

Ralph Thompson- 2

I am sure it would be somewhat more if it were done as separate jobs-that is say if we had one Journal done now and then another at a later time. They figure considerably better on larger jobs. In fact, I suspect that we could get even a better figure if we were to give them the three together-that is 1966 and 1967 for reprint, and 1971 also. But we can hardly wait until the 1971 is ready for ~~re~~ printing to do the 1966 and 1967, can we?

I have read all the papers for the 1971 Journal and edited them and sent them on to the other readers. If they hurry with them we may have them ready by first of 1971, or even earlier. Then they require a month for printing from the time the material is submitted. What do you think?

Fourth, do you want me to go ahead and have a new brochure done for the WTJ as we planned, or should we wait until the 1971 Journal is out? Of course we could have the brochure done now and include the 1971 Journal with it except for a picture of it. Would we in that case advertise the six Journals together at \$3.60 or \$3.50 instead of the five at \$3.00, or how should we do this. I suppose we can sell the 1971 Journal at the same price as the others- ~~1.00~~, or 60 cts. in lots of five or more. Let me know your thoughts in this please. W

You did receive my last order for 10 sets of the WTJ I believe. I have not yet received them.

Cordially yours in Christ

Chas. W. Carter

P.S. It is now settled that I shall spend January in Barbados during which time I shall lecture, or teach, two courses- 3 hours in Christian Ethics and 1 hour in the Book of Acts. I shall have the entire student body of the Barbados Wesleyan Bible College, plus the faculty, some missionaries and pastors of the area in my classes. I think Mrs. ~~e~~ Carter will accompany me. I should be busy, along with Sunday preaching. I shall return for the second semester at Taylor about February 1. I look forward to this experience. They say it is wonderful in Barbados. Your prayers will be appreciated. I expect to have the 1971 WTJ- CWC off hand before I leave.

I am sure it would be appreciated if you could send me a copy of the journal for the year 1957. I have not received it yet. I am sure it would be appreciated if you could send me a copy of the journal for the year 1957. I have not received it yet.

I have read all the papers for the 1957 Journal and will pass the same on to the other readers. It may be necessary to order a few more copies of the journal for the year 1957. I have not received it yet.
