You will find enclosed \$2.00 checks from Paul M. Johnson, James F. Miner, John I. Owen, and Charles N. Watmuff. My personal check in the amount of \$6.00 is for the student memberships for Henry G. Jimette, Richard E. Maurer, and James S. Terry.

The applications for these memberships were mailed recently to our WTS Secretary, Dr. Merne A. Harris. I asked if it was possible to process these as soon as possible in order that the WTS Journal might reach them before leaving the Seminary for the summer. The applications were mailed on May 6, and I have a letter from Merne stating that the Journals were being mailed. I sent a copy of my letter, addressed to Merne, to Dr. Paul P. Petticoard, Chairman of our Membership Committee, and he has concurred that this is more of a routine matter. He suggested that their membership dues should be sent to you immediately. This explains the enclosures.

A copy of this letter is being sent to Dr. Harris and Dr. Petticoard so that they will know the dues have been paid.

The seven students have informed me that the above addresses are good for the summer, and any acknowledgment, whether it comes from you or from Merne, will reach them at the above addresses.

Thank you for your letter of May 13. I do appreciate your opinion about the printing of the Journal. We can discuss it more fully at our Executive Meeting next Fall. Meantime, it is the consensus of the Executive Committee that the next issue should be printed by the Pilgrim Publishing House. I shall inform Professor Carter of this.

Cordially,
Bill
