## 4 Words for New Churches

Betty and I were blessed this past Sunday morning to attend the New Beginnings Church in Clarkton, North Carolina. The church is only a few weeks old. It is pastored by the founding pastors—Anthony and Tonia Rich. There were 53 present and on a holiday weekend.

The service was powerful. The presence of the Lord was awesome. The pastor asked me to say a few words and to pray over the new youth pastor—Rev. Renee' Ellis and his wife Cindy. Four words were given me by the Lord. These words were creativity, innovation, truth and grace.

The words truth and grace come from John 1:14. Every church new and old needs to present Jesus who is full of grace and truth. These words contain the essence of the foundation of every true church. Every church should present the full truth of Jesus. This should be always in the context of grace. Every relationship with the Lord begins with understanding that He forgives sins.

Creativity and innovation speak to relevance. If churches are to reach individuals for Christ, it must be in a way that they can understand. The services must be full of diversity with each activity manifesting the presence of the Lord. Such diversities as blended music, drama, PowerPoint, etc. are common.

New Beginnings fit all these qualifications. People are being saved, the gospel is being preached, and lives are being changed. We give a hearty well done to Anthony and Tonia Rich. A praise the Lord to our heavenly father is in order. May the Lord give us many more such churches.

This is a new church and could use many items—chairs, nursery supplies, children's church materials, etc. Pastors, give Brother Rich a call. Things that you are not using could be a real blessing to New Beginnings. In fact this Saturday night, September 8th, several of the local churches are giving the church a "shower."
