public recognition of success, will be conferred at each annual conference upon the four men having the highest averages in the first, second, third and fourth year classes, respectively; but no one can be "Honor Man" who shall not have done at least 50 per cent of his work under this board, or whose standing in the course of study is irregular.

Examinations deferred to the day before Conference will be doubly rigid, and no examination will be given after 6 p. m. on day preceding Conference.

- 17. All examination papers shall be sent to the examiners by registered mail, and the receipt for the same shall be brought to the chairman at the seat of the Conference.
- 18. The Board will deduct 10 per cent or less on each paper in which the spelling, grammar, writing or general execution is slovenly, deductions being made on each of these points. On all written work not in before August 15th, a reduction of 5 per cent, and after September 1st, 10 per cent, will be made from the grades. All written work must be within the required limits, or deductions will be made.

Undergraduates will give especial attention to paragraph 599, Sec. 1, of the Discipline of 1916.

## Memoirs.

Samuel W. Balch, a widely-known minister of the gospel in the Illinois Conference, departed this life October 2d, 1917, at Vermilion, in Edgar Co., to which charge he had been recently appointed by Bishop Nicholson.

Brother Balch was born near Farmington, Coles County, Illinois, January 28th, 1852, being the son of George B. Balch, one of the early settlers of that section. He lived on a farm during his childhood and early manhood. At the age of eighteen he began to teach school. He taught in the communities of Indian, Muddy Point, Kickapoo and Humboldt.

.After teaching a number of years he engaged in business at Lerna, Illinois, until he decided to become a minister of the gospel of Jesus Christ.

Brother Balch was teaching at Humboldt when he got under conviction, and was converted while opening his day school with prayer. He was later given Local Preacher's license at the Kickapoo Church. He joined the Illinois Annual Conference in 1885. Afterward his business partner, at Lerna, R. H. Osborne, entered the Methodist ministry, and both possessed great evangelistic power.

The ministry of Reverend Balch was peculiarly marked by great revival meetings. Among instances which may be cited, when he was on the Stewardson work, the revival fire was burning upon all the altars of the churches on that charge. His pastorate at Humbolt was blessed with a great ingathering of souls. The same was true of the work on Jacksonville Circuit.

For a number of years he did not take work in the church because of poor health. Part of this time he lived in Joliet. While there he was superintendent of the Sunday School of Ottawa Methodist Episcopal Church, and later supplied that pulpit with marked success in the absence of the pastor. Finding that his health would permit him to re-enter the ministry, he held pastorates at Ladd and Prairie Center in the Rock River Conference. His work was blessed in the building up of the kingdom of God.

A glad welcome was given to him by his brethren when he came back to the Illinois Conference. Last year he preached in the vicinity of Mattoon, and few ministers in that District reported more conversions to Conference than Brother Balch. He was looking forward with great joy and glad anticipations to his work at Vermilion.

He preached his last Sunday evening from the words, "Behold I come quickly." In his case his words were prophetic, and he entered into the reward that was his, and into the joy of his Lord.

Our brother never crossed the ministerial deadline for there was none in his life. Added years of life only gave him a greater store of experience from which to draw, and facts upon which to base his judgment. He was an original preacher and his ministry was characterized by the marks of genius. He had an intense passion for souls. He was called of God to the ministry. He was true to his call and because of this, God signally blessed him in his work.

His loved ones tell us that he frequently sang:

"Let me die in the work.
Let me die in the harness."

He had his wish.

While in the Kickapoo community teaching school he married Miss Malissa Williams. Their home was blessed with three children, two of whom still live to comfort the wife and mother. They are Mrs. J. W. Johnson of Mattoon, and Charles Balch of Chicago. The other son, Horace Balch, met death in an accident near Springfield, two years ago.

Brother Balch is survived by Thomas Balch, of Greely, Colorado; Robert Balch, near Lerna, and Mrs. Frank McCrory, Charleston, Illinois; Mrs. John Faris, near Gresham, Oregon; Mrs. Etta Clark, Seward, Nebraska.

There are six grandchildren: The two sons of Mrs. Horace Balch, of Joliet, Ill., and the four children of Mr. and Mrs. John W. Johnson.

His funeral was held October 4th in the First Methodist Episcopal Church in Mattoon, Illinois. Rev. C. B. Taylor had charge of the service, assisted by W. D. Fairchild, District Superintendent, C. F. Buker, M. G. Coleman, R. Y. Williams, and R. F. McDaniel, the pastor of the church.

There were a number of other neighboring pastors present, and a large congregation in which were many parishioners from charges he had served.

### MRS. THOMAS BONNELL.

Catherine Hinman was born in Hinman Prairie, Pike County, Illinois, February 25, 1840, the daughter of Asa and Sarah Hinman, sturdy pioneers When sixteen years of age she went with her parents and of the state. two younger brothers to Texas, traveling all the way in wagons. their stay of eighteen months in Perry, Texas, she was converted. turned to Pike County, Illinois, in 1858. She related many interesting experiences of those journeys in that early day. The family remained on Hinman Prairie, where, September 25, 1862, she was married to Rev. Thomas Bonnell, a young Methodist preacher of the Illinois Conference. The officiating clergyman was Rev. J. P. Dimmitt, a pioneer Methodist preacher, and a colleague of Rev. Peter Cartwright. One of her treasured possessions was a certificate of life membership in the Methodist Missionary Society, signed by Dr. Cartwright. She was educated in the schools of Perry, Griggsville, and in the Woman's College of Jacksonville, Illinois.

For a number of years she ably assisted her husband in the various charges to which he was assigned. Failing health caused Mr. Bonnell to retire from the active ministry, and he and his family located on Buckeye Prairie, in 1870. In 1892 the family moved to Taylorville, where Mr. Bonnell died May 3, 1897 A few years thereafter Mrs. Bonnell moved to Normal, Illinois, later going to Owaneco where she died in September, 1918. was the mother of six children, Charles, Mary Alice, Wilbur, Clarence, Bertie and Frances, three of whom survive her, the other three having died in childhood. Charles lives on the Buckeye farm, Clarence has been Principal of the Harrisburg High School for fourteen years, and Frances has remained at Five grand-children survive her, and also a sister, Mrs. S. K. Strother, of Havana, Ill., the sole surviyor of the Hinman family. Mrs. Bonnell was an ardent lover of nature, especially of birds, trees and flowers. Her home was always abundantly supplied with the latter, and appropriately her casket was covered with them, the last tribute of love of family and friends.

She was deeply interested in the affairs of the church, especially in the building of the new church edifice which was completed last November. Funeral services were held in the Owaneco M. E. Church, Sept. 12th, 1918, conducted by Rev. G. W. Flagge, of Taylorville, a large audience being present, and the interment was in the Taylorville cemetery, beside the remains of her husband.

### WINFIELD SCOTT CALHOUN.

The Rev. Winfield Scott Calhoun was born July 16th, 1845, near Cisna Run, Perry County, Pennsylvania, and departed this life in Tuscola, Illinois, September 10th, 1917, aged 71 years one month and 24 days.

The call came suddenly to him as he was sitting in the office of his physician friend. Without warning the paper he was perusing fell from his hands, and death was instantaneous. He was translated without a murmur or sigh. One moment here, the next with God.

He was the son of John and Katherine Calhoun. His father, dying when he was quite young, left the widow and several young children. The deceased and his two brothers worked on a farm to support their widowed mother and sisters. The family moved to Blaine, Pa., where they remained for eight years, when they removed to LaSalle County, Illinois.

When Civil War broke out, the deceased was too young to enlist with his elder brother. He went to Washington, D. C., and applied for a position other than in the fighting forces. He was given employment in civil affairs under the War Department. He served for six months in various capacities, among which was service as a seaman on a government transport along the Atlantic coast. After his discharge he came back to his Illinois home.

While his education was somewhat limited, he made the most of his opportunities and acquired a great store of knowledge. He in turn followed teaching in the public schools and the business of photography. He had studios in the following cities: Farmer City, Ottawa and Marseilles, besides spending three years as clerk in a dry goods store in Champaign, Ill.

While residing at Farmer City in February, 1875, he was converted and became an ardent follower of Jesus Christ. He forsook his nets and followed the call of the Master, and became a fisher of men.

The following September he united with the Illinois Annual Conference and for 30 years he preached the Gospel that saves men from sin. He was a faithful preacher and truly was not ashamed of the Gospel of Jesus Christ. He served the following charges:

Newcomb, Mansfield, South-Champaign, Newman, Buffalo, Perry, Barry, Pittsfield, Atlanta, Beardstown, Tuscola, Monticello, Saybrook and Potomac.

In 1905 he took the retired relation and chose as the place where he might reside the remainder of his life, the city where he had the greatest triumph of his ministry, Tuscola, Illinois.

For many years the deceased was a member of the Board of Examiners of the Conference. In that period many young men were examined and admitted to the Conference.

The deceased was a preacher indeed, who had deep convictions concerning the Kingdom of God. He preached a plain Gospel, which a child could understand, and yet so able that adults were charmed with his sermons. He was beloved by all who came within the range of his ministry. In 1878 he was united in marriage to Miss Anna Brown, of New Richmond, Ohio. Four children came to bless their home life, three of whom grew to adult life, one dying in infancy. The three surviving are as follows: Rev. Granville Moody, pastor of St. Paul Methodist Episcopal church in Stevens Point, Wisconsin; Mrs. Jessica C. Swartz, of Chicago, Ill., and Wayne Walker, of the "Cincinnati Post," Cincinnati, Ohio.

Besides the widow and children, there are left to mourn two brothers, two sisters, and five grand-children.

The funeral was held at the Methodist church in Tuscola, September thirteenth, with Rev. A. A. White in charge, assisted by a number of neighboring pastors. The remains were laid to rest in the beautiful Tuscola cemetery.

#### MRS. THOS. M. CARTER.

Lillian Irene Carter, daughter of Jonas and Lydia Zimmerman, was born in Livingston County, Illinois, October 7, 1891. At the age of sixteen she came to Bloomington and entered Wesleyan College of Music, and in 1908 received her teacher's diploma from the same.

The next year she entered Mrs. John R. Gray's School of Music, taking a post-graduate course and received her Artist's Diploma in 1910.

She also graduated from Illinois Wesleyan Academy in 1912, and the College of Liberal Arts of the University in 1915. Soon after her graduation she

was chosen a member of the faculty and taught one year in the Academy.

On September 5, 1916, she was united in marriage to Rev. T. M. Carter, and went with him to Westfield, where he served as pastor of the M. E. Church until his call to service as Chaplain in the National Army. On March 29th a little daughter, Ruth Elizabeth, came to brighten their home.

On May 1st Mrs. Carter with her little daughter accompanied her husband as far as Bloomington, the home of her parents, he going on to New Haven, Connecticut, to take up his duties as Chaplain.

Mrs. Carter was converted during the Billy Sunday campaign in Bloomington, in 1908, and united with the Methodist Episcopal Church. From that time forward she lived a consecrated Christian life, constantly growing in the grace and knowledge of her Lord and Savior Jesus Christ.

When she became a minister's wife she made a definite consecration of her life and often said that her chief ambition was to be the best minister's wife possible.

She loved her baby with the deepest mother love known, and it was the happiest moment of her life when she dedicated it to the Lord in Baptism, the rite being performed by the baby's father. Words cannot express the loss her death means to those who knew and loved her best. She leaves a loving, heartbroken husband, her six weeks old daughter, a loving father and mother, one sister, two brothers, besides many other relatives and friends.

She has done her work nobly and well here and has gone to her rest with full hands for her Master.

#### MRS. E. O. CLARK.

Sarah L. John, daugter of Lewis and Eleanor E. John, was born near Rankin, Ill., August 31, 1868, and died at Norris City, Ill., February 25, 1918, aged 49 years 5 months and 25 days.

She was married to Edward O. Clark, October 16, 1898. To them was born one daughter, Mable Eleanor, who, with her heart-broken husband, survives her; also a father, mother, three sisters and one brother.

She was converted in early life, and united with the Methodist Episcopal Church at Prairie Chapel, near the home of her girlhood, in the church her father helped to build. She moved her membership to various charges where her husband served as pastor, until he retired from the active work, and located at Norris City, Ill., where she placed her membership and remained a faithful and earnest member until called to her reward. She was a faithful pastor's wife, loved by all on the charges where they served, which were Carriers Mills, Montrose, Moccasin, and Cisne, in the Southern Illinois Conference, and Sanner Chapel, Irving, and Fithian, in the Illinois Conference.

She was a teacher in the Sunday School when taken ill, and gathered the little ones about her with tenderness and love.

The last time she left home she attended Sunday School in the forenoon, and preaching service in the evening. She will be missed by the church she loved so much, by her husband for whom she was so thoughtful in his affliction, and the twelve year old daughter to whom she was a true mother and companion.

All was done that could be done to relieve her suffering, but the Lord took her home, and we bow submissively to the Divine will.

Short services were held at the home by Rev. H. W. Smoot, then the remains were taken to Rankin, Ill. Funeral service was held at the Methodist Episcopal Church by Rev. B. F. Shipp, a former Presiding Elder, assisted by Rev. W. A. Phillippe and neighboring pastors, and the body was laid to rest in the Rankin cemetery.

#### MRS. AMANDA F. COLLIER.

Amanda Frances Hanley, daughter of Edward and Catharine Hanley, was born near Martinsville, Illinois, March 14th, 1861, and died in Winter Park, Florida, October 21, 1917. At the place of her birth she grew up to womanhood. She was converted at the age of sixteen years, in the United Brethren Church, and became an active member.

She was married to M. F. Collier, a local preacher, in the United Brethren Church, June 17, 1888.

She and her husband changed their church relation to the Methodist Episcopal Church at Martinsville, Illinois, under the pastorate of R. H. Osborn. Her husband decided to go to school, and entered DePauw University at Greencastle, Indiana, where they spent four years.

Her husband joined the Illinois Conference in the year 1895, and during their itinerancy she put her whole strength into the work of the church. She took great delight in working among children. She commenced failing in health, and at the end of their work on the Murdock Charge her husband took a Supernumerary Relation. They moved to Greencastle, but she made no improvement in health, so they decided to go to Florida, in the hope that she might improve in health, but without avail. She was finally taken to a hospital for an operation and was found to be in an incurable condition. She lived about three years after her operation, but kept failing until death claimed her. Her last hour was one of great victory.

She leaves a husband and son, and many relatives and friends to deeply mourn her loss.

#### MRS. M. W. EVERHART.

Sarah Isabel Wyandt was born in Tuscarawas County, near Newcomerstown, March 12th, 1847. Her girlhood years were spent upon the farm where she was born and where together with her widowed monther and her sisters and brothers, she helped to tide over the agriculturally difficult years of the fore part of the Civil War.

On June 28th, 1863, she was married to Marion Washington Everhart, then a young licentiate of the ministry of the Methodist Episcopal Church, and later as members of a party of thirteen emigrants, she and her husband came by wagon train to the State of Illi-

nois, where her husband taught school for the first winter pending his admission to the Illinois Conference and assignment to a charge.

During the privations of those pioneer years as the wife of a Methodist Circuit Rider, when her husband was too poor to purchase a horse and walked

the miles of his Circuit, and when common matches were so precious as to be husbanded and counted and one made to serve a day, she was his loyal and courageous helpmate.

With the increasing responsibilities of her husband's rapid ministerial advancement and the growing family cares, she put all her unusual resources of fidelity, family sacrifice and Christian trust and fortitude into the tasks which came to her. To have been the chief factor of those economies by which a large family was reared and educated on a Mississippi Valley Methodist Minister's salary between the years 1867 and 1900 is ample testimony to the tiresome tasks and household resourcefulness she displayed. Her children cannot do otherwise than call her blessed, for in addition to all the physical ministrations they received at her hands through their dependent years, there was the consciousness that no day passed as long as she was given life here, but her prayers carried them in earnest supplication to the throne of grace.

After her husband's retirement from the active ministry, and during the fourteen years of his semi-invalidism, she was still the faithful ministrant in the home until his demise. That event was a shock from which she never fully recovered. Weakness and severe heart trouble marked much of the last eighteen months, with varying periods of comfort. Her final illness was brief.

Of her six brothers and sisters, but one brother, James Wyandt, survives her; and of her six children, five: T. W. B. Everhart, Mrs. Lois V. Handford, Rollin O. Everhart, Franklin D. Everhart and Leon U. Everhart are left to mourn. She died, aged seventy years, eleven months and eleven days.

#### J. W. HENNINGER.

John Wesley Henninger was born in Hagerstown, Illinois, December 21, 1857, and died in Bloomington, July 25, 1918, thus having reached the age of 60 years and 7 months.

Mr. Henninger lived in Hagerstown until early manhood, when he left home for Bloomington, to attend the Illinois Wesleyan. It was the last year of the presidency of Bishow Fallows, and young Henninger did not remain beyond the one year, partly because of the resignation of the man he had learned to admire and love.

The next two years he was Principal of the West Side School in Vandalia, Illinois. From Vandalia he went to Lebanon, Illinois, to attend McKendree College. He received his Bachelor's degree there in 1881. From Lebanon he went to Mt. Carmel, Illinois, as Superintendent of the City Schools. In 1884 he came to Bloomington as Principal of the High School. This position he held four years. From Bloomington he went to Charleston, Illinois, as Superintendent of City Schools, remaining there His next residence was Springfield, Illinois, where he held the position of Assistant State Superintendent of Schools. At the close of one year he resigned to accept the Superintendency of the City Schools of Jacksonville, Illinois. After six years here, he was elected President of the Western Illinois State Normal School at Macomb, where he remained three years, going thence to Chicago, where he pursued a course in graduate study in philosophy, receiving a master's degree from the University of Chicago in 1907. During the next four years he was engaged in business pursuits, residing in St. Louis. He had felt the call to the ministry for many years but had tried to persuade himself that his work did not lie in that direction. ever in the fall of 1911 he yielded, entered the Illinois Conference and removed from St. Louis to Gays, Illinois, where he became pastor of the Methodist Episcopal church. He remained here two years and then moved to Bloom-

ington as one of the Endowment secretaries of the Illinois. Wesleyan University, At the end of one year he accepted the professorship of Social Sciences in the Wesleyan. During these four years he at the same time filled the pastorate of the Methodist Church at Gridley.

He was married in 1890 in Quincy, Illinois to Miss Clara Kimlin, who survives with three children, Louise, a teacher in the High School at Elkhart, Indiana, Julia and Thomas at home. Two sisters remain, Mrs. I. P. Clark, of Decatur, and Mrs. R. C. Clark, of Anthony, Kansas. There is but one brother, Rev. L. T. Henninger, of Loami, Illinois.

The funeral service, July 27th, was held in the First Methodist Church, Bloomington, with which church Brother Henninger was identified in Quarterly Conference relation. The pastor, Rev. A. K. Byrnes, was in charge. President Theodore Kemp of Wesleyan gave the message of the hour, strong and beautiful—as was the character of him over whose form he spoke. District Superintendent Newland of the Peoria District, under whom was Brother Henninger's charge, gave a brief address; other fellow ministers of the deceased participated in the service. Brother Henninger lies burled in Bloomington.

Professor Henninger had and left a large place in Illinois Wesleyan faculty. Strong and sympathetic, he gripped the situation with mind andheart. How the students, as well as his colleagues, will miss him! His every pastoral charge recognized in him a master who served. Gridley, his late charge, feels sorely bereft. In every relationship of life he has left a trail of loyalty and love that leads to glory and to God.

#### MRS. ANDERSON ORR.

Catherine McCaskill was born September 15th, 1837, in Brown County, Illinois, and died February 6th, 1918, aged 80 years, 4 months and 21 days at her home in Roodhouse, Ill.

She was united in marriage to the Rev. Anderson Orr, October 17, 1865. To this union were born four children who, with the husband, are left to mourn their loss. The children are Mrs. John T. Shaw, Mrs. J. W. Mellen, James M. Orr and Miss Kate Orr, all of Roodhouse. There are eleven grandchildren and one great-grandchild.

There are also the five children and seven grandchildren of the late Mrs. Jennie Reid, of Toronto, Kansas, who was a daughter of Rev. Orr by a previous marriage, Mrs. Reid being reared by Mrs. Orr, who looked upon her as her own daughter.

Besides these are one sister, Mrs. Ellen Green of Warrensburg, Mo., and one brother, Daniel McCaskill, of Chicago, and many other relatives and friends.

She surrendered her life to her Lord and Master when eighteen years old, and began at once to tell others of His love and for over sixty years she has never tired of proclaiming the love of Jesus for the lost world.

After her marriage to Rev. Orr she began to experience the vicissitudes of the wife of an itinerant preacher's life. She proved herself worthy of her high calling. Faithfully, by the help of the Divine Spirit, she attended to the interests of the home and also to those over which he was appointed as shepherd of the flock of Jesus Christ.

They were sent to the following places in the Illinois Conference: Pawnee, Pleasant Plains, Beardstown, Chatham, Nilwood, Taylorville and Roodhouse, and for fifteen more years cared for churches in the vicinity of Roodhouse. The past sixteen years they have not been in the active work, but Roodhouse has had the benefit of their loving service, and the town has been blessed by the presence of their consecrated lives.

Deceased had a clear testimony of the saving and perfecting love of God.

She did not talk much of the doctrine of holiness, but went in and out among her friends and neighbors living a holy life.

Like Mary, of Bethany, who anointed her Lord with the ointment, "She hath done what she could." The sweet influence of her life remains, and by that "being dead she yet speaketh."

The business houses of Roodhouse were closed during her funeral services, which were conducted in the church by her pastor, Rev. C. T. Pilch. The text of the discourse was one selected by herself years ago. "Precious in the sight of the Lord is the death of his saints." A large congregation paid her their last tribute of love. The remains were laid to rest in Fernwood mausoleum.

#### MRS. A. H. REAT.

Hannah A. Glover was born in Hamilton, Ohio, in 1844. She was united in marriage with B. F. Norvell, near Brookfield, Indiana, in 1862. To this union six children were born, four of whom survive: Albert L. Norvell, Indianapolis, Indiana; Bert E. Norvell, Houston, Texas; Mrs. Ella Van Tree, Davis Creek, California; and Mrs. Mary Gregg, Greenwood, Indiana. Mr. Norvell died July 5, 1875.

In October, 1902, Mrs. Norvell was united in marrige with Rev. Austin H. Reat. She was a faithful worker and in all of her experiences, pleasant or adverse, she manifested an unwearied confidence in her Heavenly Father.

Triumphant in faith, she passed to her rich reward January 29, 1918.

Funeral services were conducted by her pastor Exra L. Hutchens, of Greenwood, Indiana, who, at the request of Mrs. Reat, used as his text, John 16:33—"These things have I spoken unto you that in me ye might have peace. In the world ye shall have tribulation, but be of good cheer, for I have overcome the world."

#### MRS. CHAS. E. TAYLOR.

On Saturday, October 27, 1917, the word came that Mary E. Taylor, the widow of Rev. Chas. E. Taylor, had slipped away into the heavenly homeland. She had been in frail health since the last Conference, until finally the doctors advised an operation. She was taken to Wesley Hospital at Chicago, where the operation was performed. At first she seemed to rally, and hopes were entertained for her recovery; but after a few days her strength began to fail, and early one morning her spirit departed to the God who gave it.

Mrs. Taylor, the daughter of Chas. E. and Emiline Owen, was born on a farm near Lawrence, Kansas, June 6, 1876. She attended High School at Lawrence, where she graduated in the same class with her future husband. She was married to Mr. Taylor on September 1, 1903. The first year of their married life was spent in Boston, Brother Taylor graduating from Boston Theological Seminary the next spring. Returning to his home Conference, he was stationed at Effingham for two years. He was next sent to Nortonville, from which charge he was transferred to the Illinois Conference, being assigned to Villa Grove. He served three years at this place, two years at Marshall, and three and one-half years at Camp Point. During all these years, Sister Taylor proved herself to be a most efficient pastor's wife, as well as a woman of high ideals and rare Christian insight. While she was at Camp Point, there came to her the great sorrow of her life, for one cold day in February her husband went forth to meet his Christ, and she was left alone with three fatherless children. Bravely she gathered the little ones about her and prepared to accept the new responsibilities.

Arrangements were made for her and the children to live at Chaddock Boys' School, she to be one of the house mothers. In June of 1917, she began

her new duties, proving herself capable and efficient. But her work was brief, for in a few short months, she was called to take up higher responsibilities in the heavenly life.

When the news of her death reached Quincy, Mrs. Frields, the Superintendent of Chaddock, hastened to Chicago, bringing the body to Camp Point. There the funeral services were conducted, with her pastor, Dr. F. A. McCarty, of Quincy, and the District Superintendent, Dr. A. S. Flanigan, in charge. Many neighboring pastors were present, assisting in the service, together with representatives from Chaddock, who acted as pall bearers. The body was taken to Lawrence, Kansas, for burial, beside that of her husband.

She is survived by three children, Beulah, Esther, and George, who are now at Chaddock, besides her father and mother of Lawrence, Kansas, and numerous other relatives and friends. These will all miss her sadly for her character was such as to endear her to all who knew her. In her death the church has lost one of those rare spirits who help to make it the light of the world.

#### WILLARD N. TOBIE.

Willard N. Tobie was born at El Paso, Illinois, August 26, 1871; died at Grand Junction, Colorado, December 8, 1917. From childhood he manifested an alert mind in a frail body. At the age of fifteen he heard and recognized the call of God, and he at once entered into conscious fellowship with Him as a son, united with the Methodist Episcopal Church, and ever afterward walked and worked with God,

He was studious from childhood. In youth studious habits were formed and with the scholar's instinct led him to the real rewards of a scholar in manhood. He was patient and painstaking in his

methods of study, penetrating, discriminating and accurate in his fields of research. He had the advantages of the best schools, although his college life was broken because of the want of a rugged physical endowment. He studied at Leland Stanford and Cornell, N. Y., universities, but finished his collegiate studies and received his degree at the University of Illinois while carrying the responsible duties of pastor of Parks Chapel.

He was married in 1897 at Bloomington, Illinois, to Mamie Wright, who 'made him a most admirable companion and helper during his career, whether as a teacher or a minister. At the time of his marriage he was principal of the Bement High School, which position he resigned in 1899 to enter the He was admitted on trial that fall and served at White Heath, a hard circuit that did well to furnish a salary of \$500.00. His work was done without a murmur and most admirably. The writer of this sketch was, at that time, his presiding elder, and saw in him the man to develop the possibilities at Urbana under the shadow of the State University. He entered upon his work with the vision of a builder and with the determination of a man who knew no failure. Here he labored for seven hard years, but to him years of faith and victory. Trinity Church was built, its relationship to the church in its mission to the great educational center was rapidly being defined, and not only Conference wide, but State wide efforts were made to interest the church in the great possibilities at Urbana. It is no disparagement to others to say, that whatever Trinity parish has become or will become, including its phenomenal service to the student body of the University of Illinois, and through them to the State, the Church and the world, the first and greatest honors will be given to the heroic Willard N. Tobie. Many men have visions. He had a vision. Untiring energy, a high degree of strategy, and a Godconscious faith characterized those years of suffering and service. bodied himself in that pastorate. During it all he was the student.

At the end of that seven years he was stationed at Springfield, Douglas Avenue charge, where he remained for four years, when he was sent to Lincoln. Here he wrought for another four years. As pastor he was faithful, sympathetic, and exceedingly industrious. The people loved him. As a preacher he excelled, and lacked only in physical force. He never lost sight of the fact that his Master was emphatically a teacher-preacher. Willard N. Tobie, whether in the pulpit, the Sunday School, the League, or the prayer meeting was pre-eminently a teacher of the Word, and with it all and always a Christian gentleman. Encouragement to the timid, inspiration to the diffident, information to the ignorant, hope to the desponding and discouraged, and vigorous religious life he brought to all his people.

He was not simply a lover of books of best character, but wrote them as "Our English Bible-How We Got It," written in the early years of the pastorate at Parks Chapel; "At the Beautiful Gate of the Church," and "Two Beautiful Prayers," were written to help his own people. The most pre-tentious effort at authorship was "The Atonement", which reveals the thinker and student. He was poetic in his nature and several beautiful poems were written by him. His was one of the most alert minds I have known. frail body weakened. At the end of four years pastorate at Lincoln, the presiding Bishop thought to rest him awhile by giving him an out-door work. He was placed on the Danville District where he won the hearts of all his men; but within three months to save him from the "white plague" the Bishop transferred him to Colorado. At Grand Junction he won, for such as he win the people. They loved him; did all that could be done for him. fought as a hero against the disease. The inevitable was seen. He ceased to "It is all right. It is the Master's will. I am ready. fight and smiling said: Lay my body in the cemetery at Urbana." Beautiful and eloquent words of appreciation and love were uttered by two of his most intimate preacher friends, Drs. R. H. Schuett and James C. Baker, while the lifeless form lay in We shall see him. Trinity's chancel. He lived. He lives.

Mrs. Tobie and the only child, Helen, returned to Grand Junction, Colorado, but their hearts will ever turn toward Urbana, the scenes of heroic struggles and eminent success, and the resting place of their beloved.

WM. H. WILDER.

#### MRS. E. D. WILKIN.

Mary E. McGahey was born in Crawford County, Illinois, November 25, 1831.

She spent her early years at her home near Palestine, where she was married to E. B. Hill in 1860.

They made their home in the old town of Palestine, where, near 1880, the husband and an only daughter died. She was married to Rev. E. D. Wilkin on March 11, 1884, and they were living at Lincoln at the time of his death, in 1895. After a few years she went to Long Beach, California, where she made her home till her death, on September 21, 1917.

Her body rests in the cemetery at that place.

She was a good, Christian woman, trained in the Presbyterian Church, and earnestly devoted to the cause of missions and the welfare of her home and the church.

#### CONFERENCE RULES.

- "1. The Conference shall meet at 8:15 o'clock a. m. and adjourn at 12 o'clock, noon, but may alter the time either of meeting or of adjournment at its pleasure. A recess of ten minutes shall be taken at 10:30 o'clock unless otherwise ordered by the Conference.
- "2. When a member is about to speak in debate or to deliver any matter to the Conference, he shall rise and respectfully address the president, but shall not proceed until recognized by him.
- "3. No member shall be interrupted when speaking, except by the president, to call him to order when he departs from the question, or uses personalities or disrespectful language; but any member may call the attention of the president to the subject when he deems a speaker out of order, and any member may explain when he thinks himself misrepresented.
- "4. When a member desires to speak to a question of privilege he shall briefly state the question; but it shall not be in order for him to proceed until the president shall have decided it a question of privilege. Questions of privilege are matters relating to the rights and welfare of the individual as a member of the whole body, and of such an imperative character as to justify the interruption of the regular order.

"It shall be the imperative duty of the president to require the member to state his question of privilege. This having been done the president shall decide whether it shall be allowed; and, if so, shall hold him closely to the subject.

"5. No person shall speak more than twice on the same question or more than ten minutes at one time without leave of the Conference; nor shall any person speak more than once until every member choosing to speak shall have spoken.

"Provided, however, that a committee making a report shall, through its chairman, or in case the chairman shall not be in harmony with the report, through one of its members selected by the committee or by the chairman, be entitled to ten minutes to close the debate, either to oppose the motion to lay the report on the table, or, this permission not having been used, to close the debate on the motion to adopt. The committee shall not be deprived of its right to close the debate even after the previous question has been ordered, and, when a report consisting of two or more propositions has a serious consideration, the chairman or representative of the committee shall be entitled to the same rights and privileges on each proposition thus decided separately as he would have if the report was considered as a unit.

- "6. No effective member of the Conference shall absent himself from the sessions of a Conference without leave, unless he is sick or unable to attend.
- "7. Resolutions shall be written and presented in duplicate by the mover. All motions shall be reduced to writing if the president, secretary or any member request it.
- "8. All written motions, reports and communications to the Conference shall be passed to the secretary to be read by him to the Conference.
- "9. When a motion is made and seconded, or a resolution introduced and seconded, or a report presented and read by the secretary or stated by the president it shall be deemed in possession of the Conference; but any motion

or resolution may be withdrawn by the mover at any time before amendment or decision.

- "10. The following motions shall be taken without debate: (1) To adjourn. (2) To suspend the rules. (3) To lay on the table. (4) To take from the table. (5) The call for the previous question.
- "11. No new motion or resolution shall be entertained until the one under consideration has been disposed of, but one or more of the following motions may be made, and they shall have precedence in the order in which they are placed, namely: (1) To fix the time to which the conference shall adjourn. (2) To adjourn. (3) To take a recess. (4) To lay on the table. (5) For the previous question. (6) To postpone to a given time. (7) To refer. (8) To substitute. (9) To amend. (10) To postpone indefinitely. The motion for the previous question can not be laid on the table.
- "12. Only one amendment to an amendment shall be in order but it shall then be in order to move a substitute for the main question, and one amendment to the substitute, and if a substitute is accepted, it shall replace the original proposition.
- "13. It shall be in order to move the previous question on any measure pending, except in cases in which character is involved; and, if sustained by a vote of two-thirds of those present and voting the question shall be taken; nevertheless, it shall be in order under this rule to move to refer, to recommit, to divide or to lay on the table after the previous question has been ordered, the vote being taken in every case without debate. It shall not be in order to move the previous question or to move to lay on the table at the close of a speech in which the pending question has been discussed.
- "14. On the call of a member a question shall be divided if it is divisible into distinct propositions.
- "15. The motion to adjourn spall be always in order except (1) when a member has the floor, (2) when a question is actually put or a vote is being taken, until finally decided, (3) when a question is pending on sustaining the demand for the previous question, (4) when the previous question has been called and sustained and action under it is still pending, (5) when a motion to adjourn has been negatived and no business or debate has intervened.
- "16. When any motion or resolution shall have been acted upon by the Conference, it shall be in order for any member who voted with the prevailing side to move a reconsideration; but a motion to reconsider a non-debatable motion shall be decided without debate.
- "17. The mover of any question or resolution, that shall in any way place a financial obligation on the Conference or any member of the Conference or any church in the territory of the Conference, shall introduce the same before the Conference at least twenty-four hours before a call for vote on the same, and he shall post a duplicate typewritten copy of the same in a conspicuous place at least twenty-four hours before a call for vote.
- "18. Every member who is within the bar at the time a question is put shall vote, unless the Conference for special reasons excuses him. No member shall be allowed to vote on any question who is not within the bar at the time when the question shall be put by the president, except by leave of the Conference when such member has been necessarily absent.
- "19. Voting shall be by the uplifted hand, but, on a division of the house, a count vote shall be taken, the members rising in their places and standing until counted. Votes may also be taken by ballot and by ayes and noes.
- "20. It shall be in order for any member to call for the ayes and noes on any question before the Conference, and if the call be sustained by members the vote shall be taken by ayes and noes. If not sustained, members, voting in the minority, if said minority is less than \_\_\_\_\_\_, may have their votes recorded by name.

- "21. The District Superintendents shall be a committee to prepare nominations for the standing committees of the Conference in advance of the Conference Session and present their nominations immediately following the organization of the Conference.

- "23. All requests for special appointment shall be referred to the Committee on Conference Relations.
- "24. The report of the committee on education shall be the order of the day at 10 o'clock a. m. on Saturday of each session of the Conference and all representations of educational institutions shall be made at that time.
- "25. The Statistical Secretary at each session shall appoint a person for each district whose duty it shall be to collect the statistical reports in the districts severally before the opening of the ensuing session and to report under the call for statistics the names of those charges in the several districts which have not presented their statistical reports. The call for statistics shall be made at the opening meeting of the Conference Session immediately following the organization of the Conference.
- "26. Each pastor in effective work shall contribute a sum equal to the amount of 1-10 of 1 per cent of his annual salary each year to a fund known as Secretarial Expense Fund, such fund to be applied as necessity requires to the purpose of securing expert accountants, or stenographers, or assistants to the Conference in any way.
- "27. In all matters not herein specified the proceedings of the Conference shall be governed by common parliamentary law.
- "28. These rules shall not be suspended except by a majority of all the members of the Conference."

IN the beginning Welch's the pure unfermented juice of Chautauqua Concords, was made to supply an unfermented juice for the sacrament. For more than forty years this "Fruit of the Vine" has so been used in churches of many denominations, with entire satisfaction.

Physicians and pure food authorities testify to the purity and healthfulness of Welch's. It is just the pure, unfermented juice of choicest Concords. Today you will find Welch's being used increasingly as a safe beverage in the home and where temperance drinks are sold.

Order through your Dealer, specifying Welch's. Sample 4-oz. bottle (price 10 cents) mailed on request.
